

Your care, your way: designing community services

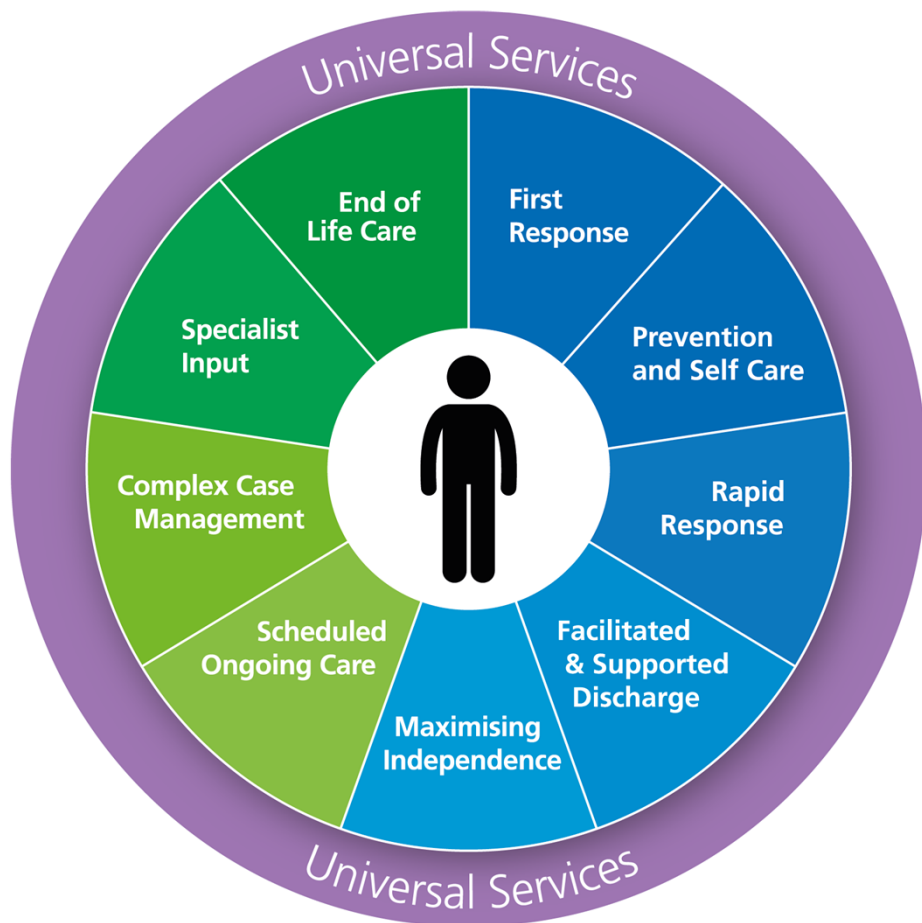

Mike MacCallam

Senior Commissioning Manager

Sue Blackman

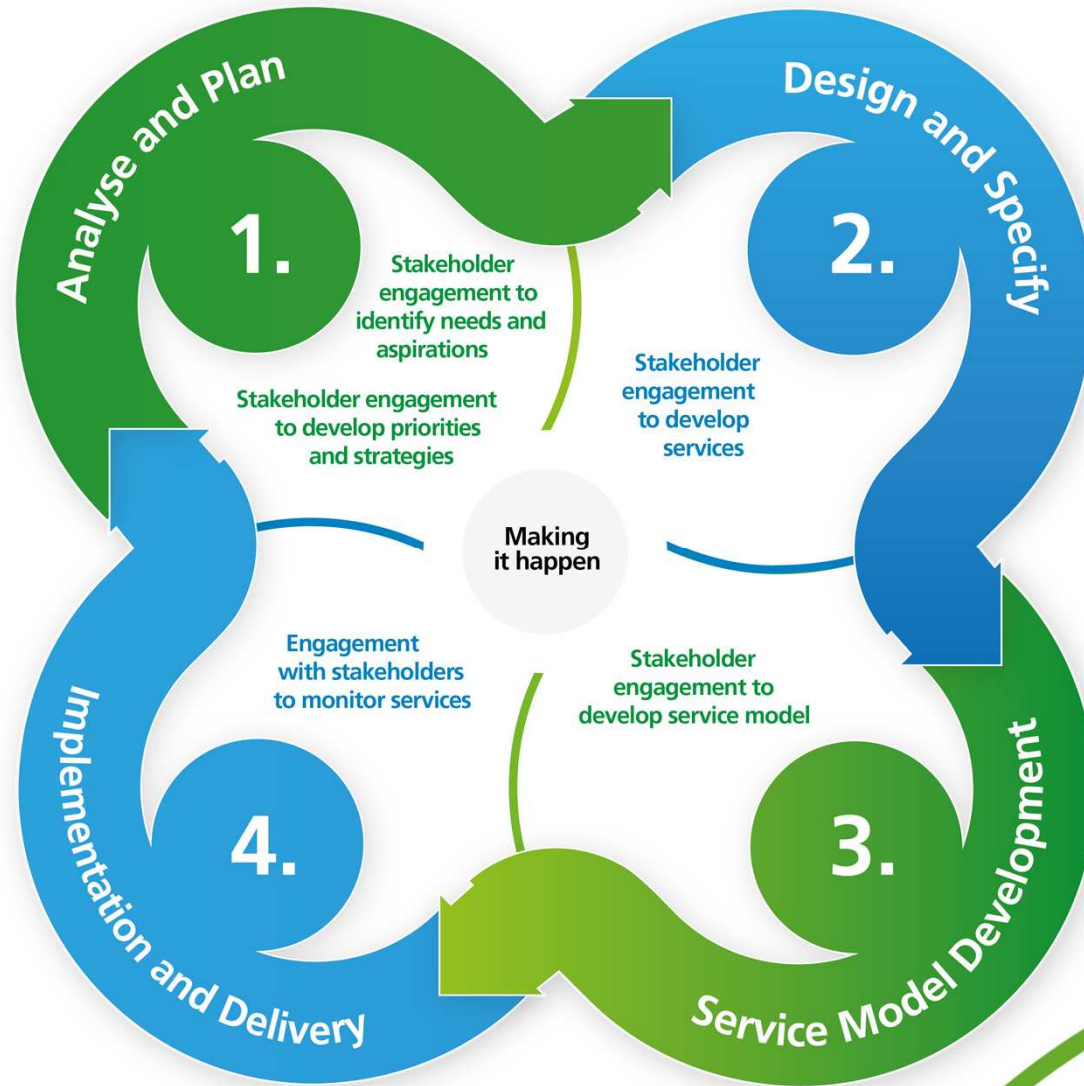

YCYW Programme Manager

Designing around key functions

Community services are **health and care** services delivered at a person's home or in nearby local settings...

Where are we now?

What does the population data tell us?

What about the financial data?

What has our community told us?

Working together...

be bold.

be ambitious.

be *imaginative.*
