The kings arms  
1 Monmouth pl  
Bath  
BA1 2AT

I would like to hand in this petition on behalf of myself and the people who have signed it, the kings arms has been doing free live music for almost 30 years , we only do music on a Friday and Saturday night and it is always finished by 11pm.

The pub is very much a city centre community pub in which many people from many different walks of life have enjoyed over the years. My customers range in age , but are mainly over 35 and don't like the city centre chain pubs that we have in town

Environmental health have recently served the pub with an abatement order because 1 neighbour has complained , they will not let me know anything about the complainant or even where they live. ( I feel that this is very unfair ) . I have been doing everything that I can to try and solve the problem , but this is very difficult when im not allowed to know in what direction the complaint is coming from.

As you can imagine this is having a big impact on my business and on so many people who like to come and listen to the local bands that play here.

As you are aware this is a very difficult time for any small business let alone pubs in general, and I feel that having this order against me is going to lead to myself losing my lively hood ( that I have put my life into for the last 11 years ) as well as my family home .

Thank you for taking the time to listen ...
