

**BATH AND NORTH EAST SOMERSET COUNCIL**

**PLANNING COMMITTEE**

**26th August 2020**

**DECISIONS**

<b>Item No:</b>	01	
<b>Application No:</b>	18/01516/REG04	
<b>Site Location:</b>	Land To The Rear Of 89 To123, Englishcombe Lane, Southdown, Bath	
<b>Ward:</b> Moorlands	<b>Parish:</b> N/A	<b>LB Grade:</b> N/A
<b>Application Type:</b>	Regulation 4 Application	
<b>Proposal:</b>	Development of 37 residential dwellings (Use Class C3, including affordable housing), vehicular and pedestrian access, open space, landscaping, drainage, related infrastructure and engineering works.	
<b>Constraints:</b>	Article 4 Bath Demolition Wall, Article 4 Reg 7: Estate Agent, Article 4 HMO, Agric Land Class 3b,4,5, Policy B4 WHS - Indicative Extent, Policy B4 WHS - Boundary, Conservation Area, Policy CP9 Affordable Housing Zones, Policy GDS1 Site Allocations, LLFA - Flood Risk Management, MOD Safeguarded Areas, Policy NE2A Landscapes and the green set, Policy NE3 Local Nature Reserve, Policy NE5 Ecological Networks, SSSI - Impact Risk Zones,	
<b>Applicant:</b>	Bath & North East Somerset Council	
<b>Expiry Date:</b>	31st December 2019	
<b>Case Officer:</b>	Tessa Hampden	

**DECISION PERMIT**

Permit: subject to finalisation of the draft s106 agreement to be annexed to the planning permission; and subject to the following conditions:

**1 Standard Time Limit (Compliance)**

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 (as amended) and to avoid the accumulation of unimplemented planning permission.

**2 Materials - Submission of Schedule and Samples (Bespoke Trigger)**

No construction of the external walls of the development shall commence until a schedule of materials and finishes, and samples of the materials to be used in the construction of the external surfaces, including roofs, have been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be carried out only in accordance with the approved details.

Reason: In the interests of the appearance of the development and the surrounding area in accordance with Policies D1, D2, D3 and D5 of the Bath and North East Somerset Placemaking Plan and Policy CP6 of the Bath and North East Somerset Core Strategy.

### **3 Hard and Soft Landscaping (Pre-occupation)**

No occupation shall commence until a hard and soft landscape scheme has been submitted to and approved in writing by the Local Planning Authority showing details of all trees, hedgerows and other planting to be retained, finished ground levels, a planting specification to include numbers, density, size, species and positions of all new trees and shrubs, details of existing and proposed walls, fences, other boundary treatment and surface treatment of the open parts of the site, and a programme of implementation.

Reason: To ensure the provision of an appropriate landscape setting to the development in accordance with Policies D1, D2 and NE2 of the Bath and North East Somerset Placemaking Plan.

### **4 Hard and Soft Landscaping (Compliance)**

All hard and/or soft landscape works shall be carried out in accordance with the approved details. The works shall be carried out prior to the occupation of any part of the development or in accordance with the programme (phasing) agreed in writing with the Local Planning Authority. Any trees or plants indicated on the approved scheme which, within a period of five years from the date of the development being completed, die, are removed or become seriously damaged or diseased shall be replaced during the next planting season with other trees or plants of a species and size to be first approved in writing by the Local Planning Authority. All hard landscape works shall be permanently retained in accordance with the approved details.

Reason: To ensure that the landscape scheme is implemented and maintained in accordance with Policies D1, D2 and NE2 of the Bath and North East Somerset Placemaking Plan.

### **5 Housing Accessibility (Compliance)**

19% of the market dwellings hereby approved shall meet the optional technical standards 4(2) in the Building Regulations Approved Document M

Reason: Reason: To ensure that the optional technical standards for accessibility are met in accordance with policy H7 of the Bath and North East Somerset Council Placemaking Plan.

### **6 Water Efficiency - Rainwater Harvesting (Pre-occupation)**

No occupation of the approved dwellings shall commence until a scheme for rainwater harvesting or other methods of capturing rainwater for use by residents (e.g. Water butts) has been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be constructed in accordance with the approved details.

Reason: In the interests of water efficiency in accordance with Policy SCR5 of the Placemaking Plan.

### **7 Water Efficiency (Compliance)**

The approved dwellings shall be constructed to meet the national optional Building Regulations requirement for water efficiency of 110 litres per person per day.

Reason: In the interests of water efficiency in accordance with Policy SCR5 of the Bath and North East Somerset Placemaking Plan.

#### **8 Arboricultural Method Statement and Tree Protection Plan (Pre-commencement)**

No development shall commence until a Detailed Arboricultural Method Statement with Tree Protection Plan following the recommendations contained within BS 5837:2012 has been submitted to and approved in writing by the Local Planning Authority. The arboricultural method statement shall incorporate a provisional programme of works; supervision and monitoring details by an Arboricultural Consultant and provision of site visit records and compliance statement to the local planning authority. The statement should include the control of potentially harmful operations such as site preparation (including demolition, clearance and level changes); the storage, handling and mixing of materials on site, burning, location of site office, service run locations including soakaway locations and movement of people and machinery. No development or other operations shall thereafter take place except in complete accordance with the approved details.

