Permit/Consent Decision Making Statement

In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Policy Framework.

Community Infrastructure Levy - General Note for all Development

You are advised that as of 6 April 2015, the Bath & North East Somerset Community Infrastructure Levy (CIL) Charging Schedule came into effect. CIL may apply to new developments granted by way of planning permission as well as by general consent (permitted development) and may apply to change of use permissions and certain extensions. **Before** commencing any development on site you should ensure you are familiar with the CIL process. If the development approved by this permission is CIL liable there are requirements to assume liability and notify the Council **before any development commences**.

Do not commence development until you have been notified in writing by the Council that you have complied with CIL; failure to comply with the regulations can result in surcharges, interest and additional payments being added and will result in the forfeiture of any instalment payment periods and other reliefs which may have been granted.

Community Infrastructure Levy - Exemptions and Reliefs Claims

The CIL regulations are non-discretionary in respect of exemption claims. If you are intending to claim a relief or exemption from CIL (such as a "self-build relief") it is important that you understand and follow the correct procedure **before** commencing **any** development on site. You must apply for any relief and have it approved in writing by the Council then notify the Council of the intended start date **before** you start work on site. Once development has commenced you will be unable to claim any reliefs retrospectively and CIL will become payable in full along with any surcharges and mandatory interest

charges. If you commence development after making an exemption or relief claim but before the claim is approved, the claim will be forfeited and cannot be reinstated.

Full details about the CIL Charge including, amount and process for payment will be sent out in a CIL Liability Notice which you will receive shortly. Further details are available here: www.bathnes.gov.uk/cil. If you have any queries about CIL please email cil@BATHNES.GOV.UK

Responding to Climate Change (Informative):

The council is committed to responding to climate change. You are advised to consider sustainable construction when undertaking the approved development and consider using measures aimed at minimising carbon emissions and impacts on climate change.
