

Review Title: Alcohol Harm Reduction
Policy Development & Scrutiny Panel: A joint review by ECD, EYCY, PTE and Wellbeing PDS Panels led by Cllr Brett, and reporting to Wellbeing PDS Panel
Panel Chair and Vice Chair: Cllr Pritchard and Cllr Beath
Policy Development & Scrutiny Project Officer: Emma Bagley / Liz Richardson
Supporting Service Officer: Cathy McMahon, Sue Dicks, Andrew Jones and Kate Murphy

Process for Tracking PD&S Recommendations - Guidance note for Cabinet Members

The enclosed table lists all the recommendations arising from the above Policy Development & Scrutiny Review. Individual recommendations are referred to the relevant named Cabinet Members (or whole Cabinet in the case of a whole Cabinet referral) as listed in the '**Cabinet Member**' column of the table. Cabinet members are requested to seek help from your relevant service Officers within your portfolio to help complete the Rationale for your response. A copy of this has also been forwarded to your appropriate Lead Officer. In order to provide the PD&S Panel with a Cabinet response on each recommendation, the named Cabinet member (or whole Cabinet) is asked to complete the last 3 columns of the table as follows:

Decision Response

The Cabinet has the following options:

- **Accept** the Panel's recommendation
- **Reject** the Panel's recommendation
- **Defer** a decision on the recommendation because a response cannot be given at this time. This could be because the recommendation needs to be considered in light of a future Cabinet decision, imminent legislation, relevant strategy development or budget considerations, etc.

Implementation Date

- For 'Accept' decision responses, give the date that the recommendation will be implemented.
- For 'Defer' decision responses, give the date that the recommendation will be reconsidered.
- For 'Reject' decisions this is not applicable so write n/a

Rationale

Use this space to explain the rationale for your decision response and implementation date. For accepted recommendations, please give details of how they will be implemented.

Alcohol harm reduction review: Recommendations

Recommendation	Cabinet Member	Decision Response	Implementation Date	Rationale
<p><u>More education programmes that encourage a voluntary shift in attitude to alcohol</u></p> <p>1 To continue working in partnership with commissioned and statutory service providers to deliver a long-term education programme for professionals, parents and young people on the causes and effects of alcohol harm. In particular, develop targeted education programmes for specific vulnerable groups, including:</p> <ul style="list-style-type: none"> a. younger children by encouraging schools to start introducing topics sensitively from primary school age; b. young people by encouraging schools to facilitate further work through Personal Social Health Education. To help facilitate this work it will be important to have a better knowledge of the causes of self-harm through alcohol use. To commission a piece of work that extends current knowledge and builds on previous SHEU evidence. This work to report back to the Wellbeing / EYCY Panel; c. older 'working age' and over 65s by supporting current initiatives of public protection; and 	Cllr Allen / Cllr Romero	<p>a.Accept</p> <p>b.Accept</p> <p>c. Accept</p>	<p>Ongoing</p> <p>Ongoing</p> <p>April 2014 onwards</p>	<p>Vital part of primary PSHE (making healthy choices , avoiding risk, understanding effects of alcohol , knowing basic laws) Linked to DPH Award</p> <p>Targeted work as directed by the SHEU survey , to be discussed and planned at Young People's Substance Misuse Group. Needs to be linked to self-esteem and looked at in terms of gender / pupil premium . Also introduce "Drinkthink Tool " to Sixth Forms in B&NES Schools</p> <p>Public Health Workplace Wellbeing Charter is the holistic framework that is</p>

