Number of responses for each project

**that have been received though the public consultation
from 08 May 2024 until 28 May 2024**

<p style="text-align: center;"><u>Reasons</u></p>	<p style="text-align: center;">Do you have any links to the organisation applying for the CIL?</p>
<p>Alice park is very popular now with the cafe facilities...so definitely needs some accessible play equipment and some TLC The Shaftesbury Road memorial garden should have a handrail installed for access. An accessible hard footpath at Weston would benefit many people living in the area</p>	<p style="text-align: center;">No</p>
<p>Larkhall United Reformed Church There is a need for increased youth facilities in LarkhallHenrietta ParkThe sensory garden has served as a peaceful refuge for people over many years and has become neglected of late</p>	<p style="text-align: center;">No</p>
<p>There is ASB from young people in our area. Maybe with better youth facilities their energy could be diverted.</p>	<p style="text-align: center;">No</p>
<p>Our young need support after suffering the pandemic restrictions.</p>	<p style="text-align: center;">No</p>
<p>To give young people a better chance to develop, learn, socialise, be active etc and to be proud of themsleves so they are great adult citizens And a place to rest and reflectAll the projects are very worthwhile, of course</p>	<p style="text-align: center;">No</p>
<p>Youth support and projects is a vital lifeline for kids who maybe can't attend extra curricular sports tutoring or activities.</p>	<p style="text-align: center;">No</p>
<p>It is a beautiful park with peaceful surroundings and the memorial gardens are where i often sit. The park is largely looked after by volunteers so some external funding to pay for the new lining is an excellent use</p>	<p style="text-align: center;">No</p>
<p>Both youth projects are successful. Julian Road junction is very dangerous for pedestrians.</p>	<p style="text-align: center;">No</p>

It is a busy, hazardous junction, where speeding drivers never give way to pedestrians trying to cross even when it is obvious that they have mobility issues. It is a well used crossing for Marlborough Buildings and Royal Crescent residents and others. A safer crossing point would do much to serve the valuable enclave of local shops and amenities below St James's Square and Marlborough Tavern on the opposite side.	No
All these projects make a huge contribution to the communities in which they are based. There's not one that doesn't deserve funding. However, if I have to choose, I would say prioritise projects that benefit children & young people because there have been so many cuts to their services in the past 14 years.	Yes
Alice park play area has been neglected for far too long with no new equipment since my first child was born 14 years ago. Yes there is a skate park now. But this was largely funded by a donation and provides for children of a different age group. Let's make Alice park as nice as Sydney gardens!	No
Alice Park play area needs a huge update so it's inclusive for all children. It also needs more choice of play equipment.	No
I live in South Larkhall and go for piano lessons at the Percy Community Centre, I often get off the bus near Julian Road and would benefit from a crossing there.	No
This play park is used and relied on by many adults and children and the children's play area is in need of renovation and updating. Its upgrading would greatly enhance the whole Park. The Park is a centre of the community for example hosting events and as part of the Larkhall Festival. It is obvious visually that the play area needs an overall and that all the children that play there would benefit hugely. It would also benefit greatly from some landscaping. We would love it to be updated.	No
The park needs new play equipment for future generations. The equipment is outdated and the park is very well used and needs safer and more interesting equipment.	No
This is a well-used play area with very worn and outdated play equipment. Residents have been asking for it to be updated for a long time. It could be so much better, especially as it's next to the café which is both welcoming and innovative. The need is even greater since the 'little park' by the bridge over the Lam had all of its play equipment removed so there is nowhere else nearby for the children of Larkhall.	No

Alice park is a great community asset and an upgrade to the playground would benefit many. I also support an upgrade the Julian Road crossing- it's a busy road which is also quite heavily used by walkers and cyclists. Improving the safety of walkers is really important here	No
Woefully under funded. Unsafe and old play park. Drastically in need of investment of both safety and modern fun.	No
It is our local park. Equipment is old and tired. It is a great area for families to come together	No
URC in Larkhall are working hard to provide facilities and activities for local children, and this money would allow them to make the experience much improved.	No
Young people are a forgotten section of society. We need to invest in them	No
Both of these projects are essential for youth wellbeing in the Larkhall community and are in desperate need of funding, to be able to go ahead with long overdue improvements.	No
Alice park play area is much loved, but it is looking old and tired and it really requires updating. The area is very popular with children of all ages. Larkhall URC is used by many young people in the community. It is important to me personally as my children attend drama club there.	Yes
The is very little for the youth to do in Larkhall. This is a valuable resource for our young people.	Yes
I believe that any project benefiting youth activities and the outdoors, particularly parks deserves full support. Young people do not have the benefit of the activities that were available some years ago and cycling has become more dangerous, and Parks infrastructure has become degraded over the last 10 years with government and local council cuts. While it is difficult to select only a few, I have chosen those benefiting youth and parks.	Yes
Larkhall URC are doing so many amazing things within the community offering all kinds of activities across the multi generational board they offer Breakfasts and coffee mornings, Youth clubs, holiday clubs and so much more, they are the hub of the community and with the funding can offer so much more!!	No
The play area is very lacking in equipment. For a highly populated area it isn't adequate. There's also a lack of teen girls activities such as a gym pole, netball hoops, large climbing frame or stage area.	No
Shaftesbury Road is a modest request but will make a significant difference	No
A well deserving cause	No

The funding will help develop the youth club. I think it's so important for children and teenagers to have a safe place to meet, socialise and be together.	Yes
They're running an excellent youth group which is such an asset to the community and really need the funding	Yes
The park play area is very dated and would really benefit from new play equipment.	No
It is a great community church that involves people of all ages and would massively benefit from funding.	No
They are a fantastic chance for larkhall, which has lost all its other youth groups	No
This church meant so much to my grandparents and still means so much to my family now. They always worked so hard so focus on helping those in need and that legacy has continued. The people that run the church tirelessly not only create a safe place to worship but at the same time continue to make the community a better place and have done for many years and I believe will continue to do so. Their hearts are always full and that is reflected in what they continue to do for their parishioners.	No
A lovely place for people (and animals) of all faiths and none.	No
	No
Because it's the best	No
This beautiful scented garden has a charming lily pod in the Center and contains a number of fish.its a quiet and tranquil place for people to go and sit and read and meet their friends. The Friends of Henrietta Park hold a number of events in it and a number of volunteers help on Sunday mornings maintaining the garden and offering plants and shrubs to enhance it. Covid really drew attention to its beauty. We would be very sad if the pond ceased to function.	Yes
the play park in alice park is extremely run down and could really do with this investment for rejuvenation so it can serve the children of Bath for many years to come	No
Supporting local children and providing facilities and activities otherwise not available	Yes
I have been using Alice Park for over 40 years, as a child, I have very many happy memories. I have now been going with my grandson and the play area is in need of a makeover. There is very little in the park and what is there is dated and not universal for all needs. It is such a shame as the cafe and green space there is lovely. Let's encourage children out to play and inspire them with a fantastic play area.	No
Fantastic place for community and the youth of larkhall. As welcoming and does great work	No
The group is new and the only one like it in Larkhall.	No

	No
Such a great church serving the community	Yes
There has been a huge amount of work setting up the Youth club and this needs to keep going as it is fantastic for the youngsters.	No
Larkhall URC is becoming a hub for the whole community. Just this past weekend they hosted 2 discos as part of the Larkhall Festival event. With funding they could further improve their facilities.	Yes
It's an asset to the community, where all ages come together and we should be protecting and nourishing this	No
A new group to the centre of larkhall and run by volunteers and a leader Desperate to lead it into the future and for my children when they are older to be able to use it	
A great group and deserves all the funding	No
I love going to youth club in larkhall. The upstairs is welcoming but the downstairs needs some work!	Yes
Excellent local resources for youths who need a good positive atmosphere to keep them safe and develop well. This would really boost their environment	No
United Reform Church is one of the hubs of Larkhall community. It is mainly a church but it also home to the Youth Club . It brings many groups together it's a place to worship for the older community & families and the youth club welcomes teenagers in a safe environment where they can relax with friends and use the facilities provided. They deserve funding so these groups can carry on providing a service to the community.	No
Larkhall URC youth club gives young people somewhere to go. Although being supervised/mentored the young people are still with their friends. A grant would help the youth club offer more activities and things for the teenagers to engage with.	No
Larkhall URC should receive funding because it provides a safe and constructive environment for young people to socialise, learn new skills, and engage in positive activities. Investing in Larkhall URC promotes community cohesion, helps keep kids out of trouble, and supports the holistic development of young individuals, which is crucial for the kids future.	No

