

**RECREATION GROUND TRUST BOARD MEETING
27th OCTOBER 2010**

There have been no requests to make a statement at this meeting.

QUESTIONS AND ANSWERS - PUBLIC

01

Question from:	Ian Barclay
-----------------------	-------------

Further to the answer given to my question at the Rec Ground Trust meeting on 14 July 2010, please could the "current abuse of Trust property caused by the presence of the Rugby Club on the Recreation Ground" be broken-down into the various aspects of the Rugby Club's presence on the Rec that constitute the abuse, and that need resolving.

Answer from:	Councillor Chris Watt
---------------------	-----------------------

The abuse of Trust property is caused by the very presence of the Rugby Club, a professional enterprise operated for commercial gain, on land that was left in trust for the purposes set out in the objects of the Recreation Ground Charity.

The abuse can only be rectified by developing a scheme whereby the detriment to the beneficiaries caused by the loss of trust assets is balanced by benefits accruing from replacement or return of assets of equal utility in the pursuit of the objectives of the trust.