Alcohol Harm Reduction Review PDS Cabinet Response Table

d. parents by public health working together with schools. (EYCY / Wellbeing)		d. Accept	Ongoing	<p>currently commissioned as the mechanism for engaging with workplaces on health issues. Proposal for Council to pilot this approach to promoting staff wellbeing. In addition campaigns to promote sensible drinking amongst adults and training for professionals will be co-ordinated via Alcohol Harm Reduction Steering Group within existing resource.</p> <p>To be discussed and planned at Young People's Substance Misuse Group</p>
<p><u>Improved and more frequent alcohol screening mechanisms</u></p> <p>2 (A) Develop and implement a quick screening method within front line services (including primary care such as pharmacies and waiting rooms - although potential scope for acute settings too). (B) Build on the existing AUDIT tool by exploring a potential 'app', scratch cards, themed bar mats or self-assessment pro-forma. (Wellbeing)</p>	Cllr Allen	<p>(A) Defer</p> <p>(B) Accept</p>	Nov 14	<p>(A) Business case to be drawn up for further investment in primary care /pharmacy to undertake screening for target populations</p> <p>(B) Increased social marketing around alcohol issues will support Rec 1c above. Align launch with Alcohol Awareness Week Nov 14</p>
<p><u>Targeted interventions that deal with adverse effects of alcohol</u></p> <p>3.1 Build on in-situ interventions and street treatments in order to tackle isolated instances of inebriation in the night time economy. Support the ACPO initiative of 'drunk-tanks', and express an interest in hosting a pilot service in B&NES. (Wellbeing)</p> <p>3.2 To provide 'wet house' supported</p>	Cllr Allen	<p>3.1 Reject</p> <p>3.2 Defer</p>	<p>March 15</p>	<p>Current evidence regarding incidents in the NTE does not support need for drunk tanks. Approach does not encourage individual responsibility or culture change. We will continue to monitor local NTE data and national initiatives.</p> <p>B&NES Council Public Health & Drug and Alcohol team are currently working</p>

Alcohol Harm Reduction Review PDS Cabinet Response Table

<p>accommodation for patients requiring longer term health and social care rehabilitation or interventions. This recommendation to be implemented where there is the demand and an evidence base for this (Wellbeing)</p> <p>4 Encourage improved workplace health by developing a simple toolkit that local employers can use in the workplace. This initiative seeks to raise awareness about alcohol use in employees and colleagues. (Wellbeing)</p>		4. Accept	Ongoing	<p>with Alcohol Concern and other partnerships across the country to explore approaches to working with 'treatment resistant drinkers'. This work will provide a range of options for working with this group that partners can consider, some of which may be suitable for new funding models like Social Impact Bonds.</p> <p>See 1c above re; Workplace Wellbeing Charter model</p>
<p><u>Greater emphasis on prevention of alcohol harm through national policy</u></p> <p>5 Health to be embedded as an alcohol licensing objective. The government to be lobbied about incorporating this into licensing legislation via the LGA. (PTE)</p>	Cllr Dixon	Accept	March 2014	Cllr Dixon accepts this recommendation. Licensing will work with Public Health to draft submission for the leader to send.
<p><u>A local licensing policy that considers a broader range of issues and impacts</u></p> <p>6 Refresh the B&NES licensing policy to acknowledge prevention of alcohol harm with such inclusions as:</p> <p>a. Incorporate health into licensing policy at a local level;</p>	Cllr Dixon	a) Accept	July 2014	a) Yes – could be included in consultation on new policy (Spring 2014). Licensing Officers already researching other areas of good practice.

<p>b. A vision of what B&NES' night time economy will look like (including an overview of cultural expectations). This high-level vision to be supplemented by district level aspirations (such as Bath, Keynsham, Midsomer Norton, Radstock etc.);</p> <p>c. Early Morning Restriction Orders in areas based on resident demand;</p> <p>d. Appraisal of Cumulative Impact (CI) zones;</p> <p>e. Consideration of 'dry streets' where a community wishes to exclude licensed alcohol traders completely; and</p> <p>f. The option of including a condition in a license around minimum unit pricing, high strength alcohol restrictions and/or irresponsible promotions where the evidence suggests this would be appropriate. (PTE/ ECD)</p>		<p>b) Accept</p> <p>c) Reject</p> <p>d) Accept</p> <p>e) Reject</p> <p>f) Accept</p>	<p>New Policy on forward plan. Currently July 2014.</p> <p>d) No details on timescales yet.</p> <p>f) July 2014</p>	<p>b) Key elements would fit in strategy and could certainly be supported in an introduction to policy. Suggest area/district aspirations should be treated in a similar manner. Clear links between strategy and policy to be re-inforced through this. Date of Policy to Council may slip owing to consultation length</p> <p>c) Requires an evidence base to progress and formal consultation process. There is a very clear statutory requirement to demonstrate the need. (Likely resource requirement 1 x 1.0 FTE for 6 months).</p> <p>d) Already in train Jon Poole and Natalia Urry (Policy and Strategy) are researching.</p> <p>e) Insufficient information and evidence.</p> <p>f) Yes – could be included in consultation on new policy. Could be based on Newcastle and/or Wakefield model.</p>
---	--	---	--	--