The charity is at capacity without more funding and the help they provide is lifesaving and invaluable. They help with not only women escaping or recovering from domestic abuse, but also assist service users with all aspects of life such as work, counselling, legal, benefits, practical, physical and emotional support on an ongoing basis. No job is too big or small. They change and save lives including my own and the lives of others. They need the funding to help more women and families in need.	Yes
Voices not only enables people to recover from abuse, it uses valuable lived experience to improve services	Yes
The building blocks of our society are 'the family units' in all their shapes and forms. Domestic abuse erodes those building blocks. There are many casualties, many ripples. Voices do wonderful work because they work with each person as a unique individual... a truly Person-Centred Experiential approach.	Yes
Voices should receive funding because of the support they offer anyone recovering from all and any forms of domestic abuse. They support people long term to rebuild their lives and restore peace for them and in turn to their families. It is a wonderful charity that need community support long term.	No
Great user led organisation tackling domestic abuse and empowering survivors	No
Voices help so many people who have been through the most awful situations. More funding will help more people.	No
Voices support is bespoke and trauma informed - greatly contributing to domestic abuse services across BANES, however they are not statutory funded. This funding would help them continue their life changing work.	Yes
They are so important for what they do.	No
Great team. Women focused. Small community project supporting local women and their families	No
I think services for young people and their mental and emotional well being are so important. I also know what brilliant work Voices do, and think this will make a huge difference to the lives of survivors of domestic abuse. All of these projects have the potential to make a lasting impact on the lives of people they work with.	Yes
Our children (7&9) love playing in Alice Park, it is a real central hub to the community. An overhaul of the play park is much needed, it is very tired & dated, broken equipment hasn't been replaced. It's sad & uninspiring. It doesn't provide for older children (my 9 year old isn't interested in this play park anymore, but take him to Victoria park and he is). The kids need stimulating, challenging, engaging, imaginative & inspiring play equipment. Keep our kids kids for as long as possible!	No

Good project	No
With domestic abuse on the rise, and myself being a victim from two ex partners (male) Voices charity were the best support to me as I worked my way out of the abuse. The charity also supported my son who was also abused. I couldn't have got through it without the charity, and the fact that it was based in Bath was incredible.	Yes
They are projects that benefit the wider community and are not niche or could be funded if there was proper fundraising in place by the users (i.e. BMX club should fund their own thing).	No
I believe women who are abused, in any way, need to be heard and given the confidence they need and deserve. I was one of those women, ladies, mothers etc. I got out and now am in a relationship I never thought I'd ever have, I'm in love ♥ You can all get there too xx	No
Supporting women	No
Really important as part of the amazing larkhall community	No
Because the only youth provision in Larkhall & many young people rely on it for their social times outside of School	No
There's not enough awareness for abused women and more funding would help to raise awareness and give women the support and confidence to speak out earlier before the abuse gets worse. This in turn will encourage other women to come forward.	No
This is an amazing park with a brilliant local cafe beside it. Some of the equipment is now tired and there's lots of space unused to put some newer stuff in.	No
Stop youth moving toward knife crime, petty crime and anti social behaviour. Henrietta gardens looking very tired due to lack of investment.	No
As someone who has accessed Voices, I can see that financial support could help them achieve the goal I'm supporting more people. Alice Park is an amazing area and is used by the local community and beyond. It would be lovely to see the play area updated as it really is loved by all. The cafe staff work so hard to make the setting welcoming, the funding will bring the park to the same level.	No
Charity doing important work to help victims of domestic abuse and their children	No

Voices provide a localised and specialised recovery and support service for people living with domestic abuse. The funding would enable Voices to grow their reach and support more people experiencing or those who have experienced domestic abuse to access individual support, group support, therapeutic interventions and continue on their way to healing from trauma.	No
Our young people and children face so many threats and challenges these days that facilities that provide support and pleasure should be given priority. Hence my support for the four projects above.	No
Voices is a fantastic charity, the work it does is liberating and empowering.	No
Because of the excellent, essential support they provide to protect the vulnerable.	No
It's a great family park and setting	No
They provide ongoing support for families who have experience of abuse, other services don't provide the ongoing support. Also they give opportunities to Women to help them get back into work, employment opportunities and their input is valued. They also have the Hygiene bank. Voices is a forward thinking charity, helping vulnerable people to help themselves and everyone is valued. They have a personal touch with their service users, a warmth and endless empathy.	Yes
Having lived in larkhall since birth, going to Alice park as a child myself to now taking my own daughter, the park is now in desperate need of a revamp! It's important children have outdoor play areas, the spider frame that was replaced with a pile of logs was very poorly managed!! A zip wire / trim trail on the grass area would also be great! What was once a brilliant park needs a big revamp!! The paths around the park have been a great improvement for those with mobility issues/ wheel chairs	No
Beautiful park looked after by tireless volunteers.	No
Voices is a really important charity that supports vulnerable adults in Bath	No
Very outdated and not enough facilities for older children.	No
Women who experience abuse a cause close to my heart	No
The funding would enable them to provide more support to vulnerable women in domestic abuse situations	No
Because we go to this park a lot with my family and we'd welcome and enjoy using the improvements.	No
This service is essential to the community.	No
There is absolutely nothing in this area for youth	No
It does some great work and bath needs more for domestic abuse	No

Voices - this charity supports people who are at their most vulnerable, with kindness and compassion whilst empowering them to move on. The staff are incredible and deserve as much support as possible. Percy Youth Project - offers something dynamic and engaging, giving young people a place to meet and play and try new activities in a safe place. It models positive social interactions and shows local youths that they have something to offer.	Yes
Youth clubs are essential for good community cohesion	No
Filling a need for local children to have a safe place to meet.	No
Domestic violence is on the rise and this is a unique charity for women doing great work.	No
To protect our community from domestic abuse and to have a safe space to share.	No
Voices are an invaluable support for people who have experienced DA, the work they do is life changing and the support is not available elsewhere. Also youth connect provide great support to young people as does the Percy Centre	No
Close to my heart, it's a brilliant cause for women in need and protection.	No
Its a fantastic charity and helos somany.	No
The work performed by Voices is hugely important and sometimes literally lifesaving. Families can build new safe futures with their help. Please support.	No
To support the local community and classes that are offered by Larkhall URC for students.	No
The play equipment is tired and could do with a revamp it is the best park to serve the east end of the city and well used but could do with some more challenging equipment for older kids	No
Because they help young people especially those who are more vulnerable than others	No
This is a dangerous junction and cars speed school children need safer walking route	No
Excellent support for young people in the community	No
Need to calm traffic speeds	No
Safer place to cross busy junction	No
All excellent schemes	No
Sadly it's a cause that seems to be increasing so needs funding	No
The youth club at the URC makes a massive difference to the community, and could really do with some financial support. They also support many small non-profit community enterprises such as the local brownie pack and karate club. This would be a thoroughly deserving cause.	No
Excellent support for young people in the local area, giving them something to do to and people to talk to.	No

Underrated charity that provides invaluable assistance to those in unhealthy relationships.	No
They helped me in my time of need.	No
Percy has been a feature in many community activities. It ought to continue to support the lives of young people.	No
To support those people in great need where there is insufficient resource and support available. These groups can and will change lives for those in poorer demographic areas and who have experienced, and continue to experience, trauma	No
Young people in BANES need this support	No
I think this project should receive funding as it is a vital part of the community	No
Because the Julian Road junction with Marlborough Buildings and Cavendish Road is a very dangerous place for pedestrians. The road traffic is incessant and fast, and vehicles do not stop to allow pedestrians across, as they feel they have right-of-way on a main thoroughfare. This junction is used by Marlborough Buildings and Lane residents, among others, to access the shops, chemist and facilities around St James Square.	No
Helping victims of domestic abuse has far reaching community benefits and service like these are so needed and underfunded.	No
VOICES provides lifesaving and life changing bespoke services and support for people and families who have or are experiencing domestic abuse in all of its forms. People can access support at any point in their journey and often require multiple streams of support such as access to counselling, safeguarding support, legal advice, access to recovery programmes, support during legal proceedings, housing and living advice and support. All in one place under one roof in an inclusive and caring place	Yes
They would directly benefit my local area, or are things that I feel would be beneficial to their area as a whole, without being detrimental to anybody nearby / other people using the area.	No
A pedestrian crossing between the Marlborough Tavern and the corner of the approach golf course (west of cavendish Road) will be the only safe place for a pedestrian crossing on this busy and dangerous intersection and will allow parents with children to get to St Andrew's School more safely.	No

This intersection is impossible to cross at for elderly and those with visual impairments. A crossing is necessary and the proposed location running north south across Weston Road makes sense. It will also act to slow traffic which is necessary.	No
The Tumps has suffered enormously from motorcycle activity. It is such an amazing resource for young people and deserves upgrades and better protection	No
Because the play equipment is not fit for purpose	Yes
A real need in the local area and Active Weston would support the local youth work done by Scouts and Boys Brigade.	No
Unfortunately over the years the park has been deteriorating. With a fantastic cafe on site this is such a fabulous place for all the family!	No
Great at what they do.	No
Desperately need some play equipment - nothing for over 11 years!	No
They make areal difference to lots of people not just specific groups. Village Agents do a great job at low cost. Julian road needs a crossing for all. Weston neglected lately for more affluent aread	No
These are capital projects that will leave a legacy for the kids allowing them to develop skills. .	No
Hopefully you will run out of money and leave Weston alone. We don't want bikes on the Rec. The land was given for young and old people.	No
Investing in our youth is the best way of creating a better society in the future	No
Out of date	No
Amazing community resource, play equipment will help the local community and young families creating a safe and secure place to play. Much needed, been coming here for 28 years and its a great place to meet people	No
I work in a local school and I know our students enjoy what Dave and his team do and they would like to see it continue. It gives the students a safe place to hangout.	No
There's not enough verity for different age groups & what they do have is very tired.	No
The Remembrance Garden offers a place of stillness to anyone needing to find solace. Restoration of the pump will ensure the peaceful ambience is maintained.	No

