

SWTN, Railfuture and Bus Users UK are very concerned about cutbacks to the electrification programme to Chippenham with no date for completion to Bristol via Bath or Filton Bank. The lack of investment in Temple Meads apart from 2 platforms for alteration within the IEP programme, the stopping of works at Lawrence Hill bridge and station, the lack of progress on platform extensions at Bath Spa, lack of a step free access programme at Stapleton Road, Lawrence Hill, Nailsea and Weston-Super-Mare (on hold until 2019). It is very important that we continue with the MetroWest project

The lack of progress on funding of East Junction, lack of scope for rolling stock from the Thames Valley and the loss of 9 units to Centro in May 2017 we need a clear rolling stock policy for the Greater Bristol area including the 11-15 HST's. The interface with South West Trains and how these projects fit in with MetroWest phases 1& 2.

The new station site does not provide a transport interchange as supported by Railfuture, TFGBA and Friends of Bristol Suburban Railways and the four rail unions.

We ask the Council to reconsider the Filton North station site as this was rebuilt only a few years ago. Clearly the plan needs to link with the rail service through Henbury North to Avonmouth and Severn Beach and the new Cribbs Causeway development whatever that plan may be following the planning inspectors report.

We expect the plan to be fully designed with bus stops, shelters and raised kerbs and mobility impaired pavements and services including the public realm strategy included in interchanges.

We are very concerned that MetroWest Phase 2 Henbury loop and Gloucester line are progressed as a top priority for the Bristol Mayor and Metro Mayor including Ashley Down, Charfield, Stonehouse and Gloucester.

The Henbury loop should also be included with Filton North, Henbury for Cribbs Causeway, Avonmouth and Portway Park and Ride. Our top priority is to see the Portishead railway line reopened for 100 million pounds including stations at Portishead and Pill protecting the site at Ashton Gate.

We need value engineering at Network Rail and these projects must be submitted for CP6. Saltford, St Annes and Corsham should be looked at as part of the study by Bristol City Council. The Metro Mayor needs to make a submission to Government for extra funding.

It should be noted that Lawrence Hill, Stapleton Road, Patchway, Pilning, Nailsea and Backwell and Parson Street are not disabled accessible nor is Weston Super Mare and Cheltenham without lifts.

On integration, we are very concerned after discussions with Transport Focus and First Group (RAIL and BUS DIVISIONS), Network Rail about bus/rail ferry integration at Temple Meads within the Temple Quarter Enterprise Zone scheme. We note that Cambridge North station is fully integrated with local and MetroBus unlike Bedminster at present.

Integration should be at the heart of what WECA does. The project has the support of Chris Grayling and Jeremy Corbyn nationally.