<p><u>More accessible training that emphasises issues and effects of alcohol harm</u></p> <p>7.1 Establish and deliver a local Best Bar None training scheme for trade staff. (PTE)</p> <p>7.2 B&NES to express an interest in applying a business rate rebate to those premises successfully participating in the Best Bar None scheme. (PTE)</p>	<p>Cllr Dixon</p> <p>Cllr Bellotti</p>	<p>7.1 Defer (Resource required)</p> <p>Reject</p>		<p>Model exists. Would need resource to take forward. Likely to require 1 x 1.0 FTE for 6 months and thereafter 1 day per week.</p> <p>All local authorities were given discretionary powers to remit business rates in the Localism Act. A rebate should be in the interest of local council tax payers. It would be wholly funded by the council.</p> <p>There would be some administrative costs depending on the nature of the scheme as there would need to be manual reports and inputs. There are 382 properties which could be effected and this does not include any shops. A 5% discount on business rates would cost the Council £558k per annum.</p> <p>The suggestion is therefore rejected on grounds of loss of income to the Council, administrative costs and it would be selecting one business sector for special treatment above others.</p>
<p><u>Improved engagement at local level though more positive and proactive information sharing and publicity</u></p> <p>8 Improve the information available to residents about making complaints and contributing to licensing reviews.</p>	<p>Cllr Dixon</p>	<p>8) Accept</p>	<p>Sept 2014</p>	<p>a) Recommend becomes part of Customer Services workstream project (improving information for customers).</p>

Alcohol Harm Reduction Review PDS Cabinet Response Table

<p>Refresh existing information about licensing contacts and processes in the B&NES Connect magazine and on the B&NES website.</p> <p>Consider a 24hr answerphone line to gather evidence from residents about licensing concerns. Promote a direct telephone line within licenced premises if a customer wants to raise a concern or report issues. (PTE)</p>		<p>Accept</p> <p>Defer</p>	<p>Sept 2014</p>	<p>b) As above</p> <p>Needs consideration as to whether this is part of the wider “report it” customer services workstream which is aiming to simplify the reporting process and reduce telephone lines into Council for customer contacts. Not just an issue for licensed premises – applies to other issues.</p>
<p><u>Communities that are safer from alcohol harm</u></p> <p>9.1 Build on existing work to prevent anti -social behaviour. Contain early issues through strong and clear enforcement presence in B&NES. Continue existing measures such as street marshals and police presence in ‘hot spots’; as well as appropriate licensing enforcement action. Encourage greater information sharing between the police and council (e.g.101 and street marshal data) to guide enforcement. (PTE/ECD)</p> <p>9.2 Extend existing initiatives, or foster new approaches in encouraging collective working between all alcohol traders (both on and off-trade). Encourage communication between businesses to allow them to work together optimally and, take a firm approach on sale of alcohol to people inebriated (legislation places licensees responsible for selling alcohol in this manner). (PTE/ECD)</p>	<p>Cllr Dixon</p> <p>Cllr Dixon / Cllr Stevens</p>	<p>Reject</p> <p>Defer</p>		<p>Refer to Police Crime Commissioner</p> <p>Links to Best Bar None initiative and training for Licencees and staff. Resource implications.</p>

<p><u>Communities that are safer from outcomes of alcohol harm</u></p>	<p>Cllr Dixon</p>			
<p>10.1 Encourage more integrated community safety work by rolling out further Community Alcohol Partnerships (CAPs) where underage drinking is a problem and residents want a CAP. (ECD)</p>		<p>Reject</p>		<p>Community Safety is now a role for the Police Crime Commissioner.</p>
<p>10.2 Tackle alcohol-fuelled domestic violence and abuse by exploring ways of introducing a CAP style model of integrated working across B&NES.</p>		<p>Reject</p>		<p>Models already in place via the Multi-agency risk assessment conference (MARAC) ,safeguarding board and connecting families. Integrated Victim Service (PCC) includes domestic violence.</p>
<p>To develop existing work by the council as part of the public service transformation network. Funding could potentially be earmarked through the community budget that covers this area of work. (ECD)</p>		<p>Reject</p>		<p>There is now a twice yearly meeting being set up of the AG/LSAB/LSBC/HWB and Police and Crime Commissioner to ensure that Strategy of all the above groups is aligned</p> <p>DV Community Budget work is underway led by Andy Thomas through the PSTN and H&W</p>