Voices are an incredible charity that I have had the pleasure of collaborating with previously and they simple exude pure passion and love in everything they do. It is so clear working with them that every person working at Voices cares so deeply about each of their clients. Voices already do incredible, life-saving work, helping hundreds of people each year. A fund of this size would simply be life-changing to even more people and allow the love of the Voices staff/volunteers to spread to more.	No
Such a very lovely family park	No
It's an amazing venue. It's suitable for all ages. It would make it even better than it is now. The equipment needs replacing. Fantastic park even in winter	No
Safer school street	No
Because it's a beautiful family park , where I work !!! . And the children's area is in desperate need of upgrading as there are no apparatus for young children to play on . It's been a long time waiting in need of some love ♥	No
This is a no-brainer! Each and every one of these projects provides an invaluable service to allow our communities to flourish	No
In need of refurbishment. Used by many from all areas of bath.	No
The playground has received very little attention in the last decade or more. In fact the only attention it has received was when some of it was chopped off because the skateboard park was built too close to it.	No
It would make the area a much more usable, practical space.	No
Alice Park is a very popular and much loved playground serving not only the immediate area but attracts families from all over Bath and surrounding areas. The play structures are in need of improvements or additional play structures where there were once structures but have been removed. The current play structures offer limited accessibility options which could be improved.	No
VOICES is a much needed and unique Bath based independent charity run by women with lived domestic abuse experience working with current survivors of domestic abuse. Support includes peer groups, 1-1, counselling and bespoke tailored support including accompanying court visits, benefit application help, liaising with outside organisations including police, social workers, schools, etc.	No
Really important work	No
Give more support and fun things to do for children and youth in the Larkhall area. The Alice park playground is currently shamefully poor!	No

Effective ways of helping people with social and practical problems	No
These projects make a real difference to the life chances of women, children and families in B&NES and are critically underfunded.	No
To help those who have experienced domestic abuse, get the desperate help they need. There shouldn't be a waitlist for such services!	No
The BMX project will help to give youngsters activities to do. Henrietta Park water feature needs to be looked after.	No
Voices is a unique charity in Bath, reaching those who experience domestic abuse. The staff are wise and dedicated. I owe my recovery to them. Without this service which includes court support women who continue to remain in silent nightmares not of their own making	No
This is a wonderful space with a fabulous cue, unfortunately the facilities in the park aren't very good at all- it would be super to see this park updated with new equipment.	No
I have worked with young People, before Covid. Now I feel they are more troubled than before, and lack social skills amongst many more things. A place to go and talk in confidence is a great help to working things out for them.	No
Anything to help young people is worthwhile as so many clubs and facilities for them have been closed down. The pond needs relining, the road needs a crossing - the environment and local residents all need support.	No
Young people need all the support they can get these days to try and keep them on the straight and narrow.	No
Voices should be supported because they provide safe space for women to heal and understand what has happened to them. Violence against women happens everywhere, is not talked about enough and more can be done to educate men and women about healthy relationships and staying safe. It is often through word of mouth that people hear and receive support to escape abuse. If Voices win the funding, the money will help to reach out to hard to reach people. It's absolutely essential to support recovery	Yes
This fantastic charity gives a voice to people who have never felt heard and the work they do is invaluable for recovery.	No
All very different but equally worthy	No
The equipment in the park is old but the place is very well used and provides a vital playspace on that side of Bath.	No
Kids at St Andrews are not safe in getting to school	No

Safety for all St Andrew's Church school families	No
Near the school, the school Children is not safe to cross	No
It's such a dangerous junction with a high footfall of young children	No
Very important for safety of children walking to school and the park etc.	No
We cross here regularly on the school run and it regularly feels dangerous with my 3 small children. We'd be so grateful for a crossing there!	No
This is a much used crossing by primary school children and is very difficult and dangerous to cross. A zebra crossing would hugely increase safety for pedestrians	No
It is an extremely dangerous road to cross on both sides and each day many children have to navigate this road crossing going to and from school. My child was nearly knocked over by an impatient driver and I have heard of many other stories. There needs to be a pedestrian crossing in place before there is a serious accident at this junction	No
St Andrews school on Julian road does not have the benefit of a crossing or a lollipop man. On a busy junction used by a large portion of the local school children, a crossing would drastically improve the safety of those needing to cross these busy roads.	No
My children go to the school and currently unsafe for them to crosse	No
This junction is hazardous, it is confusing for drivers, cyclists and pedestrians. There is no alternative safe crossing place (all the way up to Winifred's Lane and all the way down to the Upper Bristol Road). As an older person on foot it feels like I am diving with death crossing here. It is only a matter of time before there is a serious collision here. Please get something done as a matter of urgency.	No
The crossing there would be safer for our children to reach their school and also for parents	No
Improve the safety of hundreds of children's' daily journey to school, thus encouraging parents and children to avoid using their own cars and travel on foot.	No
My children, along with 50+ others cross this dangerous road everyday. Putting in place this crossing here would ensure there was a safe way of walking all the way from Victoria park to St Andrews church school	No
It's vital children are able to cross safely to St Andrews Primary school.	No
It's an accident waiting to happen, 100s of kids walk to school every day and cars drive so fast up to the park.	No

The crossroads at the junction at Marlborough buildings and Julian Road is always very busy at school drop off and pick up times, with heavy traffic coming from all four directions. Many families walk to school or park in Victoria Park and then walk due to trying to avoid parking nearer school where it is heavily congested. A crossing would make it significantly safer, not just for families with children but anyone using the crossing at any time of day.	No
They are important areas for the local community. It would be invaluable funding.	No
It is very dated and old	No
A very valuable space for the local community.	No
Our youth and children need more support, to help them stay engaged, off interactive screens and outside playing, developing resilience and social face to face interaction.	No
It's such a dangerous road for children to cross. You have to look four ways. There is no other crossing to get across the roads in that direction from the school. I've nearby been run over with my child on many occasions. Please fund!	No
It is a vital resource for local families	No
This is such a well utilised play area that would definitely benefit from a refurbishment.	No
Alice park play area provides a safe place for children from all over east Bath and really helps bring communities together.	No
It's a highly treasured playground in desperate need of renovation	No
As a local parent and childminder, I spend a lot of time in Alice Park. The playground is in desperate need of a refurb, making it a place for the next generation of children to enjoy and remember.	No
It's always a shame when public water features don't work and they bring the look of an area down - it's good to see them maintained and working. There's not much funding for the south of Bath so good to see the tumps bmx track receiving some. The memorial is a hidden gem and there aren't many other green spaces around there	No
It is such a hub of Bath!	No
These are 2 key demographics needing more support in this area	No
Ok	No
It's a great park but it needs a lot of tlc.	No
The play park is a precious resource for local children and much loved by families. The play area needs some updating in places.	No

<p>It's been our fav spot since Covid, my daughter gets to meet with her friends, we enjoy great gatherings outdoors and Alice Park is the one 📍</p> <p>It made our life during Covid and still does, but needs some work now 🛠️🌳</p>	No
<p>This is a danger hot spot and really tricky to cross. In addition it would help provide a safe crossing to St Andrews school</p>	No
<p>The okay park is in need of new equipment. The spider climbing frame was taken away years ago and was replaced with logs. It needs some money spent on this park</p>	No
<p>The play equipment seriously needs updating. It's not particularly safe and some parts are broken.</p>	No
<p>Widely used and needs updating.the only park now this side of Bathxlots of schools nearby who go there after school</p>	No
<p>It is such a popular park but the play equipment is old and tired</p>	No
<p>The younger generation need somewhere safe and fun to play and explore! They need outdoor space to have fun and keep them active! A place where parents can go like Alice Park to keep them occupied and off screens is always going to be a positive!</p>	No
<p>The play equipment is in serious need of updating</p>	No
<p>The current equipment is old worn and not fit for purpose</p>	No
<p>Play area needs refurbishment</p>	No
<p>To benefit the local children who play there!</p>	No
<p>The park is very tired. It is frequented by many children of different ages and desperately needs to be updated. This will benefit a large community.</p>	No
<p>Larkhall is a wonderful community and the church is trying to offer much need support to youngsters. They started a youth club opening 2 evenings a week & are trying hard to update the area's for the children to be able to come, join friends in a safe space and nice surroundings. Trying to help kids get off the streets & out of trouble is so important, especially at the moment with all the terrible knife crimes in our beautiful city of bath .</p>	Yes
<p>More outside accessible Space for everyone to benefit from.</p>	No
<p>The park is most welcoming to all ages, but particularly to young people. It needs the play area to be updated to accommodate young people with diverse needs & abilities.</p>	No
<p>Alice Park is in need of refurbishment and would benefit the local community to have a safe and fun play area for children.</p>	No

It is used by so many children and is in urgent need of repair.	No
Alice park is our local park and very much loved. Since we first played there with a toddler 10 years ago the equipment has slowly been removed and we very enthusiastically support improvements and refurbishment.	No
The church provides for all the children young and older teenagers in the community.. if the children in the area hasn't got anywhere to go they will get into trouble hanging around on the streets .. please help .	Yes
For the kids	No
Our community needs an updated play area , it's a beautiful space used by so many locals and their families . We need this for the future of Alice park to be enjoyed by all	No
A local facility for families and kids to enjoy time outdoors, has become tired and degraded	No
Alice Park is a well used park by so many local residents and the children thrive in this wonderful space. It is now disappointing with the play area and needs updating	No
Because it has been very old and worn out for a very long time. Children can't find anything to spend time with when they go there.	Yes
There's a large playground for children but it needs better equipment to make the most of the space. Good for getting children active and healthy	No
The play area is in need of refurbishment. Thanks!	No
URC is right next to school and used for so many activities. My daughter goes to youth club there twice a week	
Alice Park is used by families from a very wide area and is a great community resource	No
The kids love it	No
Alice park is a popular park but has been looking tired and letting this side of the city down for a few years now.	No
So worthy	No
Great much needed service	No
The project is helping young people to join together for fun, safe entertainment. It is teaching them to care for one another within their community and to grow into responsible adults as being shown by those that work with them in this project.	No
It's looking a bit tired and run down sadly	No
Road safety for the children of St Andrews school.	No
Alice park is so popular with young families who would benefit so much from the proposed improvement.	No

