STATEMENTS, PETITIONS OR QUESTIONS RELATING TO THE BUSINESS OF  
THIS MEETING**

The Chair informed the meeting that the Members of the Panel had received a number of statements about Warm Water Pools.

The Chair invited Alexander Jones Grech, Susan Charles and Susan Smith to read out their statements. All three speakers presented their views on benefits from the Warm Water Pools provision. Speakers also asked the Panel to support their suggestion for a provision of the Warm Water Pools.

The Chair informed the meeting that all statements submitted to the Panel would be placed on the Minute Book at Democratic Services, and all of these statements would be forwarded to the relevant Cabinet Member for consideration.

The Chair asked Jack Latkovic (Senior Democratic Services Officer) to read out a briefing note from the Council in terms of the Warm Water Pools provision.

Statement from the Council:

### **'Warm Water Exercise group – Briefing Note**

The Council is looking at a range of options – including accessible teaching pools – as it seeks to modernise its leisure facilities, this is supported by the 'Fit for Life' Strategy.

The Council and the CCG will be working closely to ensure that the new leisure contract provides the best possible service for local people and supports them to live healthy lifestyles.

It is important to clarify that the provision of warm water swimming facilities is not the same as the provision of hydrotherapy services which is a specialist health service provided from appropriately equipped, specialist facilities and funded by the CCG.

The Council's objective is to provide accessible leisure facilities, rather than specialist health services, for which there is advice and guidance on best practice produced by Sport England in their 'Accessible Sports Facilities Design Guidance Note. (<http://www.sportengland.org/media/30246/Accessible-Sports-Facilities-2010.pdf>)

The Council appreciates comments from the public as it continues to develop plans for delivering these options through dialogue with potential contractors as part of the procurement process for the new leisure contract. This contract will be awarded in January 2015, with a contract start date of July 2015.'

Members of the Panel asked speakers some factual questions to which they gave their answers.

Members of the Panel also asked some technical questions in terms of the actual provision. Jack Latkovic suggested that Members could contact Sports and Active Team Business Development Manager directly with their queries.

## **25 MINUTES OF PREVIOUS MEETINGS**

The Panel confirmed the minutes of the previous two meetings as true records and they were duly signed by the Chair.

## **26 CABINET MEMBER UPDATE (10 MINUTES)**

The Panel noted the update (attached to these minutes as an appendix).

## 27 ANTI-SOCIAL BEHAVIOUR, CRIME AND POLICING ACT- UPDATE ON NEW TOOLS AND POWERS (20 MINUTES)

The Chair invited Andy Thomas (Group Manager for Partnership Delivery) to introduce the report.

The Chair commented that the new ASB, Crime and Policing Act tools and powers had been an important development and the Panel should monitor its progress.

Councillor Appleyard commented that the public would welcome new powers though they would want to know at what point Community Trigger could be activated. The community would also need to understand what the level of tolerance was.

Councillor Anketell-Jones queried which powers the Council would have most interest in.

Andy Thomas replied that there had been an ongoing discussion in terms of the level of tolerance. The Community Trigger would be activated if a certain threshold has been passed. This varies from place to place but the Home Office have suggested that, at a minimum, it can be activated if:

- We have reported a number (vary from area) of separate incidents of anti-social behaviour and not received a satisfactory response; or
- A number (vary from area) of individuals in the local community have reported similar incidents of ASB and are dissatisfied with the response.

Andy Thomas suggested that the Panel should consider setting up a Task & Finish Group on this subject.

The Panel also heard from officers on a successful pilot which had been happening in Mendip.

Members of the Panel discussed on what part Registered Social Landlords (RSLs) would play with the new tools and powers; what steps victims should take; and who would be the lead contact.

Members of the Panel agreed that these issues should be included in the review from the Task & Finish Group.

It was **RESOLVED** to note the report and to consider establishment of a Task and Finish Group of Panel members to examine in full the implications of these new powers for the Council and its partners, including the issues raised in the debate.

## 28 STRATEGIC RIVER GROUP (15 MINUTES)

The Chair invited Mark Minkley (Team Leader for Environment) to introduce the report.

Mark Minkley informed the Panel that the Cabinet, at its meeting on 6th June, approved the River Corridor Fund of £340K, which included identified edge protection safety works at Widcombe.

Members of the Panel debated this matter and commented that the Panel would want a further update on this matter in six months' time.

The Panel requested that these issues be included in the next update:

- Position of the Scrutiny within the whole process – the Panel felt that Scrutiny should have more prominent role.
- Community Safety – an update either from River Safety Group or Strategic River Group
- Point of contact – Panel felt that the public might be confused if there have been many points of contacts
- Flooding issues
- What is the exact role of River Co-ordinator?
- Environment and how the river could contribute towards Energy Strategy.

