

Bath & North East Somerset Council		
MEETING:	Development Control Committee	
MEETING DATE:	18 January 2011	AGENDA ITEM NUMBER
TITLE:	Quarterly Performance Report – Jul – Sept 2011	
WARD:	ALL	
AN OPEN PUBLIC ITEM		
List of attachments to this report:		
None		

1 THE ISSUE

- 1.1 At the request of Members and as part of our on-going commitment to making service improvements, this report provides Members with performance information across a range of activities within the Development Management function. This report covers the period from 1st July – 30th Sept 2011. ***Please note - comparative planning application statistical data with neighbouring authorities is no longer published quarterly by the Department for Communities and Local Government and thus has been removed from this report.***

2 RECOMMENDATION

- 2.1 Members are asked to note the contents of the performance report.

3 THE REPORT

3.1 Commentary

Members' attention is drawn to the fact that as shown in **Table 1** below, performance on 'Major' was below government target during July - Sept 2011. 'Minor' and 'Other' were above target, both an improvement on the previous two quarters.

Performance on determining 'Major' applications within 13 weeks fell to 36% during July - Sept 2011. Performance on determining 'Minor' applications within 8 weeks rose from 72% to 73%. Performance on 'Other' applications within the same target time of 8 weeks increased from 75% to 82%.

Table 1 - Comparison of applications determined within target times

Government target for National Indicator 157	B&NES Jan - Mar 2011	B&NES Apr - Jun 2011	B&NES Jul - Sept 2011	
'Major' applications 60%	9/22 (41%)	11/12 (92%)	4/11 (36%)	
'Minor' applications 65%	92/137 (67%)	88/122 (72%)	116/159 (73%)	
'Other' applications 80%	243/357 (68%)	268/355 (75%)	334/409 (82%)	

Note: An explanation of 'Major', 'Minor' and 'Other' categories are set out below.

'LARGE-SCALE MAJOR' DEVELOPMENTS – Decisions to be made within 13 weeks

- Residential – 200 or more dwellings or site area of 4Ha or more
- Other Land Uses – Floor space of more than 10,000 sq. metres or site area of more than 2Ha
- Changes of Use (including change of use or subdivision to form residential units) – criteria as above apply

'SMALL-SCALE MAJOR' DEVELOPMENTS – Decisions to be made within 13 weeks

- Residential – 10-199 dwellings or site area of 0.5Ha and less than 4Ha
- Other Land Uses – Floor space 1,000 sq. metres and 9,999 sq. metres or site area of 1Ha and less than 2Ha
- Changes of Use (including change of use or subdivision to form residential units) – criteria as above apply

'MINOR' DEVELOPMENTS – Decisions to be made within 8 weeks

- Residential – Up to 9 dwellings or site up to 0.5 Ha
- Other Land Uses – Floor space less than 1000 sq. metres or site less than 1 Ha

'OTHER' DEVELOPMENTS – Decisions to be made within 8 weeks

- Mineral handling applications (not County Matter applications)
- Changes of Use – All non-Major Changes of Use
- Householder Application (i.e. within the curtilage of an existing dwelling)
- Advertisement Consent
- Listed Building Consent
- Conservation Area Consent
- Certificate of Lawfulness
- Notifications

Table 2 - Recent planning application performance statistics

Application nos.	2010/11				2011/12			
	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
On hand at start	576	544	562	478	496	550		
Received	601	629	499	577	601	605		
Withdrawn	59	56	36	43	57	68		
Determined	575	555	547	516	489	579		
On hand at end	542	562	478	496	551	508		
Delegated	557	528	520	502	477	564		
% Delegated	96.8	95.1	95.0	97.2	97.5	97.4		
Refused	99	81	99	71	63	93		
% Refused	17.2	14.5	18.0	13.7	12.8	16.0		

Table 2 above shows numbers and percentages of applications received, determined, together with details of delegated levels and refusal rates.

Due to seasonal variation, quarterly figures in this report are compared with the corresponding quarter in the previous year. During the last three months, the number of new applications received and made valid has fallen by 4% when compared with the corresponding quarter last year. This figure is 2% down on the same period two years ago, and 4% down on three years ago. Planning applications received and made valid have fallen by 3% in the last four quarters when compared to the four quarters previous to that.

The current delegation rate is 97% of all decisions being made at officer level against cases referred for committee decision. The last published England average was 91% (year ending March 2011).