The playground is used by children throughout the local community. Other local park near Bladauds Head has been removed as part of savings. There are few places for children to play due to high traffic and parking issues in the area	No
The park is well used by families from all across Bath, but specifically those within walking distance. The playground is not suitable for a wide age range, is dilapidated and uninspiring.	No
It is outdated and needs modernisation.	No
Providing for young people in our area	No
Many children use the park but the play area needs an upgrade. The play equipment seems very tired and there isn't much on offer for older kids, 8+ for V example	No
Needs to be re-modded and updated.	Yes
The play area is tired and out of date. There is little seating in the play area. The play equipment is lacklustre with swings missing and not replaced. The park is well used but falling short of providing a safe well equipped play park for the local children.	No
This park needs an update desperately. A basketball hoop and new equipment. It's is looking tired and unloved. Where the old climbing frame once stood ten years ago remains a bark pit which is dangerous and unsightly.	No
Sadly, it's looking old and run down and not very in keeping with our beautiful city.	No
I spend a lot of time here with my son.the play area is in desperate need of refurbishment.	No
Fantastic space for families and do not want to lose the kids excitement in play. The okay equipment needs to be update.	No
This is a fantastic place for kids to play	No
The equipment is very old and run down	No
Such a community focal point with a open outlook and a place of wellbeing. An investment to update the area will enhance its potential to reach more of the community.	No
Alice park playground is in need of a total overhaul, the swings are rusted and missing in some cases, their is a circle of broken and missing tree stumps for a play area for smaller kids, and the other equipment isn't hugely imaginative! It's such a vital part of the local community and a refurb would make a massive difference.	No
Henrietta Park residents have alleviated the burden of maintenance from BANES. Please reward this by providing funds to maintain a community asset. The crossing at Julian Road is dangerous. Drivers do not slow down sufficiently from all directions.	No

Alice Park is a great resource for families around Bath. The play equipment is in urgent need of an upgrade.	No
Such a community focal point with a open outlook and a place of wellbeing. An investment to update the area will enhance its potential to reach more of the community.	No
This is our local park, we are there with our three children at least two or three times a week. The play structures are so worn out and scruffy and are in desperate need of renovation. The playground really doesn't fit the rest of the park which is so well cared for. It would be amazing to give the playground the revamp it and our children deserve.	No
Such a community focal point with a open outlook and a place of wellbeing. An investment to update the area will enhance its potential to reach more of the community.	No
A loved park by all ages with a great community feeling. It deserves a new look	No
The playpark is hugely popular and extremely tired. People travel from distance to meet here and it's extremely valuable for local residents like us as it's such a great space, which appeals to a wide range of ages. Desperately in need of an update though as it has been very well used!!	No
Vital play resource for the area	No
Park facilities for younger children hasnt been updated in years	No
Widely used area and very popular with young families. Deteriorating play equipment may become unsafe.	No
This beautiful place needs refurbishment asap	No
Have you seen the state of it?	No
Much loved park, used by so many families, in desperate need of repair.	No
This park serves a huge number of families in the local area. It would be enjoyed by so many children and families for years to come. The play park in its current state is so	No
Equipment is old and in increasingly poor condition. Yet it is a very popular and well used location, with many events throughout the year that draw visitors from surrounding areas, so investment will meet the needs of a significant number of local people.	No
Alive Park especially need attention for the maintenance of users there	No
It needs an upgrade	No
As a destination park of significant historic interest.. designed by a prominent landscape architect Geoffrey	No
Very dangerous junction for pedestrians and cyclists	No
We need more clubs like this in Bath. Volunteers trying to keep our teens off of the streets, what's not to love!	No

Alice Park has so much potential but is let down by a slightly lack-luster and insufficiently sized play park . The play equipment is a bit tired and dwarfed by the space which is tremendous shame because Alice Park cafe is a tremendous draw from the surrounding area and, if the play park was up to standard, this would make Alice Park a truly unavoidable weekend visit!	No
It's open to every one and free to use. Would be a lovely asset to the area	No
A beautiful park which is an invaluable space for many families and their children. The play park is small, tired and would benefit from extra funding.	No
Alice Park play park is an essential part of the children's physical and mental health and essential for families. The play park is very well used and loved and is even more important since the "little park " in Larkhall has been dismantled. The development and happiness of our children is crucial.	No
Vital community resource that helps children experience play outdoors and socialise and interact with others.	No
Every time we visit the park you see friends and family enjoying the open space and playground. Over the years the park has started to look tired and is in need of repair to keep it safe and usable for all the families in the area.	No
The playground is a very important part of the community where children spend a lot of time. The equipment needs updating desperately.	No
My daughter is attending the club. This is a great and safe space for young people. The staff are nice and they make the sessions interesting, engage the users in cooking, sport, helping them socialise. It takes the young people away from the screens, and occupies their time in positive way keeping them off of doing "silly" things. We need to keep it going.	Yes
Voices is a vital service offering a range of services to support those subject to Domestic Abuse. These services are vital in helping break such a destructive cycle for victims and their children.	Yes
Invest in the future by teaching the joy of music & singing	No
Lovely park but play area very old and needs renewing	No
It's run down and Bath is a beautiful city	No
Youth facilities are essential in my mind, also the assistance of abuse victims seems a worthy cause	No

Projects that focus on the youth and wellbeing should be a key priority to ensure a healthy city and ensure the youth have facilities. Weston is an area that really needs more outdoor sports and youth support do to the demographics of the area. That's why active Weston and the youth support projects are important. The voices project give city wide support to those who need it. The Shaftesbury hand rail is a small cost to improve accessibility.	No
Because all of them has kids involved and kids in this country should be priority	Yes
Alice Park is a beautiful safe playing area for the children .. not only that but so much greenery and natural surroundings. Very much needed and appreciated	No
Great place for taking the kids.	No
I think both these locations need restoration to give young people a safe environment to socialise outdoors. The alice park skate park has been a success and now this should be a focus to complete the park with a new play park and focus on other areas like the BMX track. Get the young people off their phones and in a park or on a bike!	No
Because it is used by so many local families and really needs updating to make it fun and engaging for children.	No
To improve the safety of pedestrians (including children going to and from the local school) who use the area, which has lots of local amenities.	No
Youth services are important and have been defunded for too long. Alice Park play area is very dated	No
Because it's not safe without one for so many adults and children to be crossing as people speed so fast along that road	No
Enhancing our green spaces helps so many people maintain a healthy lifestyle as well as improving their mental health. There are very few parks on the east side of Bath, Alice Park provides a vital sanctuary to that side of the city.	No
This is a beautiful park and is used by the nursery next door a lot. I think it get its full potential it deserves the funding	No
We need more facilities for children and young people of all ages in this area. I think this will help activity and mental health of our young people. The youth centre will also help reduce anti social behaviour by giving young people something to do.	No

Youth services create positive outcomes for young people providing focus, purpose and support at this crucial stage of life. Domestic abuse has a devastating effect but often goes under the radar. Survivors need support to rebuild their lives and self-worth to escape this destructive situation.	No
To offer support a greater number of young people in need.	No
This is an important crossing at a busy junction for the entire community	No
We think that this will be a safe place to cross for local school children walking from victoria park. This junction had works completed when tory council were in charge and the changes they made were for cars not for pedestrians we need to undo their awful car focused road planning and make it safer for all users - people first not car first	No
They support victims of domestic abuse which is a personal thing for me. Fantastic work and deserve all the help and support.	No
These projects will benefit the wider community, help those most in need of support and hopefully for a lot of projects listed help to reduce issues with youth violence and poor behaviour The Julian Road crossing should be funded out of council standing highway budgets not from such a Levy Fund	No
There is not enough money to run this to its full capacity. These victims can't shout about their abuse for fear of retaliation. We must support them. Many woman facing abuse need support and care. Funding plays a major role in this hidden crisis!	No
FOR WORK WITH KIDS OUR NEXT GEN IS SO VITAL AND PLACE FOR HTEM TO GO	No
Has a lot of potential	No
Used and loved by so many in the community but desperately in need of update.	No
This is a really beautiful place for everyone in our community and the team running the park, cafe and ponds at the top put in so much effort. The play park is so popular with families and children who would continue to benefit from its facilities. Funding should support new equipment and its maintenance.	No
Area is in need of updating and improvement	No
It's such a vital part of Larkhall community. The young children and families need it.	No
For families to get out and enjoy the space	No

