| Commercial | 940.00 | 1280.00 | The commercial rate had not been benchmarked for many years and had become detached from others rates (Bristol, Oxford, Cambridge). Our revised rate does not exceed others rates so is still favourable/competitive and better reflects the intensive Event Team support of an event of such scale (much interaction) |

| Charity | 320.00 | 390.00 | Users within this category derive an income from the event via gate charges, sales or voluntary contributions. Such charities are generally very professional and well funded. They are structured to and expect to pay for their own staffing and event set up costs - we have traditionally charged a nominal fee and this uplift remains very reasonable considering our staff time/intensive interaction with events of such scale. Note* we will retain a level of discretion in price negotiation to enable us to offer some concession from the charitable rate to reflect and encourage small scale/low impact/local minor charity charges that are reasonable |