Reason: To ensure that trees to be retained are not adversely affected by the development proposals in accordance with Policy NE6 of the Bath and North East Somerset Placemaking Plan. This is a condition precedent because the works comprising the development have the potential to harm retained trees. Therefore these details need to be agreed before work commences.

#### **9 Arboriculture - Compliance with Arb Method Statement (Pre-occupation)**

The approved development shall be carried out in accordance with the approved Arboricultural Method Statement and Tree Protection Plan. No occupation of the approved development shall commence until a signed compliance statement from the appointed Arboriculturalist has been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure that trees to be retained are not adversely affected by the development proposals in accordance with Policy NE6 of the Bath and North East Somerset Placemaking Plan. To ensure that the approved method statement is complied with for the duration of the development.

#### **10 Construction Management Plan (Pre-commencement)**

No development shall commence until a Construction Management Plan has been submitted to and approved in writing by the Local Planning Authority and shall include details of deliveries (including storage arrangements and timings), contractor parking, traffic management, working hours, site opening times, wheel wash facilities and site compound arrangements. The development shall thereafter be undertaken in accordance with the approved details.

Reason: To ensure that safe operation of the highway and in the interests of protecting residential amenity in accordance with Policy ST7 of the Bath and North East Somerset Placemaking Plan. This is a condition precedent because any initial construction or demolition works could have a detrimental impact upon highways safety and/or residential amenity.

### **11 Site Access (Pre-occupation)**

No occupation of the development shall commence until the access arrangement shown on drawing number Plan 0746-002 Rev E (or a variation agreed by the planning authority) has been provided.

Reason: To ensure safe access to and from the site in the interests of highways safety in accordance with Policy ST7 of the Bath and North East Somerset Placemaking Plan

### **12 Residents Welcome Pack (Pre-occupation)**

No occupation of the approved development shall commence until a new resident's welcome pack has been issued to the first occupier/purchaser of each residential unit of accommodation. The new resident's welcome pack shall have previously been submitted to and approved in writing by the Local Planning Authority and shall include information of bus and train timetable information, information giving examples of fares/ticket options, information on cycle routes, a copy of the Travel Smarter publication, car share, car club information etc., to encourage residents to try public transport.

Reason: To encourage the use of public transport in the interests of sustainable development in accordance with Policy ST1 of the Bath and North East Somerset Placemaking Plan.

### **13 Dwelling Access (Compliance)**

Each dwelling shall not be occupied until it is served by a properly bound and compacted footpath and carriageway to at least base course level between the dwelling and the existing adopted highway

Reason: To ensure that the development is served by an adequate means of access in accordance with Policy ST7 of the Bath and North East Somerset Placemaking Plan

### **14 Parking (Compliance)**

The areas allocated for parking and turning on the submitted plan shall be kept clear of obstruction and shall not be used other than for the parking of vehicles in connection with the development hereby permitted

Reason: To ensure sufficient parking and turning areas are retained at all times in the interests of amenity and highways safety in accordance with Policy ST7 of the Bath and North East Somerset Placemaking Plan.

### **15 Detailed drainage design (Pre commencement)**

No development shall commence, except ground investigations and site clearance, until the detailed drainage design has been submitted to the local planning authority and accepted in writing. The submission should include infiltration test results, calculations demonstrating the performance of the systems (at the 1:1 and 1:100+40% events), plans and design details for the soakaways and other structures associated with the drainage system.

Reason: To ensure that an appropriate method of surface water drainage is installed and in the interests of flood risk management in accordance with Policy CP5 of the Bath and North East Somerset Core Strategy.

#### **16 Detailed drainage design (Pre commencement)**

Prior the occupation of the development hereby approved a maintenance strategy setting out the required maintenance activities and the responsible parties in order to guarantee the performance of the drainage system for the lifetime of the development is to be submitted to the local planning authority for written approval. The development shall thereafter implemented in accordance with these approved details

Reason: To ensure that an appropriate method of maintaining the surface water drainage is implemented in the interests of flood risk management in accordance with Policy CP5 of the Bath and North East Somerset Core Strategy.

#### **17 Surface water discharge (Pre commencement)**

No development shall commence, except ground investigations and site clearance, until written confirmation from the sewerage company (Wessex Water) accepting the surface water overflow discharge into their network including point of connection and rate has been submitted to the Local Planning Authority. If the sewerage company are not able to accept the proposed discharge, an alternative method of surface water drainage, which has first been submitted to and approved in writing by the Local Planning Authority, should be installed prior to the occupation of the development.

Reason: To ensure that an appropriate method of surface water drainage is installed and in the interests of flood risk management in accordance with Policy CP5 of the Bath and North East Somerset Core Strategy.

#### **18 Contaminated Land - Investigation and Risk Assessment (Pre-commencement)**

No development shall commence until an investigation and risk assessment of the nature and extent of contamination on site and its findings has been submitted to and approved in writing by the Local Planning Authority. This assessment must be undertaken by a competent person, and shall assess any contamination on the site, whether or not it originates on the site. The assessment must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and shall include:

(i) a survey of the extent, scale and nature of contamination

(ii) an assessment of the potential risks to:

- human health,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
- adjoining land,
- groundwaters and surface waters,
- ecological systems,
- archaeological sites and ancient monuments,

(iii) an appraisal of remedial options, and proposal of the preferred option(s).

Reason: In order to ensure that the land is suitable for the intended uses and to ensure that the development can be carried out safely without unacceptable risks to workers,

neighbours and other offsite receptors and in accordance with section 11 of the National Planning Policy Framework. This is a condition precedent because the works comprising the development have the potential to uncover harmful contamination. Therefore these details need to be agreed before work commences.