Table 3 - Planning Appeals summary

	Oct – Dec 2010	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Appeals lodged	19	25	16	29
Appeals decided	23	22	22	26
Appeals allowed	4 (21%)	5 (28%)	2 (13%)	6 (35%)
Appeals dismissed	15 (79%)	13 (72%)	14 (87%)	11 (65%)

The figures set out in **Table 3** above indicate the number of appeals lodged for the Jul - Sept 2011 quarter has risen when compared with the previous three quarters. However, total numbers received against the same four quarters a year ago has seen a small rise of 2%, and a fall of 8% compared to two years ago.

Members will be aware that the England average for appeals won by appellants (and therefore allowed) is approximately 34%. Because of the relatively small numbers of appeals involved figures will fluctuate slightly each quarter, but the general trend over the last 12 months for Bath & North East Somerset Council is that of the total number of planning

appeals decided approximately 24% are allowed against refusals of planning applications, which demonstrates good performance by the authority.

Table 4 - Enforcement Investigations summary

	Oct – Dec 2010	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Investigations launched	153	179	160	131
Investigations closed	213	177	175	141
Enforcement Notices issued	2	3	0	1
Planning Contravention Notices served	2	9	4	0
Breach of Condition Notices served	1	0	0	0

The figures shown in **Table 4** indicate that more investigations were received this quarter, when compared with the previous quarterly figure. Resources continue to be focused on the enforcement of planning control with 1 legal notice having been served during this quarter.

Tables 5 and 6 - Transactions with Customers

The planning service regularly monitors the number and nature of transactions between the Council and its planning customers. This is extremely valuable in providing management information relating to the volume and extent of communications from customers.

It remains a huge challenge to ensure that officers are able to maintain improvements to the speed and quality of determination of planning applications whilst responding to correspondence and increasing numbers of emails the service receives.

Table 5 - Letters

	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Number of general planning enquiry letters received	204	167	126

Table 6 - Number of monitored emails

	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Number of emails to 'Development Control'	1937	1492	1566
Number of emails to 'Planning Support'	1302	1214	1384

Number of emails to Team Administration within Development Management	2966	2862	3169
---	------	------	------

The volume of incoming e-mail is now substantial, and is far exceeding the volume of incoming paper-based correspondence. These figures are exclusive of emails that individual officers receive, but all require action just in the same way as hard copy documentation. The overall figure for the Jul - Sept 2011 quarter shows a notable increase in volume of electronic communications when compared to the previous quarter, and a decrease for traditional postal methods, highlighting the continuing shift in modes of communication with the service over the last few years.

Table 7 – Other areas of work

The service not only deals with formal planning applications and general enquiries, but also has formal procedures in place to deal with matters such as pre-application proposals, Householder Development Planning Questionnaires and procedures for discharging conditions on planning permissions. **Table 7** below shows the numbers of these types of procedures that require resource to action and determine.

During the last quarter there has been little change in the overall volume of these procedures received in the service.

Table 7

	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Number of Household Development Planning Questionnaires	153	154	147
Number of pre-application proposals submitted	174	177	158
Number of 'Discharge of Condition' requests	100	109	125
Number of pre-application proposals submitted through the 'Development Team' process	5	8	1
Applications for Non-material amendments	31	21	28

Table 8 – Works to Trees

Another function that the Planning Service undertakes involves dealing with applications and notifications for works relating to trees. **Table 8** below shows the number and percentage of these applications and notifications determined. The figures show fluctuations in the numbers of applications and notifications received. However, during Jul – Sept 2011, performance on determining applications for works to trees subject to Tree Preservation Orders and performance on dealing with notifications for works to trees within a Conservation Area remained above 95%.

Table 8	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Number of applications for works to trees subject to a Tree Preservation Order (TPO)	22	16	18
Percentage of applications for works to trees subject to a TPO determined within 8 weeks	95%	88%	100%
Number of notifications for works to trees within a Conservation Area (CA)	110	133	169
Percentage of notifications for works to trees within a Conservation Area (CA) determined within 6 weeks	96%	91%	97%

Table 9 - Customer transactions using Council Connect

As outlined in previous performance reports, Members will be aware that since 2006, 'Council Connect' has been taking development management related 'Frequently Asked Questions' (FAQs).