The play equipment at Alice Park is in desperate need of refurbishment. The park is a vital resource for many local people, particularly those who don't have much outside space of their own at home. The cafe business has put a lot of effort and money into providing a resource to draw in families and having safer, updated and engaging equipment would make a huge difference to families using the park.	No
Domestic Abuse and its ramifications are a big problem which is underdressed in our privileged society. Voices receives no statutory funding but provides an invaluable service and is increasingly seen as one of the leaders in the field in the local area. Without continued funding it will be unable to continue to provide necessary support to victims of abuse.	Yes
Directly helping vulnerable people	No
Weston village is a large area of Bath with many families and the Rec is well-used by young people and dog walkers. The extra facilities will be very important in encouraging outdoor activity and improve wellbeing of those who use it.	No
As a resident of Pitman Court, in my frequent visits to Alice Park I have been impressed by the number of mothers and young children who enjoy the present Play Park in the sunshine. I do however feel that the play equipment available to them is both limited and dated and would welcome some significant investment in improving the facilities for the children. It would likely lead to increased usage by resident mothers & children.	No
Youth facilities are important for developing sociability and improving the mental health of children and young persons. both projects would aim to contribute to those aims.	No
There are very little spaces in bath for children and youths to spend their time, fighting for open space or pocket money to spend time with friends outside of school. Investing in open spaces and activity programmes outside of the city means there is a higher population of families and young people who are able to spend time outdoors without always having to think of things to do and find the money to do them. With increasing screen use, outdoor spaces are vital for socialisation and movement.	No
The Julian Road crossing is in safe for everyone, even healthy, active adults. At the LN workshop it was the main issue for all the surrounding communities. Regarding Youth Connect, it is vital to invest in children and young adults to have a community of responsible adults.	No
It is a good resource for the community youth	No

Brilliant causes, will impact people's lives in a positive and real way	No
It's a beautiful park and deserves some upgrading	No
The park is well used and hence should be continuously maintained and modernised where appropriate.	No
A very popular and well used park. Serves a wide community	No
Children need spaces for play and exploration particularly in the outdoor environment. It supports social and cognitive development as well as being vital for wellbeing.	No
This is a very difficult intersection to cross for my children walking to school at Kingswood Prep. A crossing in this location would allow them to safely walk rather than going in the car.	No
It's always a busy, fast, and dangerous place to cross. An essential crossing point for Royal Crescent, Golf Course approach etc	No
Safety in a busy, fast-moving traffic road.	No
Dangerous junction	No
They are outstanding in their care of people who are suffering domestic abuse	Yes
They are doing a great job keeping the children of Larkhall off the streets. If you can get these children early to engage in activities it might help to turn them away from carrying knives and getting into mischief.	No
This would be a very positive use for CIL funding especially helping children walk to St Andrew's School along the road. Please Please Please choose this project.	No
Parks and open spaces are well understood to improve the well-being and mental health of all who use them. Henrietta Park is a very popular park, very accessible, and the pond with a fountain is almost unique in BANES. The park is much used by people of all ages. The pond is a particular attraction, making the gardens restful and contemplative, and also improving biodiversity for the whole park. Replacing the leaking liner will maintain this asset for many years to come for the benefit of all.	Yes
Julian Road crossing is much needed given increasing volume of traffic. The other options were positive things for young people.	No
It's vital to have a pedestrian crossing at the intersection so close to the Junior school on Julian Road. It would make for a much safer environment for all	No
Alice Park playground equipment is looking very tired. It's a very popular and well used playground and should be invested in for the local community to continue to use.	No

This junction needs a safe crossing	No
This is a dangerous intersection and would benefit from improvement	No
Very much needed. This is an accident waiting to happen	Yes
A significant impact on pedestrian and road safety.	No
School aged children cross this busy junction heading north and south. Traffic backs up Cavendish Road and Marlborough Lane a crossing will make a break in the traffic	No
It's a dangerous crossing. Pedestrians, motorists and cyclists will all benefit.	No
Voices is working to support women who are victims of domestic abuse. Having used it personally it is invaluable to the recovery of survivors in an area where DA is not spoken about openly or accepted and still has a huge amount of shame attached to it.	No
Safety	No
Because youth services are in crisis	No
The Alice park play equipment is currently very uninspiring and needs an upgrade. There are no other play area facilities available in the North East part of Bath. The Percy project is providing a valuable service to young people, which would be enhanced significantly with CIL funding.	No
I walk each day to Royal Victoria Park from the St. James's Square side and feel venerable crossing the road as you have to constantly look in four directions, whilst trying to catch the drivers eyes as their attention is focused on crossing Julian Road or turning into Cavendish Road.	No
Alice Park is an exceptionally popular park serving the numerous communities on the East of Bath. I remember being taken there by my parents in the 1950's and the playground feels as if it has not really changed much in the last 70 years. The play equipment is old and uninspiring and needs updating. Alice Park is well supported by volunteers who help to look after many of the Park's features. A CIL award would be well deserved.	No
This is a very high demand pedestrian crossing point that has no safe provision. Adding a proper pedestrian crossing will significantly improve safety at a point where there is a clear desire line	No
This spot would hugely benefit from a pedestrian crossing - it would be such a positive addition to the area and help keep pedestrians safe as well as helping traffic flow within the area.	No
This is an extremely busy junction providing a constant hazard when trying to cross, especially to the park with a buggy and dog, as in my case!	No

The park has been long overdue an update, my children love coming here but get bored very quickly. It's a big part of the larkhall and surrounding areas community being part of the larkhall festival and think it should have some love poured back into it. There needs to be more to do for the children and updated for all children not just young children.	No
That is such a dangerous crossing and is used so much . It will be really helpful to local people	No
The intersection from the Cavendish Road to Marlborough Tavern has become a very dangerous place to cross for pedestrians. The traffic coming from Weston in particular seldom adheres to speed limits. Cars are so concerned with other cars at the intersection that they don't observe pedestrians at all.	No
Fantastic and much needed work that will help a lot of people.	No
Nature is essential for promoting health	No
It is very difficult to judge the speed of traffic & we are not seen as important to drivers on what they consider a short cut	No
The park provides an excellent community focus but to maintain this we need to ensure the facilities are safe and up to date	No
This proposed crossing would provide much needed road safety benefits for pedestrians crossing the road at this increasingly busy road junction. Currently it is an extremely hazardous junction for both pedestrians and motorists alike and therefore, would have the added benefit of calming traffic in the neighbourhood. I highly endorse the proposed crossing.	No
I am sight impaired and I know it will deteriorate, I would like to be able to cross the road with a better degree of safety.	No
Voices work to support survivors of domestic violence is so important to the community and offers a space for those who need it most. The project is specifically orientated about the wellbeing and benefit to the community that's been growing due to their work and the pressures on key services over the years where they've been cut.	No
Young people need more accessibility to outdoor activities.	No
The amount of children and families that will benefit	No
Open green spaces and encouragement of outdoor activities and community	No
Desperately need investment in these areas to ensure children's' wellbeing	No
We love this park!	No
In desperate need of refurbishment for local families	No

Improving the facilities for younger kids would make Alice Park a great spot for families with kids of all ages. With the current cost of living crisis, having community assets like this accessible to everyone regardless of income has to have huge benefits for the children themselves and the community as a whole	No
It's a well used park on this side of town, but is very tired	No
It is the heart of the community It will help with children's physical development, and also socially sensory issues It is definitely in need of a revamp!	No
It is a popular park but play structure and swings are very old and out of date. For such a big space it could be amazing if renovated!	No
The area is much loved by local families but has become tired and needs some money to help bring it back to life.	No
Alice park is used by so many members of Bath community and beyond, through all seasons.	No
It is an extremely popular park with a lovely cafe, Some of the play equipment was broken/been taken down a few years back and not replaced so has left an empty space. Some equipment is great and children love the sandpit but some does need updating. They host alot of events such as the larkhall festival and royal celebrations which attracts alot of families to use the play park. They have also recently taken away a park on spring Lane in larkhall so alice park is the main one in that area	No
Kids love the Alice park playarea and it needs improvement. It would be a shame to lose such a lovely corner especially since the kids spend most of their free time there.	No
The play area desperately needs refurbishment	No
The park is tired and needs a revamp.. the play area is dated and is a very busy park for kids.. the community the cafe has built is amazing and should be rewarded.	No
The park facilities are in desperate need of replacing as they are old and worn. The park is becoming more popular with the cafe enlarging and the park needs to keep pace with demand.	No
It's a play park with a huge footfall that will soon become dangerous if not rehabilitated.	No
It is a community hub where ppl from surrounding area connect and lots of kids use it	No

Alice Park play park is a vital hub for toddlers and young children across Larkhall and Fairfield Park, providing a safe, enclosed space for the vital development of our future generations. It needs help!	No
Larkhall urc running much needed youth club	Yes
Facilitate a safe play space for children without the means to go to Victoria Park. This would reduce car use to parks on the other side of the River. Children need safe well maintained recreational facilities to promote happiness and fun . Parents need to relax in a safe space to meet other parents and promote a feeling of belonging and happiness. This is a great opportunity to upgrade this Park . Sydney gardens unfortunately although the landscape is attractive is just not functional.	No
Alice Park is a wonderful community hub and the playground is in need of refurbishment	No
They provide value community real	No
They are places for youth and the community in an area of need	No
This park is used by so many local families and is in need of funding to improve the play area which desperately needs improving and has done for many many years.	No
Desperately in need of new equipment. Such a popular park due to area but the park itself is old and dated	No
We utilise this park regularly, weekdays after school and weekends. The kids would use it more with upgraded equipment, choosing this location over other more crowded parks, important for our eldest who can get overwhelmed in noisy, busy places.	No
Not enough support for Victims of Domestic Abuse	No
It is so well used by children from all over and yet the playpark equipment is very much past it's best.	No
The park is at the beating heart of the community but the play area has seen much better days - in comparison the the rest of the parks in Bath which have great facilities Alice Park very much lags behind.	No
Very well used by children and their families. Forms a community hub. Best open space area in that part of Bath.	No
Alice park offers a wonderful space for all ages but the playground is very tired and big areas of the current play park under used. New facilities would reduce locals jumping in their cars to go to Victoria Park and other distant playgrounds, exercise Eastern Bath kids more and it would be great to have some play kit or exercise equipment for older kids, teens and adults.	No