### **19 Contaminated Land - Remediation Scheme (Pre-commencement)**

No development shall commence until a detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment, has been submitted to and approved in writing by the Local Planning Authority, unless the findings of the approved investigation and risk assessment has confirmed that a remediation scheme is not required. The scheme shall include:

- (i) all works to be undertaken,
- (ii) proposed remediation objectives and remediation criteria,
- (iii) timetable of works and site management procedures, and,
- (iv) where required, a monitoring and maintenance scheme to monitor the long-term effectiveness of the proposed remediation and a timetable for the submission of reports that demonstrate the effectiveness of the monitoring and maintenance carried out.

The remediation scheme shall ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

The approved remediation scheme shall be carried out prior to the commencement of development, other than that required to carry out remediation, or in accordance with the approved timetable of works.

Reason: In order to ensure that the land is suitable for the intended uses and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors and in accordance with section 11 of the National Planning Policy Framework. This is a condition precedent because the works comprising the development have the potential to uncover harmful contamination. Therefore these details need to be agreed before work commences.

### **20 Contaminated Land - Verification Report (Pre-occupation)**

No occupation shall commence until a verification report (that demonstrates the effectiveness of the remediation carried out) has been submitted to and approved in writing by the Local Planning Authority, unless the findings of the approved investigation and risk assessment has confirmed that a remediation scheme is not required.

Reason: In order to ensure that the land is suitable for the intended uses and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors and in accordance with section 11 of the National Planning Policy Framework.

### **21 Contaminated Land - Unexpected Contamination (Compliance)**

In the event that contamination which was not previously identified is found at any time when carrying out the approved development, it must be reported in writing immediately to the Local Planning Authority. Thereafter an investigation and risk assessment shall be

undertaken, and where remediation is necessary, a remediation scheme shall be submitted to and approved in writing by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report (that demonstrates the effectiveness of the remediation carried out) must be submitted to and approved in writing by the Local Planning Authority prior to occupation of the development.

Reason: In order to ensure that the land is suitable for the intended uses and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors and in accordance with section 11 of the National Planning Policy Framework.

## **22 Sustainable Construction Details - Overheating (Pre-Occupation)**

Prior to first occupation of the development hereby approved the following tables (as set out in the Council's Sustainable Construction Supplementary Planning Document, Adopted November 2018) shall be completed in respect of the completed development and submitted, along with supporting documents, to the local planning authority:

- o Table 5.1
- o Table 5.2
- o Table 5.4 (if using active cooling)

Reason: To monitor the extent to which the approved development complies with Policy CP2 of the Core Strategy (sustainable construction) in respect of overheating.

## **23 Renewable Energy (Pre-occupation)**

The development hereby approved shall incorporate sufficient renewable energy generation such that carbon emissions from anticipated (regulated) energy use in the development shall be reduced by at least 10% [baseline needs to be defined]. Prior to first occupation of the development hereby approved those matters listed below shall be submitted to and approved in writing by the local planning authority:

- A completed copy of Energy Table 1 (of the local planning authority's Sustainable Construction Checklist). This shall be completed to reflect the actual technologies installed as part of the development hereby approved,
- A completed copy of Energy Table 3 (of the local planning authority's Sustainable Construction Checklist). This shall be completed to reflect the actual renewable energy systems installed as part of the development hereby approved,
- Evidence documentation (e.g. commissioning certificates, Feed in Tariff certificates or receipts) relating to those installed technologies listed in Energy Table 3 demonstrating to the local planning authority's satisfaction that they have been installed correctly and are generating energy in line with the assumptions set out in Energy Table 1.

The approved renewable energy systems shall be installed (and shall be operational) in accordance with the approved Energy Tables 1 and 3 and the approved evidence documents prior to first occupation of the development hereby approved and shall be retained as such thereafter as an integral part of the development hereby approved.

Reason: Reason: To ensure that the development's carbon emissions (from anticipated regulated energy use) are reduced by at least 10% by means of sufficient renewable

energy generation, in accordance with Policy SCR1 of the Bath & North East Somerset Placemaking Plan.

#### **24 Electric Vehicle Charging Points (Pre-Occupation)**

Prior to first occupation of the development hereby approved electric vehicle charging points shall be installed (and shall be fully operational) in accordance with an Electric Vehicle Charging Point Plan/Strategy which shall have first been submitted to and approved in writing by the local planning authority.

Reason: To ensure that electric vehicles are adequately accommodated for and encouraged in accordance with Policy ST7 of the Bath & North East Somerset Core Strategy

#### **25 Plans List (Compliance)**

The development/works hereby permitted shall only be implemented in accordance with the plans as set out in the plans list below.

Reason: To define the terms and extent of the permission.

#### **27 Revised Construction Environmental Management Plan (Biodiversity) (Pre-commencement)**

No development shall take place (including demolition, ground works, vegetation clearance) until a revised Construction Environmental Management Plan (CEMP: Biodiversity) has been submitted to and approved in writing by the local planning authority. The revised CEMP (Biodiversity) shall include the following.

