E3503 Radstock Children's Centre - Lease Proposal to Youth Connect South West ((WL)

Cabinet Member for Economic and Cultural Sustainable Development

Author/Contact: Hayley Ponsford

Free to Decide: Not before 13th Jan 2024

The Radstock Children's Centre is currently let to Youth Connect South West. It was previously proposed that the building be sold to fund Hope House Children's Centre. However, that project was completed without the need for the sale proceeds. Youth Connect South West have expressed an interest in leasing the building so that they can continue to deliver their services. The building is also part of the proposed regeneration area and so retention is preferable to maintain flexibility over future development proposals.

The Department for Science, Innovation and Technology (DSIT) put out an Open Networks Ecosystem (ONE) funding call in March 2023. The ONE fund was developed in order to tackle key barriers to the adoption of open mobile networks: with trials in areas of high demand, and to allow for development of new Open Radio Access Network (Open RAN) software and hardware solutions to improve performance of these networks.

The ONE WORD 5G Mobile Network Pilot aims to improve connectivity and boost the local economy as a result of providing a new cutting-edge mobile network directly in the historic centre of Bath.