It is a very valuable community facility for young children and is in desperate need of updating. It would be good to see play equipment for older children there too.	No
Play park servicing a large catchment area. Very popular with kids. Other investment in the park providing excellent facilities and resources for all ages, however this play park is now in need of investment too. Thank you.	No
This gorgeous local park is well in need of updating. My kids are 9 and 6 and in their lifetime they've seen the kids park area decrease in the number of play equipment as items have been decommissioned due to age and not replaced. It has very little for older kids (8+). We would love to see it updated to have a wider range of equipment to suit a range of ages, so it can be enjoyed for generations to come!	No
Other than new swings about 10 years ago, the play area here hasn't been updated in over 30 years. It's a very popular park and many children and their families travel across Bath to come here. It would be great to have some new equipment for the next generation to enjoy.	No
An incredible park with a very tired playpark. I'm 42 and my 3 year old son is playing on some of the same equipment I did at his age	No
Alice park is such a beautiful and well loved / used park but the playground really lets it down. It desperately needs upgrading so that there are facilities for larkhall children locally to avoid needing to get in the car to go to Victoria or Alexandra parks	No
Alice Park is a wonderful place which is used by so many children, an absolute asset to this side of Bath.	No
Alice park is a special community where friends come together and you meet new people. We often visit to see the changing wildlife and seasons and to use the play equipment. As my children get older there is less to occupy them, I would love their use of Alice park to continue beyond the age of 11/12 with more challenging climbing and play equipment	No
Children use it constantly and it's in need of refurbishing	No
Large catchment of children, currently very poor/tired selection of activities	No
It is vitally important to give growing children safe and stimulating play areas - with this funding the Alice Park Playpark would continue to be a valuable play resource for local families.	No
Areas within the playground are in disrepair and a lot of the play equipment is very dated.	No

The main climbing structure etc is old and if compared to somewhere like St Stephens we can see how much possibility there is to have a beautiful wooden structure with exciting play elements for the children. We have also lost the play structures in the smaller park so there is more need	No
shame given there is so much potential for the space. I'd like to see investment in more inclusive play equipment	No
well loved local park with great community feel . attracts all ages and groups. reduces travel and maisonette biodiversity. good governance	No
This playground is a haven for so many families locally. The play area is old and in some places unsafe, yet the pull of the park and the cafe is undeniable. It is beyond in need of support and will continue to bring the community together in so many ways!	No
The current facilities are greatly in need of updating and are insufficient for the number of children who visit Alice Park.	No
Because it is a beautiful space for families.	No
Very well used local Play area but play equipment is old and needs refurbishment.	No
fabulous local project serving the community Encourages well being in this stressful climateSo much nature to enjoyPlay area for youngsters is vitally important Dog	No
Countless number of children and families spend every dry day all year around. It's children safety and happiness	No
Because it would benefit the children and bring more business to the small cafe	No
It's a brilliant park in a great location, with so much to offer but it just needs a little TLC!	No
The play equipment is run down and old. My son loves the park but it needs improvement.	No
As a family, we LOVE Alice Park as a whole, there is so much to do and see and it's all beautifully kept EXCEPT the playground which is tired and very much in need of a refurbishment. Please bring it in line with the rest of this amazing park.	No
Updating specs for children to play safely	No
Such a wonderful family resource which could be so much better	No
Although great, the play area could be amazing again with a little love (and a the pennies needed to show the love!)	No
Tired and old, needs refreshing for the benefit of all the local children	No
Desperate need of funding	No
To support local young people, give them a place to play/hang out and stay away from trouble.	No

Alice Park is extremely popular with families because of its excellent tennis courts, a great cafe, skate park, community garden and beautiful open spaces. Unfortunately the play area is very dilapidated and no longer feels safe. It is making some parents chose to drive their children to Sydney Gardens, Victoria or Alexandra parks rather than walk to Alice Park. Investing in the play equipment will ensure Alice Park remains a popular park for years to come and will reduce traffic in Bath.	No
So many children use Alice Park play area and it has not had updated equipment for many years. Infact it has had things taken away but not replaced. The sand pit is great, but let's get decent swings for older and younger children and something to replace those logs!	No
The park is beautiful and so well used but is lacking in play equipment for the children to enjoy and develop physical skills.	No
We use this park all the time and it is in dire need of updating!	No
We use the park multiple times every week. It's such a great space in need of some investment. We really like how the park helps support the amazing nursery and cafe	No
It's a wonderful park that my children love but definitely in need of refurbishment.	No
It's a very worthwhile project and will benefit a huge number of families and young children encouraging active play, fostering an active lifestyle and reducing the risk of obesity and the health and financial strains this brings to our council services	No
The park is so popular with the local community but the play area is tired and starting to fall apart. Its needs funding to continue to provide a quality facility to attract families.	No
The play area is in desperate need of refurbishing. It is used by so many children but equipment is old or missing entirely	No
Support local families.	No
This park is the next biggest play park in Bath after Victoria Park and Sydney gardens and serves the whole of the east side of Bath. It deserves some refurbishment as nothing has been done here for years and it is a beautiful park with	No
Support for investment and welcome improvement to the children's play facilities at Alice Park on the north east side of the city. This park has a large catchment of children / parents and investment here would benefit a lot of families in the surrounding area.	No
Alice park is a heavily used kids playground with worn equipment. There is only a couple of benches for parents. Recently you closed another small park in the area meaning Alice park is now the only park for many people	No

Kids needs to be outdoors as much as they can and need nice parks	No
They do amazing and unique work supporting women to escape coercive and abusive relationships. In many cases,	No
The equipment is in dire need of overhaul/updating	No
The play park is the only play park in that area of bath and is in desperate need of refurbishment	No
All are important community resources	No
It's a very popular park and the play area is well used. To ensure it's popular and well used for years to come, the play area needs a re-vamp. The slide is extremely popular so maybe an additional slide for slightly older children as well would be good. Although we wouldn't want the existing one exchanging for one of those rubbish slides that no one can actually slide down. The appeal of the current one is it being part of a unit which has lots of other things. The sand pit is popular too.	No
The play facilities at the park are so well used and such an asset for the community. The facilities are now showing signs of just how much they are used and need refurbishing. As a community we must show young families we care for them and this is a wonderful part of Bath to live in or visit .	No
Children in the area need a safe place to spend more time outdoors with other children	No
We need to get children off screens and out playing so they need good safe play areas.	No
It's a good, but not yet great, facility in a great community. Improvement will encourage more usage.	No
Forward thinking great initiative	No
A good facility that can be made even better	No
Worthy project to support youth of tomorrow	No
Playground for older kids who come regularly to the park	No
This charity provides a unique service to local woman who have suffered from Domestic Abuse, supporting them & their family in their recovery once their crisis is over. It's about making people whole again which is just not possible without support	Yes
Valuable and so we'll used by the community	No
To update the facility and equipment to make it fit and safe for purpose for the community and for the health and wellbeing of the children.	No
The park is tired and has no equipment for slightly older children 6/7 years plus. It desperately needs investment to ensure it remains as a community hub that encourages children to play	No

<p>The park is widely enjoyed and used by a huge number of local residents. It is a great space especially for young children and provides well needed exercise and stimulation for the kids as well as a nice place to socialise for parents. We would have been lost without it!</p>	No
<p>It will help to give the youths a safe and rewarding place to go.</p>	No
<p>This is a most important community asset, enjoyed by many people of all ages. Without the pond the memorial garden in Henrietta park will degrade and decay and the empty pond will be a dangerous hazard.</p>	Yes
<p>Henrietta Park is an exquisite park of beautiful trees, flowers, areas for children's play and seats to sit and enjoy. The Memorial Garden is its piece de resistance, the fountain with lily pond where anyone can enjoy outside space that is beautifully kept, especially in a city where many people do not have gardens.</p>	No
<p>The garden is a peaceful oasis close to the city centre and provides a beautiful green space for local flat dwellers. It is maintained by a dedicated team of volunteers who keep the park wonderfully and especially the memorial garden which currently needs repairs to the pond.</p>	Yes
<p>Henrietta park is a great place for all ages. My children enjoy the pond and the wildlife there enormously so it would be great to have the pond repaired.</p>	No
<p>The little pond is an integral part of the memorial garden where many locals and visitors seek to reflect and enjoy a peaceful and life-prolonging atmosphere away from busy lives.</p>	Yes
<p>This sublime little garden within Henrietta Park would not be the same without its pond as the centre-piece. This long-standing feature deserves to keep its place not only aesthetically for us humans but functionally for the wildlife. I brought my dying sister to this garden just to sit and watch and listen to nature around us. It was her sanctuary - away from her cancer treatment and away from the hustle and bustle of the city. I wholeheartedly support this application. Sally Helvey, Bathwick.</p>	Yes
<p>Alice Park is a well loved asset that deserves a bit of a spruce up</p>	No
<p>The Memorial garden in Henrietta park is a place of tranquility for the growing number of residents living in the area. The pond is the central feature and provides an opportunity for urban children to learn about plants and water creatures.</p> <p>As Bath has become a major tourist centre the gardens have also become a focal point for visitors staying in the many hotels in the locality.</p>	Yes