- A) Risk assessment of potentially damaging construction activities.
- B) Identification of "biodiversity protection zones" based on up-to-date survey information for habitats and protected and notable species.
- C) Practical measures (both physical measures and sensitive working practices) to avoid or reduce impacts during construction (may be provided as a set of method statements).
- D) The location and timings of sensitive works to avoid harm to biodiversity features.
- E) The times during which construction when specialist ecologists need to be present on site to oversee works.
- F) Responsible persons and lines of communication.
- G) The role and responsibilities on site of an ecological clerk of works (ECoW) or similarly competent person.
- H) Use of protective fences, exclusion barriers and warning signs if applicable.
- I) A method statement for the removal of non-native invasive species subject to legal controls.
- J) A detailed specification for construction lighting, including lux contour plan if there may be impacts on habitats for horseshoe bats.
- K) A detailed programme for the works, including seasonal timing, phasing and mitigation measures for removal of trees along the horseshoe bat corridor adjacent to Englishcombe Lane.
- L) A specification and timetable for installation of ecological enhancement measures during the construction phase.

The approved CEMP shall be ahead to and implemented throughout the construction period strictly in accordance with the approved details, unless otherwise agreed in writing by the local planning authority.

Reason: To ensure compliance with the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife and Countryside Act 1981 (as amended) and the Protection of Badgers Act 1992 and to minimise ecological harm to a SNCI in accordance with Bath and North East Somerset Placemaking Plan Policy NE3.

### **28 Habitat Creation and Translocation (Pre-commencement)**

Prior to the commencement of the development, full details of a Scheme of Habitat Creation and Translocation shall be submitted to and approved in writing by the Local Planning Authority. These measures shall include:

- A) A plan showing areas to be retained and protected, areas subject to translocation, areas of habitat creation and areas where habitats will be removed, referencing ecological conditions in each of these areas;
- B) The Scheme's aims and objectives.
- C) The evaluation of the ecological, hydrological and geological requirements of flush habitat creation.
- D) The selection of suitable receptor locations for translocated habitats.
- E) A specification and method statement for the creation of new channels to support flush habitats, referencing hydrological conditions and including a layout and section plan.
- F) A specification and method statement for the translocation of botanical species.
- G) A detailed specification for the creation of off-site habitats at Pennyquick.
- H) Full details of long-term management and ownership of the on-site and off-site habitats
- I) Details of the persons responsible for the implementation of the Scheme.
- J) A timeframe for the Scheme's implementation.

The agreed habitat creation and translocation scheme shall be carried out as approved and the site maintained and managed thereafter in accordance with it.

Reason - To mitigate harm to habitats of high ecological value on a SNCI in accordance with the NPPF and Bath and North East Somerset Placemaking Plan Policy NE3.

- K) A management and monitoring specification for a minimum period of thirty years and a proposed schedule for submission of findings to the Local Authority Ecologist

### **29 Soft Landscape Plan (Pre-commencement)**

Development shall not commence until a soft landscape scheme has been submitted to and approved in writing by the Local Planning Authority. The scheme shall include a planting specification and details of sensitive landscape measures consistent with the designation as a Site of Nature Conservation Interest. Any trees or plants indicated on the approved scheme which, within a period of five years from the date of the development being completed, die, are removed or become seriously damaged or diseased shall be replaced during the next planting season with other trees or plants of a species and size to be first approved in writing by the Local Planning Authority.

Reason: To ensure the provision of an appropriate landscape setting to the development in accordance with Policies D1, D2 and NE2 of the Bath and North East Somerset Placemaking Plan and to minimise harm to a SNCI in accordance with Policy NE3.

NB These are pre-commencement conditions as measures to minimise ecological harm will need to be agreed before works commence.

### **30 /bRevised Habitat Enhancement Management Plan (Pre-Occupation)**

Prior to the occupation of the development, a revised Habitat Enhancement Management Plan shall be submitted to and approved in writing by the Local Planning Authority. The

scheme shall include full details of habitat management objectives for the site, including but not limited to, the following:

- A) An audit of proposed retained areas and an assessment of the existing on-site and off-site habitats to be retained, lost and created.
- B) The management and protection measures for all retained habitats and species, including fencing and boundary details.
- C) A detailed specification for management of the surrounding tree belts and hedgerows, particularly with regard retaining dark flight corridors for bats, including a minimum height and width at which vegetation must be retained.
- D) A detailed specification for the management of grassland habitats.
- E) A detailed specification for the management of wetland habitats.
- F) A detailed specification for management of any invasive species, including the timing and frequency of monitoring.
- G) A detailed management specification for off-site habitats at Pennyquick.
- H) Details of any management requirements for species-specific habitat enhancements.
- I) Annual work schedule to continue for at least a 30 year period.
- J) Detailed monitoring strategy for habitats and species, including monitoring of use of the crossing point by horseshoe bats, with details of remedial measures including triggers for implementation.
- K) Details of a reporting mechanism to the Local Authority Ecologist.

The landscape and biodiversity management plan shall be implemented in accordance with the agreed timetable, and thereafter maintained in accordance with the agreed details.

Reason - To protect and enhance ecological interests in accordance with Bath and North East Somerset Placemaking Plan Policies NE3, NE5 and D5e.

