Transition Bath	04/12/15	We are very delighted that you are putting in the first of the two crossings on Newbridge Hill as recommended by our group and look forward to the second crossing in the future.  You will note from our slides attached that these two crossing recieved substantial support from residents & traders, as in our report sent to Peter Bailey. Householders gave 75% support for these crossings and the traders did likewise with 69% support.	✓		No response required.
Cllr D H	08/12/15	I'm fully supportive of safe crossing but aren't there already crossing facilities there?	✓		You are correct in stating there is a pedestrian refuge island at this location, however after a request from Transition Bath and Cllr Roberts and after an Officer assessment of the location it was deemed a suitable location for a zebra crossing. As you will no doubt be aware this crossing point is on a busy pedestrian route between RUH and the Chelsea Road shopping area, therefore a zebra crossing should further improve pedestrian safety crossing what is a very busy road.
POLICE	14/12/15	I am aware that this location is already site of an informal pedestrian crossing. The proposal should meet the aspirations of the Statement of Reasons	✓		No response required.
