Domestic Abuse

2 in 5 women

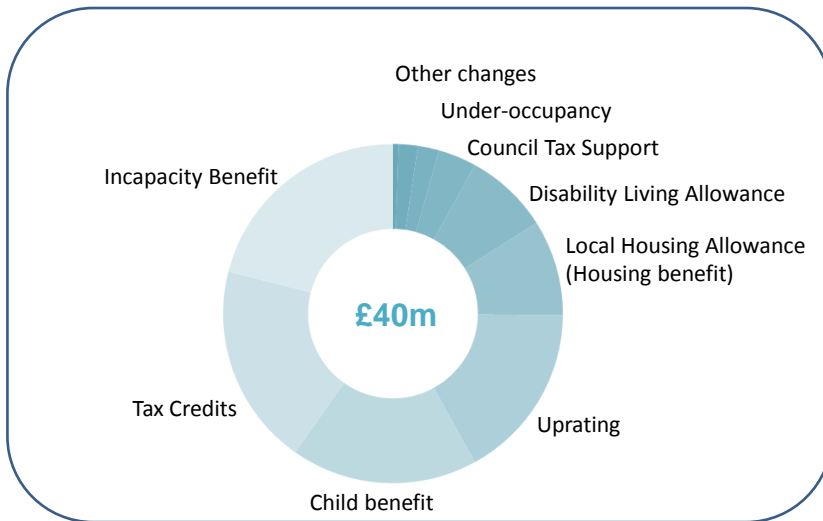

1 in 5 men

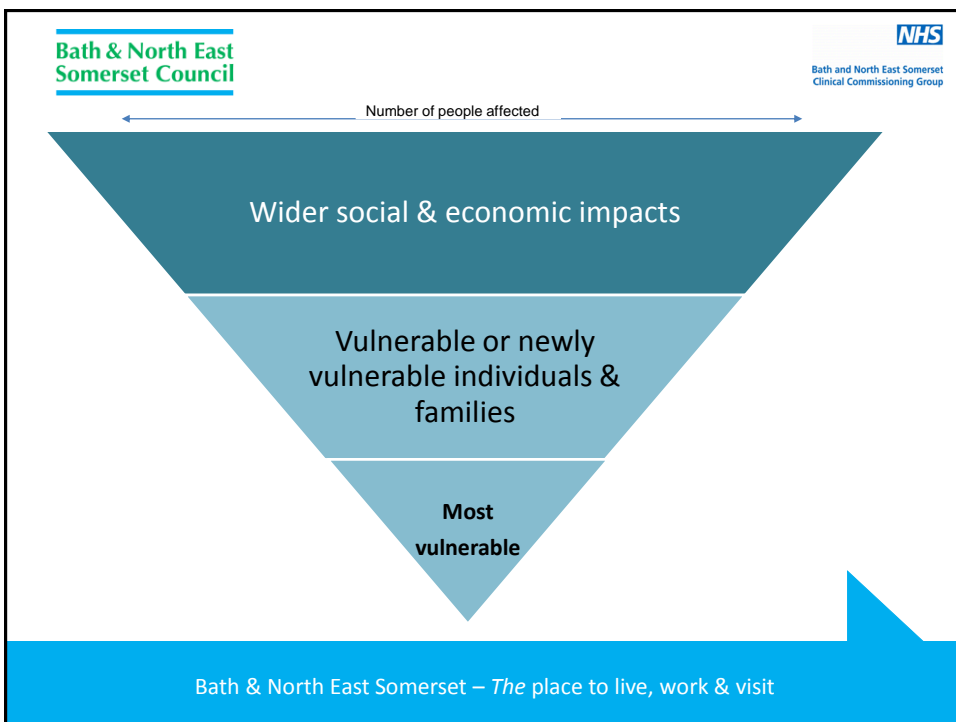

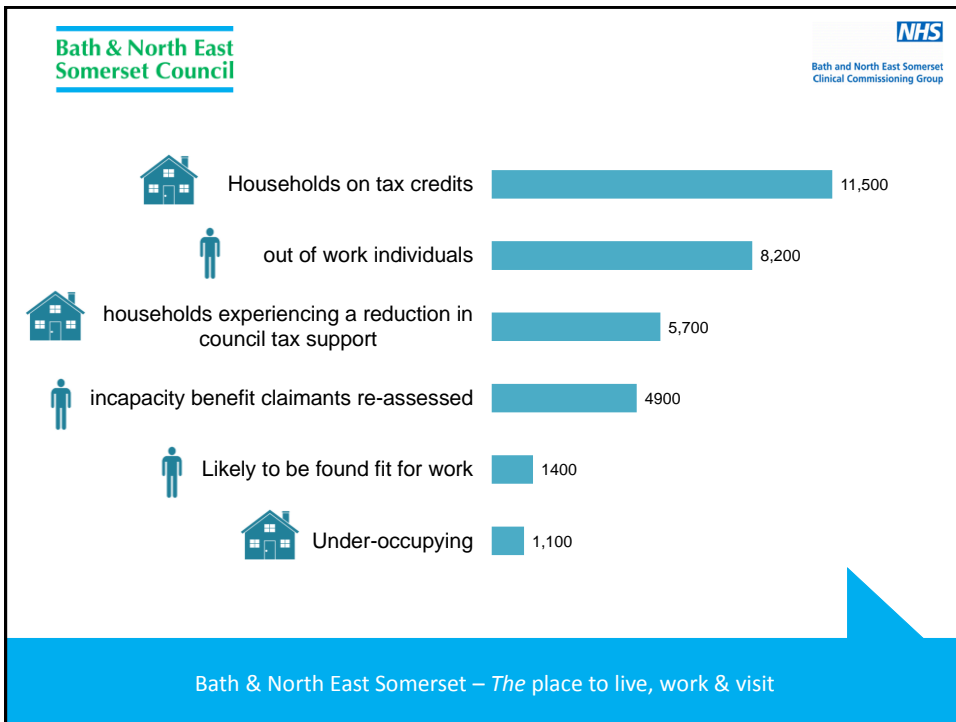

Domestic abuse costs **£17m** each year, **£3.7m** to health services

- ~840 domestic violence crimes reported p.a.
- Massive under-reporting
- Mainly committed by young men, although adult safeguarding reports show increases in cases against older people

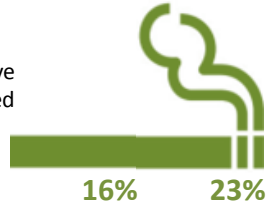

Welfare Reform

Unhealthy Lifestyles

Adult smoking rates have decreased

Health Survey for England:

¼ of over 16s are engaging in 3 or more risky lifestyle behaviours (39,000 residents)

But people with no qualifications are almost 5 times more likely to engage in them than those with post 16 education.
