

Alice Murphy statement

Hi my name is Alice and I am 12 and I live on Broadmoor lane. I'm here on behalf of the hundreds of children who have used and wish to use the park, now and in the future. Ever since I was 3 I have gone to this park and now that I live nearer to the park I go their quite frequently to meet up with friends and other people who live on the road. In the summer even more people come to the park this means it is packed and everyone has water fights and it is so much fun. Not only that but it is a great social place where everyone goes. In the park there are different playground equipment such as the swings, everyone of all different ages play in the park and goes on the swings. As the park is surrounded in grass and apple trees, family's come and have picnics whilst their children play in the park and clime the apple trees. On top of that in the autumn and in the summer we have apple days and we also have wassails and cake sales and then the whole community joins in and has loads of fun. So I think it is important to save this park because it is part of our wildlife, fun and frankly part of our daily lives. So please take on the park for future generations so Please tell us will you agree to help us with our park?

Thank you.