Table 9 below shows an extract of volumes of customer transactions for the previous three quarters:

	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Total customer transactions to Council Connect	1424	1507	998

Total customer transactions (and percentage) resolved at First Point of Contact	1067 (75%)	1209 (80%)	696 (70%)
Number of Service Requests to Development Management	357	298	302

302 'Service Requests' were made by customer service staff to Planning Information Officers and these types of requests usually relate to more complex matters, which need research in order to provide the customer with complete information. The transactions shown in the table above show a sizable volume of requests to resolve complex planning issues and Council Connect taking development management related FAQs.

Table 10 - Electronic transactions

The Planning Services web pages continue to be amongst the most popular across the whole Council website, particularly 'View planning applications online' and 'Apply for planning permission'. In October, we replaced our Public Access website that was for viewing planning applications online with a more advanced version of application searching and viewing web facility. Searching by address in particular is much more efficient. Publicity activities surrounding this improved self-service facility included a news item in the Winter 2011 issue of Connect magazine that was distributed to over 76,000 households throughout the area.

Over 60% of all applications are now submitted online through the Planning Portal link on the Council website, and **Table 10** below shows that the authority received **377 (63%)** Portal applications during the Jul - Sept 2011 quarter, compared with **61%** during the previous quarter. All previous quarterly figures far exceed the current national target of 10%. This provides some evidence of a degree of online self-service by the public. Almost 70% of LPAs received more than 40% of their applications online during Q2 2010, with 98 LPAs receiving more than 50% of their applications online (source: Planning Portal).

Table 10 - Percentage of planning applications submitted electronically (through the national Planning Portal)

	Government target	Oct – Dec 2010	Jan – Mar 2011	Apr – Jun 2011	Jul – Sept 2011
Percentage of applications submitted online	10%	61%	58%	61%	63%

Table 11 - Scanning and Indexing

As part of the move towards achieving e-government objectives and the cultural shift towards electronic working, the service also scans and indexes all documentation relating to planning and associated applications. Whilst this work is a 'back office' function it is useful to see the

volume of work involved. During the Jul - Sept 2011 quarter, the service scanned over 18,000 planning documents and this demonstrates that whilst the cost of printing plans may be reduced for applicants and agents, the service needs to resource scanning and indexing documentation to make them accessible for public viewing through the Council's website.

Table 11

	Oct – Dec 2010	Jan – Mar 2011	Apr – Jun 2011	Jul – Sep 2011
Total number of images scanned	18,183	22,129	19,616	18,085
Total number of images indexed	7,339	9,245	6,963	6,415

Table 12 - Customer Complaints

During the quarter Jul - Sept 2011, the Council has received the following complaints in relation to the planning service. The previous quarter figures are shown for comparison purposes. Further work is currently underway to analyse the nature of complaints received and to implement service delivery improvements where appropriate.

Table 12

Customer Complaints	Jan – Mar 11	Apr – Jun 11	Jul – Sept 11
Complaints brought forward	1	7	4
Complaints received	28	24	21
Complaint upheld	3	2	2
Complaint Not upheld	22	23	20
Complaint Partly upheld	3	2	1
Complaints carried forward	1	4	2

Table 13 - Ombudsman Complaints

The council has a corporate complaints system in place to investigate matters that customers are not happy or satisfied about in relation to the level of service that they have received from the council. However, there are circumstances where the matter has been subject to

investigation by officers within the authority and the customer remains dissatisfied with the outcome of the investigation. When this happens, the customer can take their complaint to the **Local Government Ombudsman** for him to take an independent view. **Table 13** below shows a breakdown of Ombudsman complaints lodged with the Local Government Ombudsman for the previous four quarters.

Table 13

Ombudsman Complaints	Oct – Dec 10	Jan – Mar 11	Apr – Jun 11	Jul – Sept 11
Complaints brought forward	3	2	4	1
Complaints received	2	4	1	1
Complaints upheld				1
<i>Local Settlement</i>				1
<i>Maladministration</i>				
<i>Premature complaint</i>				
Complaints Not upheld	3	2	4	1
<i>Local Settlement</i>				
<i>No Maladministration</i>	3		3	
<i>Ombudsman's Discretion</i>				
<i>Outside Jurisdiction</i>			1	
<i>Premature complaint</i>		2		1
Complaints carried forward	2	4	1	0
