Single Member Cabinet Decision

Executive Forward Plan Reference

E2677

Naming of Streets in Keynsham Redevelopment Site

Decision maker/s	Cllr Katie Hall
The Issue	The Developer decides on names of streets and in this case the Council is Developer when acting in that capacity.
Decision Date	7-Jul-14
The decision	The Cabinet Member decides not to object
Rationale for decision	The Developer found names put forward as part of the public consultation unacceptable and has therefore proposed a single name for the street created as part of the new development. In light of the concerns expressed about the Developers choice of name it is necessary for a decision to be made on whether to object to the proposal. Having given consideration to the consultation responses, the Cabinet member has decided that there is no ground for objection against the proposal.
Financial and budget implications	None
Other options considered	The options available were to object or not object to the name 'Market Walk'