### **31 Ecological Compliance Report (Pre-Occupation)**

No occupation of the development hereby approved shall commence until a report produced by a suitably experienced ecologist confirming and demonstrating, using photographs, completion and implementation of ecological mitigation measures as detailed in the approved Construction Environmental Management Plan (Biodiversity), Habitat Creation and Translocation Plan (up to completion of the development), Bat Mitigation Strategy including Appendices (Ethos Environmental Planning, June 2020), Reptile Mitigation Strategy (Ethos Environmental Planning, June 2020) and Badger Mitigation Strategy (Ethos Environmental Planning, June 2020). These details shall include:

1. Findings of any necessary pre-commencement or update survey for protected species and mitigation measures implemented;
2. Confirmation that a Natural England badger mitigation licence was obtained and implemented before commencement of any works which may harm badger setts;
3. Confirmation of compliance with the method statements referenced above including dates and evidence of any measures undertaken to protect site biodiversity; and
4. Confirmation that proposed measures to enhance the value of the site for target species have been implemented.

All measures within the scheme shall be retained, monitored and maintained in accordance with the approved details.

Reason: To demonstrate the completed implementation of the Wildlife Protection and Enhancement Scheme and Method Statement, to prevent ecological harm and to provide biodiversity gain in accordance with NPPF and policies NE3, NE5 and D5e of the Bath and North East Somerset Local Plan.

### **32 External Lighting (Bespoke Trigger)**

No new external lighting shall be installed until full details of the proposed lighting design have been submitted to and approved in writing by the Local Planning Authority. These details shall include:

1. Lamp models and manufacturer's specifications, positions, numbers and heights;
2. Predicted lux levels and light spill;
3. Measures to limit use of lights when not required, to prevent upward light spill and to prevent light spill onto nearby vegetation and adjacent land.

The lighting shall be installed and operated thereafter in accordance with the approved details.

Reason: To avoid harm to bats and wildlife in accordance with policy CP6 of the Bath and North East Somerset Core Strategy and policies NE3 and D8 of the Bath and North East Somerset Placemaking Plan.

### **33 Planning obligations (Pre commencement)**

No development shall commence on any part of the land to which this planning permission relates until a planning obligation substantially in the form annexed to this permission has been completed with the Local Planning Authority binding that part of the land to be developed to the planning obligations contained therein and the Local Planning Authority has given written notification to the persons executing the planning obligation that the land has been bound to the satisfaction of the Local Planning Authority.

Reason To ensure that the appropriate obligations necessary to make the development acceptable in planning terms are entered into in respect of the land affected by the planning permission before any development commences on that part of the land.

### **34 Plans List (Compliance)**

The development/works hereby permitted shall only be implemented in accordance with the plans as set out in the plans list below.

Reason: To define the terms and extent of the permission.

### Condition Categories

The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

**Compliance** - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

**Pre-commencement** - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development.

The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

Pre-occupation - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

Bespoke Trigger - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Where approval of further information is required you will need to submit an application to Discharge Conditions and pay the relevant fee via the Planning Portal at [www.planningportal.co.uk](http://www.planningportal.co.uk) or post to Planning Services, Lewis House, Manvers Street, Bath, BA1 1JG.

Local Highway Authority require an agreement (Section 106, Section 38, Section 278)

The Local Highway Authority (LHA) requires the developer to enter into a legally binding agreement(s) to secure the vehicular access and adoption of the internal access roads and footways as public highway. Further information in this respect may be obtained by contacting the LHA.

The Local Highway Authority requires Road Safety Audits

The detailed design of the vehicular access to the application site together with the layout of the internal access roads and footways shall be subject of an independent Stage 2 Road Safety Audit (RSA) and the completed works shall be the subject of an independent Stage 3 RSA. Both audits will be undertaken in accordance with GG119. Both audit briefs together with the CV of the Audit Team Leader and Audit Team Member shall be submitted to and approved in writing by the LHA. A representative of the LHA shall be present at the Stage 2 RSA site visit as an observer and a representative of the LHA and Avon and Somerset police shall be invited to attend the daytime and night-time Stage 3 RSA site visits

### **Permit/Consent Decision Making Statement**

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

### **Community Infrastructure Levy**

You are advised that as of 6 April 2015, the Bath & North East Somerset Community Infrastructure Levy (CIL) Charging Schedule came into effect. **Before** commencing any development on site you should ensure you are familiar with the CIL process. If the development approved by this permission is CIL liable there are requirements to assume liability and notify the Council before development commences, failure to comply with the regulations can result in surcharges and additional payments. Full details about the CIL

Charge including, amount and process for payment will be sent out in a CIL Liability Notice which you will receive shortly. Further details are available here: [www.bathnes.gov.uk/cil](http://www.bathnes.gov.uk/cil)

### **Permit/Consent Decision Making Statement**

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

### **Community Infrastructure Levy**

You are advised that as of 6 April 2015, the Bath & North East Somerset Community Infrastructure Levy (CIL) Charging Schedule came into effect. **Before** commencing any development on site you should ensure you are familiar with the CIL process. If the development approved by this permission is CIL liable there are requirements to assume liability and notify the Council before development commences, failure to comply with the regulations can result in surcharges and additional payments. Full details about the CIL Charge including, amount and process for payment will be sent out in a CIL Liability Notice which you will receive shortly. Further details are available here: [www.bathnes.gov.uk/cil](http://www.bathnes.gov.uk/cil)

### **Permit/Consent Decision Making Statement**

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

Informative: Environmental Protection Act 1990 Under the environmental protection act 1990, the local authority has a duty to investigate complaints of nuisance and should a complaint be received, irrespective of planning consent, the local authority may on determination of a statutory nuisance serve a legal notice requiring any said nuisance to be abated and failure to comply may result in prosecution. Further advice may be sought from the local authority's environmental protection team on this matter where necessary.

