### 1 THE ISSUE

The Localism Act 2011 introduced two new duties for local authorities, known as the 'Community Right to Bid' and the 'Community Right to Challenge' which came into force in September 2012<sup>1</sup>. This is also linked to a wider challenge facing local government to deliver efficiency savings and demographic changes with an increasing older population.

Prior to coming into force, the Resources Policy Development and Scrutiny Panel received a presentation about the 'Community Asset Transfer' from the Divisional Director of Policy and Partnerships at their meeting on the 16<sup>th</sup> July 2012<sup>2</sup>.

We were keen to assist in developing the Council's approach to the community asset transfer so appointed a task and finish group at the meeting who would work with service officers to undertake case study visits. The task and finish group would enable us to identify good practice and undertake a policy development role to assist the Cabinet with implementing the requirements of the Localism Act.

Attached is the report of these findings which was delivered to Cabinet

Any decision to include recommendations will be taken by Cabinet and will follow the appropriate democratic process.
