

**QUESTIONS TO BE ASKED OF EXECUTIVE
COUNCILLORS AT THE COUNCIL EXECUTIVE
MEETING 2nd MARCH 2005**

1. Question from Cllr Caroline Roberts

Would the Executive member join me in publicly thanking the RUH for their contribution of £15,000 towards parking and safety measures in the residential roads surrounding the hospital? Would he also join me in thanking the members of the hospital's Facilities Consultative Committee, (which includes members from within the hospital, local residents from Newbridge ward, as well as local councillors), and our council officers who have worked on this issue, who have through pressure and negotiation over a number of years managed to secure this contribution from the RUH?

Answer by Executive Councillor Sir Elgar Jenkins

Yes. This has been a good example of us all working together.

Supplementary question

Can the Executive Member give me an assurance that the funding will be allocated for the correct purpose, and directed to ease the problems of the residents most affected for the longest period?

Answer by Executive Councillor Sir Elgar Jenkins

I will seek to do so.