Food premises Please be aware that all food business must be registered with the food safety team at Bath and North East Somerset Council at least 28 days prior to operation.

Noise and dust control from construction of development - informative All relevant precautions should be taken to minimise the potential for disturbance to neighbouring residents in terms of noise and dust during the construction phases of the development. This should include not working outside regular day time hours, the use of water suppression for any stone or brick cutting and advising neighbours in advance of any particularly noisy works. The granting of this planning permission does not indemnify against statutory nuisance action being taken should substantiated noise or dust complaints be received.

### **Condition Categories**

The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

**Compliance** - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

**Pre-commencement** - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

**Pre-occupation** - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

**Bespoke Trigger** - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Where approval of further information is required you will need to submit an application to Discharge Conditions and pay the relevant fee via the Planning Portal at

www.planningportal.co.uk or post to Planning Services, Lewis House, Manvers Street, Bath, BA1 1JG.

### Permit/Consent Decision Making Statement

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

### Community Infrastructure Levy

You are advised that as of 6 April 2015, the Bath & North East Somerset Community Infrastructure Levy (CIL) Charging Schedule came into effect. **Before** commencing any development on site you should ensure you are familiar with the CIL process. If the development approved by this permission is CIL liable there are requirements to assume liability and notify the Council before development commences, failure to comply with the regulations can result in surcharges and additional payments. <b>Applicant:</b>	Dick Lovett Companies Ltd		
<b>Expiry Date:</b>	27th August 2020		

## **DECISION REFUSE**

### **1 Poor Design**

The proposed development, due to its design, scale, appearance, massing and materials, would not be in keeping with the surrounding area and would harm local character and distinctiveness. Furthermore, it would exceed the height parameters of the outline planning permission and would appear overly dominant and incongruous in its setting and harmful to the Outstanding Universal Value of the Bath World Heritage Site. The landscaping proposals would fail to mitigate this harm and it would not be outweighed by the public benefits of the proposals. The proposed development would therefore be contrary to the development plan, in particular policies CP6 and B4 of the Core Strategy and policies D1, D2, D3, D5 of the Placemaking Plan.

### **PLANS LIST:**

1539.E.001A	SITE LOCATION PLAN
1539.P.001E	PROPOSED SITE PLAN
1539.P.100F	PROPOSED GROUND FLOOR PLAN

1539.P.206C	INTERNAL ELEVATION B
1539.P.207C	INTERNAL ELEVATION C
P19-1309_14 C	LANDSCAPE PLAN GENERAL ARRANGEMENT

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework. The Local Planning Authority has worked positively and proactively with the applicant to resolve some of the issues with the application leading to a recommendation to approve the application. However, for the reason set out above the Planning Committee decided to refuse the application.

### **Community Infrastructure Levy**

You are advised that as of 6 April 2015, the Bath & North East Somerset Community Infrastructure Levy (CIL) Charging Schedule came into effect. Whilst the above application has been refused by the Local Planning Authority please note that CIL applies to all relevant planning permissions granted on or after this date. Thus any successful appeal against this decision may become subject to CIL. Full details are available on the Council's website [www.bathnes.gov.uk/cil](http://www.bathnes.gov.uk/cil)

Revised Drawing	31 JULY 2020		KERB DETAILS

### Condition Categories

The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

Compliance - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

Pre-commencement - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

Pre-occupation - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

Bespoke Trigger - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Where approval of further information is required you will need to submit an application to Discharge Conditions and pay the relevant fee via the Planning Portal at [www.planningportal.co.uk](http://www.planningportal.co.uk) or post to Planning Services, Lewis House, Manvers Street, Bath, BA1 1JG.

### **Permit/Consent Decision Making Statement**

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

### **Community Infrastructure Levy**

You are advised that as of 6 April 2015, the Bath & North East Somerset Community Infrastructure Levy (CIL) Charging Schedule came into effect. **Before** commencing any development on site you should ensure you are familiar with the CIL process. If the development approved by this permission is CIL liable there are requirements to assume liability and notify the Council before development commences, failure to comply with the regulations can result in surcharges and additional payments. Full details about the CIL Charge including, amount and process for payment will be sent out in a CIL Liability Notice which you will receive shortly. Further details are available here: [www.bathnes.gov.uk/cil](http://www.bathnes.gov.uk/cil)

### **Responding to Climate Change (Informative):**

The council is committed to responding to climate change. You are advised to consider sustainable construction when undertaking the approved development and consider using measures aimed at minimising carbon emissions and impacts on climate change.

## DECISION PERMIT

### 1 Plans List (Compliance)

The development/works hereby permitted shall only be implemented in accordance with the plans as set out in the plans list below.

Reason: To define the terms and extent of the permission.

### 2 Sample Panel - Walling (Bespoke Trigger)

No construction of the external walls of the development shall commence until a sample the external render and cladding to be used has been submitted to and approved in writing by the Local Planning Authority. The development shall be undertaken in accordance with the approved details.

Reason: In the interests of the appearance of the development and the surrounding area in accordance with Policies D.2 and D.4 of the Bath and North East Somerset Local Plan and Policy CP6 of the Bath and North East Somerset Core Strategy.

### 3 Ancillary Use (Compliance)

The development hereby permitted shall not be occupied at any time other than for purposes ancillary to the residential use of the dwelling known as 2 Uplands Drive, Saltford, Bristol, Bath And North East Somerset BS31 3JH; and shall not be occupied as an independent dwelling unit.