The pond in Henrietta park is a rare and important place of quiet and tranquillity for local residents, as well as tourists. It is a place respected and cherished. Many locals live in flats and don't have access to their own garden and appreciate this shared space of quiet. It is very well maintained by local volunteers who put in countless hours to keep the pond topped up. The pond hosts important wildlife such as newts and frogs, and allows rare beetles nearby. Children learn about lifecycles	No
Alice Park playpark as it is local and my child played there and would love the children now to continue to enjoy this area. Youth Connect as they do a lot of good work.	No
It is a well liked facility used by all people in the community	No
Alice Park is a wonderful space for getting out and about and active and connecting with friends and the community. However the play park although in a great space does not have the equipment that takes advantage of all of this. Better equipment would do justice to this community resource and make kids even more active, even more social	No
Henrietta Park is is a showcase park close to the city centre and should be in pristine condition.	Yes
The pond is a great asset and feature of this lovely valued park, both to people and wildlife. It would be very sad if it becomes an empty pit and would affect the whole area.	Yes
The pond is the centre piece of a professionally designed garden and should be maintained for the future.The pond was central to the vital role played by the Park during Covid.The aquatic biodiversity is loved by children and used for education.Support local community volunteers and their work in the park which already includes repairing/paying for the pond.The pond is a focus for rest/wellbeing.It has a working fountain.It is the habitat for unusual species.Tourists /wedding parties love it.	Yes
Voices speak for those who can't always speak for themselves. Henrietta Park because they work so hard to create a beautiful space for all of us.	Yes
This wonderful park which is so loved by both tourists visiting Bath and people living in the area, many of whom live in Flats and don't have private gardens. The Friends of Henrietta Park do a marvellous job volunteering to keep the park in tip top condition but do not have the financial ability to fund the leaking pond. The pond is vital for the ecological integrity of the award winning park which is a green gem in the heart of this beautiful city.	Yes
Fab amenity appealing to young and old	Yes

main attraction is the lovely pond full of flowers and insect life to say nothing of the tranquility of the pond and it's environs. It is a vital part of the park enjoyed by hundreds	Yes
As a local resident, I strongly support the Friends of Henrietta Park's request for £20,000 in funding to restore the leaking pond in the Memorial Garden. The pond is a treasured community asset enjoyed by many, including children who love watching the wildlife. The Friends have responsibly maintained it for years but it now urgently needs relining to prevent permanent loss. This is a well-researched, cost-effective project that benefits the growing neighborhood. Please fully fund this request.	Yes
The Henrietta park regeneration has been a true community-based project which has interested and involved all of the locals. The pond is an important part of the park, which we have found entertains and educates our grandchildren, and many others besides.	Yes
Henrietta Park water pump ... this is such a fab park. The memorial garden bit brings such joy and peace to me. Many a time I've come to sit and listen to the soothing sounds of the fountain, the birds and buzzing insects. Like many others I've seen. Been a great aid mentally. the Parks and volunteers do a great job. It helps the bio diversity of the park too the pond. If stressed I come here to find peace. Please do support this request. Thank you.	No
Alice park is such a community hub and an amazing asset but the play park really needs updating to support number and ages of kids attending regularly.	No
This is the only playground in the local area and it is so tired and rusty, it would be amazing to see it updated to something the kids can really enjoy and be safe on too.	No
There have been minimal improvements over the last 10 years.	No
This sublime little garden within Henrietta Park would not be the same without its pond as the centre-piece. This long-standing feature deserves to keep its place not only aesthetically for us humans but functionally for the wildlife. I brought my dying sister to this garden just to sit and watch and listen to nature around us. It was her sanctuary - away from her cancer treatment and away from the hustle and bustle of the city. I wholeheartedly support this application. Sally Helvey, Bathwick.	Yes

This is a worthwhile project that benefits any member of the public that wishes a calm area in the city of Bath. The water feature is a necessary element in. the sensory garden much loved and used by those who are blind or have difficulty seeing. It is a haven and valued for wellbeing.	Yes
As a Friend of the Park and a nearby resident I much value the Memorial Garden and its water feature as a peaceful haven, especially as I live in a flat. The sound of water adds a great deal to calming atmosphere and attracts birds and insects. Investment in maintaining the pond and fountain would benefit so many people (both residents and visitors to the city).	Yes
The play park has decreased in equipment which has not been replaced. It doesn't have a lot of equipment for older children.	No
High use by local area, supports local business associated or near park, catchment of multiple schools	No
To make it safer for pedestrians trying to navigate this busy intersection, but also have the added benefit of helping provide a break in the traffic travelling along Weston Road/Julian Road, so that drivers heading south on Cavendish Road in particular will find it easier to get across this intersection.	No
It is a wonderful park with beautiful trees and very well looked after.	Yes
Henrietta Park is thoroughly enjoyed not only by local residents and their families but also by many Bath tourists. The memorial garden is always busy and the pond which has fallen into a bad state is in urgent need of repair. The wild life of the pond is in danger of suffering and the appearance of the pond is spoiling the whole memorial garden as it's such a centrepiece. The volunteers in the Park work tirelessly to keep the park nice and deserve help with the pond to help the whole community	Yes
This will help children walking to school	No
It is a busy intersection and really does need a better safer crossing	No
Henrietta pond supports a wealth of wildlife - plants, fish, birds, insects.... My grandchildren have been fascinated recently by the herons and the dragonflies and I have even seen a muntjac drinking there. It is a wonderful community asset, used and loved by everyone and maintained by many volunteers. Fixing the leak, and thus maintaining the future of the pond, is essential to preserving the essence of the perfect space for rest and reflection.	Yes

I am a resident of Great Pulteney Street and regularly use Henrietta Park and the Memorial Garden. My wife and I are amongst the volunteers, who work with the Council to keep that Gardens neat and tidy and an asset to the Community and City. We also contribute both by giving plants or contributing money for smaller projects. The pond is at the heart of the Memorial Garden and is a peaceful haven for residents and visitors to our great City. Contribution from this fund will preserve this.	Yes
Young people are our future. They must come first, especially given the drastic decline in support and services for youngsters and teens. Give them a fighting chance ♥	No
The space is a sacred spot for the community of Bath. It is a place where beauty and poetry join and express themselves in nature. The greenery of Henrieta supports the wellness of the community of Bath on many levels, from body to mind health, benefiting not only the locals as well as the tourists who come to hold space together in this beautiful Natural Place. Henrieta volunteers deserve this bid because the fund will be used to fix the pond and increment some elements of the design. Support.	No
The residents of Foxhill have come to see Ruth (village agent) as a great intermediary and support to them as they try and get benefits, advice and support in the situations they are in. They see Ruth as the person to turn to when dealing with Curt, the council or benefits agency. She has done a spectacular job and earned the trust of the local community and is a great asset to the community	Yes
only the many thousands of residents and foreign in the area in the course of the year but is a Mecca for both wild life and fauna.I understand we have a residents association who undertake all the work on behalf of the	No
Alice Park is a glorious park on the edge of Bath much loved by families, but the play area is tired and is in urgent need of refreshment, refurbishment and enhancement so families can continue to enjoy for years to come.	No
Henrietta Park is a wonderful open space for so many different people and animals. The trees are spectacular and the memorial garden is a beautiful space for reflection and renewal	Yes
To build a play park	No
This Memorial Garden with it's once beautiful pond, brings so much joy and well-being to so many people. It is such a focal point that brings relaxation and pleasure. Whilst aiding wild life with it beautiful water lilies, tadpoles and occasional heron.	Yes

It would be a great loss if the pond were to become unusable	No
I think the Larkhall URC should receive funding because churches do good work and Henrietta Park should receive funding because I enjoy walking there.	No
As a Friend of Henrietta Park, I am very aware of the contribution this park makes to the well-being of the local community. I live on Henrietta Street, and, as a dog-owner, I use the park 3 times a day. I love the park. I see how much the park is used, whatever the weather. The Memorial Garden is extremely popular as a place to quietly sit and contemplate and the pond and fountain form a focus. The pond is an important resource for both wildlife and people.	Yes
Alice Park is a wonderful gathering place for the people in Larkhall. The park is used by so many children, and improvements to the equipment in the park would be most welcome.	No
Such a lovely park for children and so popular with families. Improvements to the play park would be money well spent!	No
The Village Agents support BaNES strategy that home is best, proactively preventing people from further decline with a simple question 'what matters to you?'. They are the care co-ordinators on the ground connecting people with care services - making a difference to people's lives whilst simultaneously saving the whole system money. What we need is a shift in culture to prevent people from needing to go into hospital, and the Village Agents are the way to do this.	No
Hundreds of kids use this playground and the equipment is aging and there is lots of space to do so much to it!	No
Henrietta Park is a beautiful park space that is little known even among residents. Larkhall URC are trying to bridge the generations by engaging with youth projects run by Lux.	Yes
The pond in Henrietta Park is a beautiful tranquil setting. Used by many, young and old alike. We need to maintain these areas as it encourages a wonderful community spirit and of course has a positive impact on mental health.	Yes
They do such a brilliant job for all in Larkhall, especially starting a youth club which is needed in the lovely village of Larkhall	No
I live in Corston village and the help our WERN agent has given us has been invaluable. People have been helped on a personal level and two of the important village activities have been helped on a monetary level. There is always a listening ear.	No

