

COMMITTEE SUMMARY PERFORMANCE REPORT

This is the tenth report on the performance of Fund employers and the Avon Pension Fund staff following the Pensions Administration Strategy coming into effect on 1st April 2011.

Included in the Report are the following:

1. Graphs for each of the largest employers* (viz. 4 unitaries) showing performance on processing leavers (retirements and early leavers). (Annexes 1 & 2) expressed annually from 1st April 2011 to 30th April 2014.
2. Report of late payers of pension contributions (employers) in the 3 month period 1st February 2014 to 30th April 2014

* **Smaller Employers:** Performance of the remaining employers is not included in this report at this time. This is a difficult area as in many cases there is little or no movement in membership and where for example there is only one leaver in the period their performance will either be 0% or 100% which is not very helpful information. The best way to report their performance is therefore being investigated and the intention is to include information in future reports to Committee.

Any particular smaller employer's performance against target where there is cause for concern will be specifically reported to the Committee. None need to be reported this period.

2. Late payers of Pension contributions

Late payment of contributions due in 3 months to 30th April 2014:

This report gives details of all payments (now paid or still outstanding) during the period, that relate to employers whose total aggregate late days during the period exceeded nine and whose value of one month's contributions exceeded £3,000. Late payments are not netted down by early payments. The report does not include new employers making their first payments who may experience delays in setting up their systems.
