| Youth Justice Plan 2022-23 | | |

1 THE ISSUE

- 1.1 The Local Authority has a statutory duty, in partnership with Health, Police and Probation, to produce an annual Youth Justice Plan. The Plan sets out how services are to be organised and funded and what functions they will carry out to prevent youth offending and re-offending across Bath and North East Somerset. The Plan is presented to Cabinet and then Council for approval and is submitted to the national Youth Justice Board (YJB).

2 RECOMMENDATION

- 2.1 The Panel is asked to note and comment on plans for delivery of youth justice services in the year ahead.

3 THE REPORT

- 3.1 The principal, statutory aim of the youth justice system is to prevent youth offending by 10-17 year olds. The Youth Justice Plan includes the latest performance indicators for work with children at risk of offending and re-offending and sets out how services will be resourced and delivered in 2022-23.
- 3.2 Actions in the work plan will help to make Bath and North East Somerset a safer place and support children to lead crime-free lives with better prospects for their futures.
- 3.3 The draft Youth Justice Plan 2022-23 is attached as an appendix to this report.

4 STATUTORY CONSIDERATIONS

- 4.1 Preparation of a Youth Justice Plan is required under Section 40 of the Crime and Disorder Act 1998. The national Youth Justice Board for England and Wales has published guidelines for its completion and submission.
- 4.2 All work with children at risk of offending or re-offending takes full account of their status as children before their status as potential offenders and prioritises safeguarding them within their communities as well as in their family settings.

5 RESOURCE IMPLICATIONS (FINANCE, PROPERTY, PEOPLE)

- 5.1 The Council is the lead partner in the multi-agency arrangements to prevent youth offending, working closely with Police, Probation and Health services. All partners participate in responsibility for resourcing the Youth Offending Service. The Council makes the greatest contribution, together with significant in-kind support including access to buildings and finance, IT and human resources support. In 2022-23, the Council will contribute £425,192 for staffing and to the pooled budget, as part of a total budget of £775,263.¹ This represents a small reduction of £1,249 resulting from additional contributions to national insurance and salary increases and reductions for salary turnover, as allocated to all budgets. The contribution is within the existing Council approved budget.
- 5.2 The work of the Service also depends on a core national grant from the Ministry of Justice, via the Youth Justice Board. At the time of preparing this report, the grant allocation was still awaiting Ministerial sign off but commitment has been given that the YJB grant will not reduce from last year, and it has been suggested there may be an increase. Additionally, the Ministry of Justice delegates funding via the Youth Custody Service, to pay for secure remand places for children, when needed; this amount has not been announced yet, either. The Police and Crime Commissioner's direct contribution continues to be £10,217.
- 5.3 Submission of a Youth Justice Plan and quarterly data returns are conditions for receipt of the Youth Justice Board grant.

6 RISK MANAGEMENT

- 6.1 A risk assessment related to the issue and recommendations has been undertaken, in compliance with the Council's decision making risk management guidance.
- 6.2 A summary of challenges and risks is contained within the Youth Justice Plan.

7 EQUALITIES

- 7.1 An Equalities Impact Assessment has been undertaken and it has confirmed workstreams already identified within the Youth Justice Plan including:
- addressing disproportionality amongst children from Black, Asian and Minority Ethnic backgrounds and children with Special Educational Needs
 - enquiring into the reducing number of girls entering the youth justice system and whether the needs of girls who have offended are being met

¹ Contributions from Probation, Health and the YJB are yet to be confirmed but the total budget will be no lower than this, which is based on 2021-22.

- increasing the proportion of staff who have had relevant in-year training.

8 CLIMATE CHANGE

8.1 A number of children who work with the Youth Offending Service undertake community reparation projects to help develop their understanding of the harm they have caused others and to make indirect amends. These projects include working with local organisations which improve the environment and animal welfare, and working on the Service's own allotment. This work helps improve the environment and may make a small contribution to the achievement of carbon neutrality by 2030.

9 OTHER OPTIONS CONSIDERED

9.1 None

10 CONSULTATION

10.1 This report will be submitted for approval by the Section 151 Officer and Monitoring Officer.

10.2 The Youth Justice Plan draws on feedback from children who worked with the Youth Offending Service during 2021, and from their parents/carers.

10.3 The Plan has been consulted with the Youth Offending Service Management Board and members of the Youth Offending Service itself. Feedback from the Custody Review Panel has been incorporated.
