Parish Liaison Meeting – 11th May 2016

Parish Clerks’ Working Group- Update

Background

A series of workshops was held in July 2015 for the Bathavon, Chew Valley, Keynsham and Somer Valley Connecting Communities Forums. The aim of these was to help the Forums consider different ways of working together, gain a better understanding of what partners can offer, and review the influence and effectiveness of the Forums. The outcomes of the workshops have now been developed into a series of Action Plans.

One priority that required discussion across the whole area was the need to help parish clerks carry out parish and town council elected members’ decisions more effectively through improving communications and sharing knowledge. A number of Parish Clerks expressed an interest in being involved in a discussion on this and a working group was set up to explore further. The working group currently comprises clerks from the parishes of: Clutton, Compton Martin, Dunkerton, Midsomer Norton, Paulton, Peasedown St John, Radstock and Timsbury.

Following its first meeting, in October 2015, the working party undertook a survey of all town and parish clerks in Bath and North East Somerset. The aim was to better understand their needs and identify practical solutions to enable us to work better together. The survey was divided into six main parts: roles and responsibilities, meetings, communications, equipment, training needs, and membership. The survey ran from October 2015 to February 2016. 48 parishes responded to the survey.

Progress

As a result of the survey a number of actions are being followed up, including:

- **Better understanding of roles, responsibilities and processes of town and parish councils.** A dedicated intranet page for Bath & North East Somerset Council staff has been set up, explaining the roles and responsibilities of town and parish councils and setting out information such as: when parish councils hold their meetings; contacts for parish newsletters; information about the Parish Charter. In addition, the Bath & North East Somerset Council staff induction programme now includes more information about parish and town councils.

- **Improved communications.** As identified elsewhere on this agenda, we are developing a dedicated on-line group to help share information and to encourage more collaboration between clerks.

- **Equipment** – In response to the survey, we will be looking at ways to help parish councils share equipment and resources. Clerks also wanted to know more about the ‘Transparency Grant’ scheme.

- **Training needs** – We are offering a series of training and briefing sessions to keep parish and town councillors and clerks up-to-date on a range of issues. We are also organising a series of IT training and directing them to existing
courses on topics such as health and safety and safeguarding. Information on this is set out in the Appendix.

- **Membership** - The survey included information about membership of the Avon Local Council Association (ALCA) and Society of Local Council Clerks (SLCC) and the results have been shared with both organisations.

A number of other useful suggestions and requests were made, including:

- Informing parishes about the paid services or equipment hire offered by Bath & North East Somerset Council
- Provision of mentoring for parish clerks

**Next Steps**
The Parish Clerks Working Group will meet again on the 14th July to review progress. Any other Parish Clerks wishing to be part of the working group are welcome to be involved.

Sara Dixon
Acting Stronger Communities Manager
Bath & North East Somerset Council
APPENDIX - Training and Briefings for Parish Clerks and Parish Councillors

NOTE: The Council will part-fund IT courses to ensure affordability, with a small charge of £30 per delegate, per course (IT courses only).
