Appendix 1A

Commissioning for Quality and Innovation (CQUIN) update for Quarters one and two 2011-12:Summary of achievements

The table below gives details of performance against the CQUIN schemes for quarters 1 and 2. Some of the payments are made when baseline exercises take place and when trajectories for improvement set by the commissioners are met. The VTE risk assessment national targets for acute trusts have been met by the RUH and RNHRD. Improvements have been made in the area of Dementia and Stroke Care. 98% of the staff on the Older Peoples Unit has received training on caring for people with dementia and assurance has been provided that the rest of the stretch targets will be met in quarter 3. The scheme with Sirona Care and Health has already ensured that every person with learning difficulties are offered and receive a health or well persons check and are followed up with action plans for any health needs. Improvements are also being made with end of life care to ensure that people die in the place of their choice and that staff are trained to support the pathways of end of life care.

		Quarter 1	Quarter 2
RUH			
VTE Risk Assessment	1a	🟩	🟩
VTE Reporting Incidents	1b Part 1	Baseline exercise	
VTE RCA Sampling	1b Part 2	Baseline exercise	
Composite indicator on responsiveness to personal needs	2	Results due in Q4	
End of Life Care – staff training	3 Part 1	Results due in Q4	
End of Life Care register implementation	3 Part 2	Results due in Q4	
End of Life care – reduction in end of life care admissions	3 Part 3	Results due in Q4	
Reduction in length of stay in hospital	4 Part 1	Results due in Q4	
Reduction in length of stay in hospital with patients with a length of stay of 2 days.	4 part 2	Results due in Q4	
Improved discharges to 7 days per week	5	N/A	🟥
Dementia care – training OPU staff	6a Part 1	N/A	🟩
Dementia care – training new and existing staff	6a Part 2	N/A	🟩
Dementia – Nutritional needs (weight assessment)	6b Part 1a	N/A	🟥

			🟥
Dementia – Nutritional needs (assess using MUST tool)	6b Part 1b	N/A	🟥
Dementia – access to specialist assessment	6b Part 1c	N/A	🟩