Reason: The accommodation hereby approved is not capable of independent occupation without adverse impact on the amenities of existing or future residential occupiers contrary to Policy D6 of the Bath and North East Somerset Placemaking Plan.

### 4 Removal of Permitted Development Rights - External Lighting (Compliance)

No new external lighting shall be installed on the proposed garden room or decking without details of a proposed lighting design being first submitted and approved in writing by the Local Planning Authority; details to include lamp specifications, positions, numbers and heights; details of predicted lux levels and light spill. The lighting shall be installed and operated thereafter in accordance with the approved details.

Reason: To protect the residential amenities of the neighbouring occupiers in accordance with policy D6 of the Bath and North East Somerset Placemaking Plan.

### **5 Plans List (Compliance)**

The development/works hereby permitted shall only be implemented in accordance with the plans as set out in the plans list below.

Reason: To define the terms and extent of the permission.

### **PLANS LIST:**

This decision relates to the following plans:

PLN-1. Planning Drawing. Received 9th June 2020.

Location Plan. Received 9th June 2020.

### **Permit/Consent Decision Making Statement**

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

### **Condition Categories**

The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

Compliance - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

Pre-commencement - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

Pre-occupation - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

Bespoke Trigger - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Where approval of further information is required you will need to submit an application to Discharge Conditions and pay the relevant fee via the Planning Portal at [www.planningportal.co.uk](http://www.planningportal.co.uk) or post to Planning Services, Lewis House, Manvers Street, Bath, BA1 1JG.

### **Responding to Climate Change (Informative):**

The council is committed to responding to climate change. You are advised to consider sustainable construction when undertaking the approved development and consider using measures aimed at minimising carbon emissions and impacts on climate change.

## Community Infrastructure Levy

You are advised that as of 6 April 2015, the Bath & North East Somerset Community Infrastructure Levy (CIL) Charging Schedule came into effect. **Before** commencing any development on site you should ensure you are familiar with the CIL process. ## DECISION    CONSENT

### 1 Standard Advert Time Limit

This consent shall expire at the end of a period of five years from the date of this approval.

Reason: This condition is specified in the Town and Country Planning (Control of Advertisements) (England) Regulations 2007.

### 2 Standard Advertisement Conditions (Compliance)

a. No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission.

- b. No advertisement shall be sited or displayed so as to -
  - (i) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military)
  - (ii) obscure, or hinder the ready interpretation of, any traffic sign, railway signal or aid to navigation by water or air
  - (iii) hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle.
- c. Any advertisement displayed, and any site used for the display of advertisements, shall be maintained in a condition that does not impair the visual amenity of the site.
- d. Any structure or hoarding erected or used principally for the purpose of displaying advertisements shall be maintained in a condition that does not endanger the public.
- e. Where an advertisement is required under these Regulations to be removed, the site shall be left in a condition that does not endanger the public or impair visual amenity.

Reason: These conditions are specified in the Town and Country Planning (Control of Advertisements) (England) Regulations 2007.

### **3 Plans List (Compliance)**

The development/works hereby permitted shall only be implemented in accordance with the plans as set out in the plans list below.

Reason: To define the terms and extent of the permission.

### **PLANS LIST:**

This decision relates to the Proposed Logo Design and Site Location Plan submitted 6th July 2020, and the Existing and Proposed Elevations submitted 10th July 2020.

### **Permit/Consent Decision Making Statement**

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

### **Condition Categories**

The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

Compliance - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

Pre-commencement - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

Pre-occupation - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

Bespoke Trigger - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Where approval of further information is required you will need to submit an application to Discharge Conditions and pay the relevant fee via the Planning Portal at [www.planningportal.co.uk](http://www.planningportal.co.uk) or post to Planning Services, Lewis House, Manvers Street, Bath, BA1 1JG.

<b>Item No:</b>	07

<b>Applicant:</b>	Bath And North East Somerset Liberal Democrats	
<b>Expiry Date:</b>	3rd September 2020	
<b>Case Officer:</b>	Helen Ellison	

## **DECISION PERMIT**

### **1 Standard Time Limit (Compliance)**

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 (as amended) and to avoid the accumulation of unimplemented planning permission.

### **2 External lift colour/finish (Compliance)**

Notwithstanding approved document 'Melody One - lift Specification' Rev A dated 31.07.2020 all elements of the lift shall be painted matt black and remain so for the lifetime of the development.

Reason: In the interests of the appearance of the development and the surrounding area in accordance with Policies D2, D5 and HE1 of the Bath and North East Somerset Placemaking Plan and Policies B4 and CP6 of the Bath and North East Somerset Core Strategy.

### **3 Construction Management Plan (Compliance)**

The development shall thereafter be undertaken in accordance with the approved 'Construction Management Plan' dated 21.07.2020.

Reason: To ensure that safe operation of the highway and in the interests of protecting residential amenity in accordance with Policy ST7 of the Bath and North East Somerset Placemaking Plan. This is a condition precedent because any initial construction or demolition works could have a detrimental impact upon highways safety and/or residential amenity.

