

Update: Climate & Ecological Emergency and Renewal Vision

**Parish Liaison Meeting
22 October 2020**

Corporate Strategy

- Covid impact
- Ecological emergency declaration
- New Renewal Programme

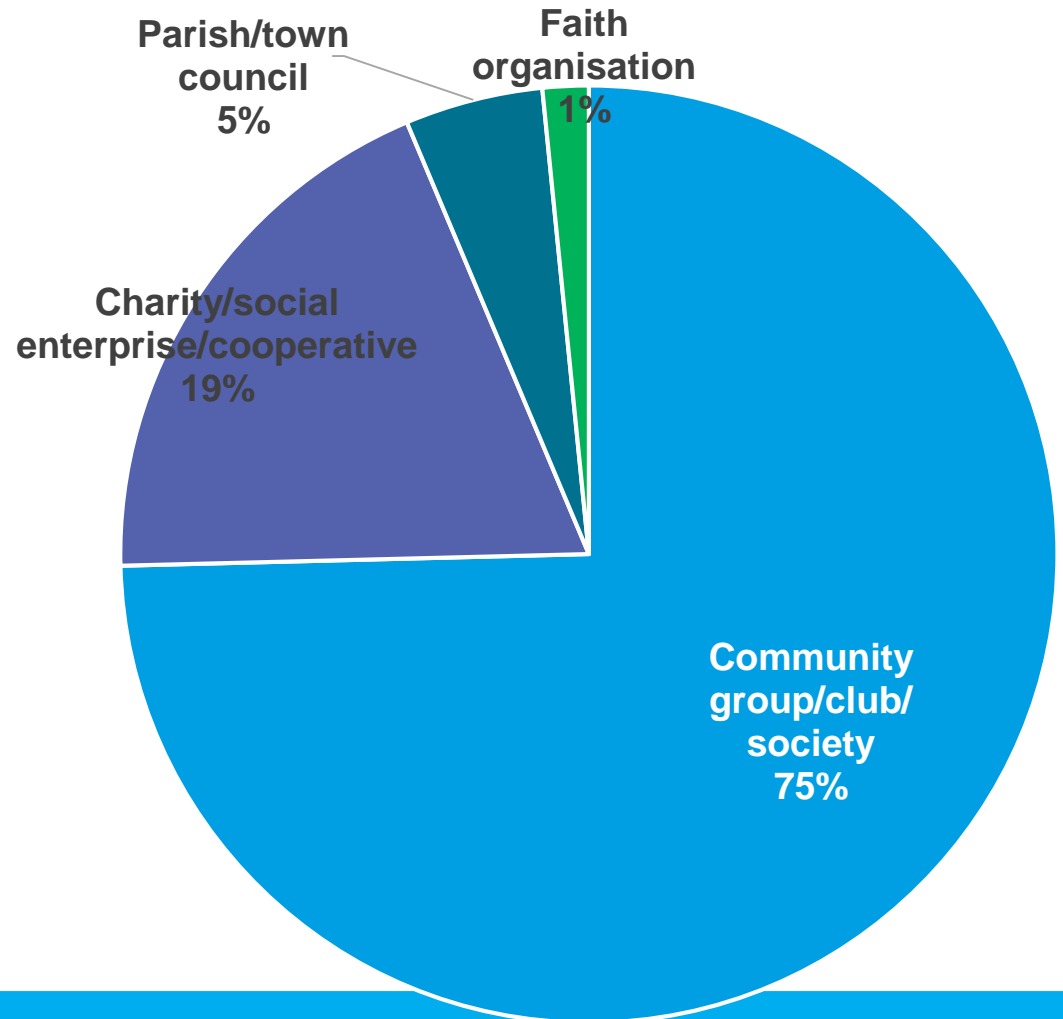

Climate action update

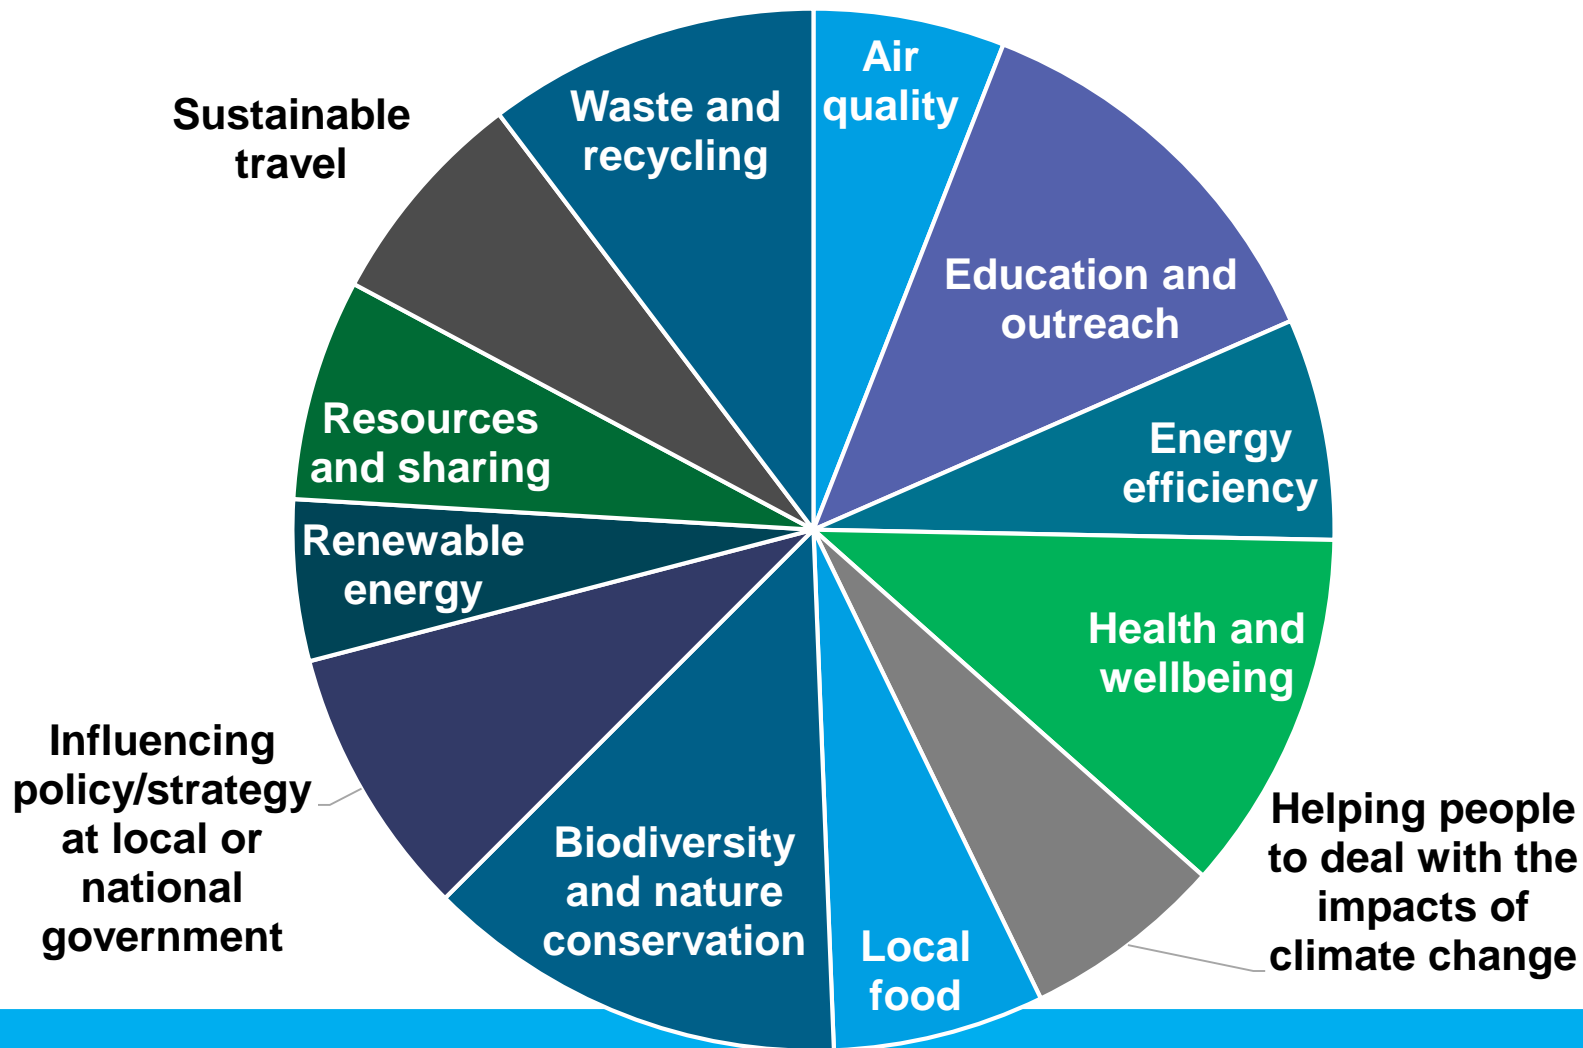

- **Planning:** Local Plan Partial Review
- **Transport:** Liveable Neighbourhoods; EV charging; Clean Air Zone; Residents' Parking
- **Housing:** Energy at Home advice service; Green Homes Grants

Community-led climate change actions survey

- Over 80 local organisations working on tackling climate change responded

Community-led climate change actions survey

Parish climate action

- Nine parishes have declared climate emergencies so far
- 26 November CSE Parish Council Action Planning workshop

Also coming up:

- B&NES renewable energy investment study
- ‘Green Recovery’ study: economic and social facts and figures from climate including potential for new local jobs

Renewal Vision work

- To create one shared vision that everyone in B&NES can get behind
- To help us to develop a more diverse, resilient and greener local economy after the pandemic
- To build on 'positive' change such as reduced commute and home working

Renewal Vision - engagement

- First stage of key stakeholder engagement complete
- Second stage in development to engage more widely across the community
- Watch this space for: webinars and online crowd-sourcing for your and your residents' ideas for the future
