

COMMUNITY ASSETS TRANSFER PROGRAMME UPDATE

BACKGROUND

The Council agreed a programme of potential Community Asset Transfers in 2013/2014 to help communities tackle the local issues of importance to them and achieve some or all of the following benefits:

- i. **Better community outcomes**- by releasing an organisation from its liabilities to the Council it can grow its work in the community. The Quirk Review noted that the crucial driver for asset transfer is not the disposal of assets per se but the empowerment of communities; any approach to community assets must therefore be seen in the context of the Council's aim to be an open and engaging Council that empowers communities and works in partnership with a range of public, private and voluntary organisations.
- ii. **Better Value for Money** – cutting costs through new, localised ways of working and involvement of volunteers as well as drawing in more resources, for example from parish councils.
- iii. **Greater support for our voluntary and community sector**- with opportunities for long-term planning by the community organisation involved in the building, including the ability to draw down external investment as well as greater freedom to tailor services to need. This support for local community organisations is urgent in the current climate and can make a real difference to long-run viability.
