FAO Terrill Wolyn

Dear Terrill,

Although initially expecting to attend today, I have been called to an unscheduled work related project meeting in London and thus unable to attend today.

I would like to ask that my apologies are recorded.

From complaints and evidence from last year, I continue to stand by my concerns over the Luna Cinema and it holding its event late on a Sunday. I accept that their offer of using headphones will mitigate the noise issues during the event, but once over the noise created on a Sunday evening will still impact residents and their children. There is no reason why their event needs to be late on a Sunday and I would ask the hearing that the timing is brought forward.

Thank you.
