Dear Mr Stark

Application Reference- TVG13/2 (Town & Village Green Application for the land known as “Robin Candy’s Fields”)

I refer to your email dated Monday, 20 April 2015.

As applicants acting on behalf of our Neighbourhood, we would like to express our sincere disappointment that the Inspector has not made a recommendation to register the afore mentioned fields as a Town / Village Green.

As you have heard throughout the application, the fields are invaluable to our local community, are beautiful in nature, vista & history and continue to be cherished by those that know and use them.

We sincerely hope that Authority's Regulatory (Access) Committee will take this into account whilst considering whether the Land should be registered as a Town or Village Green.

We would also like thank you for your considered assistance throughout our Application.

Yours sincerely

Mark Collins, Jane Neech, Leonard Sheen and Rachel Tidcombe
(On behalf of the neighbourhood of Greyfield)
