| 1 | R28 | The Fund is unable to recruit appropriately skilled technical or investment staff given the short supply of such staff regionally in the market. This has been exacerbated by the creation of BPP Ltd. (Brunel) based in Bristol which will manage the fund's assets. This could restrict the Fund's ability to develop and implement the service plan. | 01-Jul-08 | All Team<br>Managers                            | Governance             | 1          | 2 ( | 3 4    | 4 5 | 5 | 1 2 | 2 3 | 4    | 4       |   | 20    | HIGH              | H       | <b>2</b> | Н | Potentially off<br>target | Complete PDR process with all staff to identify training and professional qualification needs based on Service requirements. Re Brunel - significant impact with loss of 3 FTE staff. Interim plan to rebuild team reflecting transition of assets to BPP is being put in place. Will include buying in resource from advisors or BPP as appropriate. Investment work programme is continuously risk reviewed to ensure only priority work will be undertaken in the short term. Identify at risk areas and consider succession planning to minimise risk of losing skilled/specialist staff. Build in resilience by broadening technical knowledge of staff within teams.  Explore options for developing apprentice and graduate level staff. |
| 2 | R42 | Increase political pressure to reform the scheme & governance, reduce costs and direct investment decisions. This is now more important in order for the Fund to comply with MIFID2.   |

| 4 | R26 | The Fund fails to achieve investment returns sufficient to meet its liabilities as set out in the valuation. This may be due to strategy failure or investment managers appointed for each investment mandate failing to achieve their benchmark. Implications: this could negatively impact employer contribution rates. | 01-Jul-08 | Pensions<br>Investments<br>Manager   | Investment<br>Strategy |  | 3 |   |  |   | 4 | 12 | MEDIUM | м | М | M | On target | A strategic review of the investment strategy is undertaken at least every 3 years. It determines the appropriate strategy to deliver the returns assumed by the actuarial valuation and takes into account the market outlook.  The Fund adopts a diverse strategy across assets and managers which limits the impact of any one asset class or manager on the performance of the fund.  The strategy is monitored quarterly and annually by Committee (between strategic reviews) when the investment performance is measured against the liabilities, the strategic benchmark and mandate performance targets. The Fund implements risk management strategies as appropriate to increase probability that funding plan will be achieved (curently LDI and Equity protection strategies).  The managers are monitored against their mandate guidelines quarterly by the Investments Panel.  Recommendations for action are made to Committee or actioned under delegated powers of the Panel.  Significant due diligence is undertaken when appointing managers; process ensures there is not undue reliance on past performance.  Specialist advice is commissioned covering both strategic issues, ongoing monitoring of strategy and managers and evaluating potential managers during procurement process. As the assets transition to Brunel, the responsibility for monitoring and selecting investment managers will transfer to Brunel. |