The Panel welcomed the creation of the Strategic River Group by saying that the group would contribute towards culture and events in the area.

It was **RESOLVED** to receive a further update in six months' time. The update should include issues raised by the Panel in their debate.

## **29 BATH WORLD HERITAGE SITE: UPDATE (20 MINUTES)**

The Chair invited Tony Crouch (World Heritage Manager) to introduce the report.

Members of the Panel welcomed the report and commended the forthcoming revision of the World Heritage Site Management Plan, the work of the World Heritage Enhancement Fund grant scheme and progress of the 'Great Spas of Europe' project.

Members of the Panel also welcomed that the World Heritage Team had been working proactively with other organisations and services.

It was **RESOLVED** to note the report.

A sharp north east wind which has frozen the river so hard the people have walked over it in great numbers for 3 days past".

Bath & North East Somerset Council		
MEETING	Economic and Community Development Policy Development & Scrutiny Panel	
MEETING	25 September 2014	
TITLE:	Community Safety: Safe Places Scheme (formerly Community Safety Zones) update	
WARD:	All	
AN OPEN PUBLIC ITEM		
List of attachments to this report:		

## **1 THE ISSUE**

- 1.1 The report updates the Panel on the 'Safe Places Scheme' – formerly known as 'Community Safety Zones' for adults with learning disabilities. The report has been prepared by Yoursay Advocacy.

## **2 RECOMMENDATION**

- 2.1 That the Panel receive the report
- 2.2 That the Panel identify any questions arising from the report

## **3 RESOURCE IMPLICATIONS (FINANCE, PROPERTY, PEOPLE)**

- 3.1 There are no direct financial implications for the Council arising from this update report.

## **4 STATUTORY CONSIDERATIONS AND BASIS FOR PROPOSAL**

- 4.1 Relevant considerations include equalities, crime & disorder and human rights.

## **5 THE REPORT**

- 5.1 In 2006 Bath and North East Somerset commissioned Your Say Advocacy to support adults with a learning disability to come together to have a more significant collective voice in their community. These groups became known as the B&NES Networks for people with learning disabilities. Very early on it was

established that one of the key factors affecting the lives of people with learning disabilities was the fear of Hate Crime when out and about in the community.

- 5.2 As a result the Networks sought to find ways to support people with learning disabilities who wanted to feel safer when out and about and began working with local Police. We also started to chart the experiences of people with learning disabilities experiencing Hate Crime. Well over half of the people we spoke to with learning disabilities had experienced Hate Crime at some time both of quite a low level and or a more serious nature – but few ever reported it to the Police. For many people with learning disabilities this was a regular feature of their life.
- 5.3 In 2007 Network members went off to Sheffield to a conference for people with learning disabilities about Hate Crime and we came back with the idea of Community Safety Zones – safe venues across the community where people with learning disabilities can go if they feel afraid or experience Hate Crime when out in the community – somewhere where staff will have had some training, can help the individual report their experience and assist them in getting home safely. From 2007 – 2013 we worked with lots of partners across B&NES to set up Community Safety Zones across Midsomer Norton and Radstock, Keynsham and central Bath.
- 5.4 In 2013 Avon and Somerset Police sought to set up ‘Safe Places’ force wide – essentially the model of the ‘Community Safety Zones’ - we happily shared with the Police our resources and experiences and supported them in the production of accessible information and resources. This was a great endorsement of the Community Safety Zone project and lent the weight of the Police to the project – it also means that people with learning disabilities can now travel across the whole of Avon and Somerset and know that they can have the same confidence that there is somewhere safe to go if they have a negative experience.
- 5.5 The Network had the option to retain the name Community Safety Zones as they were familiar with this, but chose to use the new name of ‘Safe Places’ and have re-branded all their information here in B&NES. This has been quite a big job and has meant re-visiting all the Community Safety Zones to check they are all happy to continue to be places that are willing to support people with learning disabilities in this way.
- 5.6 From the end of 2013 and throughout 2014 Network members and the Police have been working together to extend the network of Safe Places across B&NES and are really pleased that we have now been able to add Twerton, Odd Down and Snow Hill to the places which are well supported by Safe Places.
- 5.7 We now have a significant number of Safe Places across Bath and North East Somerset and whilst we still have some work to do to make sure we have all areas covered we are really happy with the work that has been achieved so far.

## **6 CONSULTATION**

- 6.1 None undertaken in this report

## **7 RISK MANAGEMENT**
