E3270 Specialist Mental Health Care and Support for Adults (18-64) (WL)

Cabinet Member for Adult Services

Author/Contact: Lucy Kitchener

Free to Decide: Not before 13th Mar 2021

This item relates to the commissioning of the following specialist services for adults with complex mental ill health aged 18-64:

- Independence at home services (home / domiciliary care, outreach, floating support)
- Supported living (any scheme where housing, support and sometimes care services are provided as an integrated package)
- Specialist residential care homes.

Our recommendation is to undertake a procurement exercise in order to identify a partner (or more than one partner) to work with us (and each other) to develop a whole system approach to the commissioning of the services in scope. Our goal is to form a consortium.

The recommended procurement is a key action in our draft strategic mental health commissioning intentions and will ensure good alignment with the transformation of community mental health services moving forwards.