### **4 Hard and Soft Landscaping (Compliance)**

All hard and/or soft landscape works shall be carried out in accordance with approved Drwg. No. 4142 - 0017A 'Lift plan sections and elevations - as proposed' dated 31.07.2020. The works shall be carried out prior to the occupation of any part of the development or in accordance with the programme (phasing) agreed in writing with the Local Planning Authority. Any plants indicated on the approved scheme which, within a period of five years from the date of the development being completed, die, are removed or become seriously damaged or diseased shall be replaced during the next planting season with other plants of a species and size to be first approved in writing by the Local Planning Authority. All hard landscape works shall be permanently retained in accordance with the approved details.

Reason: To ensure that the landscape scheme is implemented and maintained in accordance with Policies D2, D5 and NE2 of the Bath and North East Somerset Placemaking Plan.

### **5 Railings (Compliance)**

The existing railings located to the rear of the premises shall be relocated and re-used as surround to the front garden in accordance with drawing no. 4142 - 0017B. The new gates and any shortfall in railings shall be made to match the relocated/re-used railings in size, design, detail, materials, colour and finish. All railings and gates shall be permanently retained as installed for the lifetime of the development.

Reason: To safeguard the character and appearance of the listed building and its setting in accordance with Policy CP6 of the Bath and North East Somerset Core Strategy and Policy HE1 of the Bath and North East Somerset Placemaking Plan.

### **6 Plans List (Compliance)**

The development/works hereby permitted shall only be implemented in accordance with the plans as set out in the plans list below.

Reason: To define the terms and extent of the permission.

### **PLANS LIST:**

This decision relates to the following drawings and documents;

Date: 09.07.2020 Drwg. No. 4142 - 001A Drwg. title: Location plan

Date: 31.07.2020 Drwg. No. 4142 - 0016A Drwg. title: Front garden - as existing

Date: 17.08.2020 Drwg. No. 4142 - 0017B Drwg. title: Lift plan sections and elevations - as proposed

Date: 21.07.2020 Doc. title: Construction Management Plan

Date: 31.07.2020 Doc. title: Melody one lift specification Rev A

### **Condition Categories**

The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

**Compliance** - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

**Pre-commencement** - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

**Pre-occupation** - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

**Bespoke Trigger** - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

### **DECISION    CONSENT**

#### **1 Time Limit - Listed Building Consent (Compliance)**

The works hereby approved shall be begun before the expiration of three years from the date of this consent.

Reason: To comply with Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990 (as amended).

#### **2 External lift colour/finish (Compliance)**

Notwithstanding approved document 'Melody One - lift Specification' Rev A dated 31.07.2020 all elements of the lift shall be painted matt black and remain so for the lifetime of the development.

Reason: To safeguard features of special architectural and historical interest and preserve the character and appearance of the listed building in accordance with Policy CP6 of the Bath and North East Somerset Core Strategy and Policy HE1 of the Bath and North East Somerset Placemaking Plan.

### **3 Hard and Soft Landscaping (Compliance)**

All Hard and soft landscape works shall be carried out in accordance with approved Drwg. No. 4142 - 0017B 'Lift plan sections and elevations - as proposed' dated 31.07.2020. The works shall be carried out prior to the occupation of any part of the development or in accordance with the programme (phasing) agreed in writing with the Local Planning Authority. Any plants indicated on the approved scheme which, within a period of five years from the date of the development being completed, die, are removed or become seriously damaged or diseased shall be replaced during the next planting season with other plants of a species and size to be first approved in writing by the Local Planning Authority. All hard landscape works shall be permanently retained in accordance with the approved details.

Reason: To safeguard the character and appearance of the listed building and its setting in accordance with Policy CP6 of the Bath and North East Somerset Core Strategy and Policy HE1 of the Bath and North East Somerset Placemaking Plan.

### **4 Materials - Submission of Schedule and Samples (Bespoke Trigger)**

No remodelling of the front garden planters shall commence until a schedule of materials (to include wall and paving stones, and, mortar specification), and samples of the materials to be used in the construction of the external surfaces, have been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be carried out only in accordance with the approved details.

Reason: To safeguard the character and appearance of the listed building in accordance with Policy CP6 of the Bath and North East Somerset Core Strategy and Policy HE1 of the Bath and North East Somerset Placemaking Plan.

### **5 Railings (Compliance)**

The existing railings located to the rear of the premises shall be relocated and re-used as surround to the front garden in accordance with drawing no. 4142 - 0017B. The new gates and any shortfall in railings shall be made to match the relocated/re-used railings in size, design, detail, materials, colour and finish. All railings and gates shall be permanently retained as installed for the lifetime of the development.

Reason: To safeguard the character and appearance of the listed building and its setting in accordance with Policy CP6 of the Bath and North East Somerset Core Strategy and Policy HE1 of the Bath and North East Somerset Placemaking Plan.

### **6 Plans List (Compliance)**

The development/works hereby permitted shall only be implemented in accordance with the plans as set out in the plans list below.

Reason: To define the terms and extent of the permission.

## **PLANS LIST:**

This decision relates to the following drawings and documents;

Date: 09.07.2020 Drwg. No. 4142 - 001A Drwg. title: Location plan

Date: 31.07.2020 Drwg. No. 4142 - 0016A Drwg. title: Plan, elevation & sections - as existing

Date: 17.08.2020 Drwg. No. 4142 - 0017B Drwg. title: Plan, elevation & sections - as proposed

Date: 31.07.2020 Doc. title: Melody one lift specification Rev A

## **Condition Categories**

The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

Compliance - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

Pre-commencement - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

Pre-occupation - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

Bespoke Trigger - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.