<p>The children play park is in need of upgrading to improve the safety and wellbeing of all park users. Alice park hosts a children play group the play park is essential for their entertainment and development. The park is a well listed facility attracting people from not only from the Southwest and Britain but from abroad. It would be of great benefit if the project can afford to support Alice park.</p>	<p>No</p>
<p>Henrietta Park is a Central Park extensively used by residents and tourists. It has an active membership of enthusiasts which needs much more financial support in order to maintain this ancient and unique parkland. The pond is an important feature which must be maintained and urgent funding is required to maintain this special feature.</p>	<p>Yes</p>
<p>Alice Park children's play area is in real need of upgrading. The park itself is good and the cafe is terrific and at the centre of community activities. There is also a lively community garden. The play area at present lets the park down. Any improvement would be well used by the local community.</p>	<p>No</p>
<p>Amazing work to fund an epidemic of unsupported domestic violence victims.</p>	<p>No</p>
<p>The play equipment in Alice Park is well past its sell by date and is in desperate need of updating. The skate park was a great addition however for younger kids the offering is lacking. There needs to be more diversity to the play equipment including climbing equipment for toddlers as well as things like a zip line for older kids. The playground at Sydney Gardens and over in Radstock are good examples of playground refreshes that provide stimulation for a wide range of ages</p>	<p>No</p>
<p>They do great work around the area</p>	<p>No</p>
<p>They do excellent work in a field where it is really needed - and importantly, it's very well run.</p>	<p>No</p>
<p>Investing in Youth Projects should be the priority for the council</p>	<p>No</p>
<p>My family use this park on a regular basis as do many other children and families. Additional funding would make the park even better!</p>	<p>No</p>
<p>The Village Agents offer an invaluable service to the community by supporting people who are sometimes not sure where to turn for help. They make life changing differences for those suffering from many situations such as isolation, food poverty, and financial crisis. They've made it possible for important appointments to be attended that would have otherwise been missed, and would have resulted in adding extra pressure on the NHS. They have been the hero's in a crisis, when there was no one else</p>	<p>No</p>

<p>The Julian Road crossing is an extremely dangerous crossing for both vehicles and pedestrians, which has been the subject of major concern for many years. The previous changes to the junction unfortunately did nothing to solve the problem, which really needs a proper zebra crossing to allow families with children to reach the nearby St Andrew's Primary School and residents (many are elderly) to access the bus stop, shops and doctor's surgery safely.</p>	<p>No</p>
<p>They're all projects which support people to be more active or enjoy time in natural settings.</p>	<p>No</p>
<p>Does great work for local communities</p>	<p>No</p>
<p>I have to cross Julian Road next to Marlborough Buildings every morning to catch the bus and there is not a single morning where I do not feel truly unsafe: car do not slow down at all, in the rare morning with sun their view is limited, and car and trucks parked on the street block completely the view for a pedestrian to the point that I often start crossing and then realise a car I did not see will soon run me over. A zebra crossing is absolutely needed.</p>	<p>No</p>
<p>Our local Village Agent have helped so many of my patient here at the surgery, there service they provide is invaluable to our community. Keep up the good work and keep doing what you do. Well done, long may the service continue.</p>	<p>No</p>
<p>Really support people in the community for all aspects</p>	<p>No</p>
<p>This is a very dangerous junction. It's only a matter of time before a pedestrian is seriously injured or killed trying to cross the road. A pedestrian zebra crossing is essential.</p>	<p>No</p>
<p>There are many people in communities that require the support of Village agents, without their help they will be forgotten and unsupported to achieve a reasonable level of living conditions. Without their support in the community, other services will be stretched and wait times increased people will be unable to get support in a reasonable timescale</p>	<p>Yes</p>
<p>This project concerns SAFETY which should be an absolute PRIORITY, compared to other "nice to have" projects. This crossing is VERY dangerous for pedestrians. 1) Cars driving along Julian road (JR) NEVER stop to let pedestrians cross. 2) Cars turning out of Cavendish Road and Marlborough Buildings often rush to catch a gap in the traffic on JR putting crossing pedestrians in great DANGER. 3) The crossing is much used by elderly residents/children who need more time to cross. Please HELP US</p>	<p>No</p>

This intersection has become so busy and it is no longer safe as a pedestrian crossing.	No
Our care coordinator and the GPs have found the support from the village agent invaluable. Our community has social deprivation which requires support. The work done specifically supports social issues which otherwise would impact on the excessive demand and limited capacity that the practice has available.	Yes
Henrietta Park is a wonderful little park and the special 'secret' garden and pond are especially delightful with lots of natural wildlife to see. We garden there from time to time and its a really lovely secluded peaceful area and the pond is a huge feature of the area with fish and newts and frogs we really need it.there are a lot of volunteers in that park and we deserve the money!	No
A great space in the heart of the community that is in real need of attention	No
This is a major junction with considerable pedestrian passage. The recently lowered pavements have led to some drivers showing more awareness and courtesy to pedestrians, but this cannot be assumed by pedestrians! A properly signalled crossing would be both safer, and would help to slow vehicles in this busy area.	No
Julian Road is a dangerous crossroads with high levels of vehicles driving through or turning, also many pedestrians use this as a focal point for crossing. The safety of all is important, especially vulnerable pedestrians.	No
Desperately needed, difficult to cross as a pedestrian.	No
The Village Agent here in Peasedown St John has been very beneficial to mainly older residents who are isolated. The Village Agent here often brings clients to The Hive Community Centre Café for a coffee and a chat and she has referred people to our Food Pantry and our Community Fridge. We can also refer people to her who ask us for help. If the work done here in Peasedown St John by the Village Agent is being replicated in areas of Bath I would fully support their application for funding.	Yes
The Village agent in Peasedown has been actively supporting our community and making a real difference to those they have worked with. They refer appropriately to local services and reach out to those who may not engage easily Denise has been a real support to our community centre as we started and is often available to meet folk there	No
It's very unsafe to cross there and traffic comes from all directions	No

Trying to cross Julian Road from Marlborough Buildings to Cavendish Road is currently a risky business, especially at peak times around 8.30 in the morning and 5.00 in the evening. Cars are trying to go in any of three directions at	No
It would be safer as there is a tendency for drivers speeding along Julian road to ignore the speed sign.	No
My family and I live close by and cross the streets here daily. This intersection is extremely hazardous, particularly at peak times when cars are crossing all around you and driving down Julian Road at speed.	No
The Julian Road crossing at the end of Marlborough Buildings is a particularly precarious crossing endangering the lives of pedestrians particularly elderly people of which there are many in the vicinity. By installing a pedestrian crossing from outside the Marlborough Tavern the traffic would become less dangerous.	No
It's not really safe to currently cross and elder people I know are very stressed when it comes to cross this junction.	No
Visited the park consistently since i was a child and think it deserves.	No
The village agents provide an invaluable link between 3rd sector organisations & those vulnerable members of the community, often living in isolated areas, who do not know services exist or who find it difficult to access these services	No
The safety of people using a busy pedestrian crossing point	No
This is a very busy junction with traffic approaching rapidly from all four directions and all similarly departing the junction too rapidly. Consequently it is a very hazardous place for pedestrians to have to cross all four roads as you need to be constantly scanning all four directions for speeding traffic. Confusion abounds because of the dropped kerbs and coloured crossing points because people and vehicles do not know whether they should stop or have a priority to cross respectively or not	No
This is a much loved park, used by many families across generations. The play park zone would benefit from rejuvenation - this is long overdue, and would only enhance the area and bring joy to local residents, as well as ensuring that the area remains safe and accessible to children. The team at Alice Park work so hard and tirelessly to bring events to the community (eg. Party in the Park and Summer Soul & Reggae Sundays). This funding would be greatly welcomed and is well deserved.	No

Alice Park hadn't been upgraded in decades, I took my children there in the 1980's, I now take my grandchildren, but mainly for them to have ice cream and a run around on the green, very little has changed, in fact every time something is taken away or is not replaced. It is becoming more of a backyard to Tony's cafe, nice but overpriced and taking more of the park each year. In fact my grandchildren have outgrown the under 6's equipment! There needs to be something for all age children!	No
The play park is so popular, yet entirely outdated when compared with other play areas in Bath. I think the space could be improved to provide activities for both younger and older children.	No
Any youth activity is important to keep resourcing at the moment, and a group cannot run with no heating! Young people need safe places to go and interesting things to do.	No
The park has fallen into a poor state	No
Excellent provision for young people, so badly needed	No
Alice park offers a safe space for the whole family. The children can play whilst the adults can enjoy a coffee in the cafe. The staff are incredibly friendly and helpful. The park host some wonderful events, so this deserves to win in my opinion. Many thanks. Jeremy Palmer	No
Henrietta Park is heavily used by the local community. The remembrance garden where the pond is located is a small oasis in the city for some quiet contemplation.	Yes
To provide a safer crossing at a busy corner.	No
The park is a brilliant resource and is at the very heart of the community, but the play area is showing its age and lacks some of the newer accessible facilities which would make it even more useful to families with accessibility issues.	No
Fantastic causes for young people. My children will also benefit from the projects	No
Alice park is a great park but the play equipment is very dated it's been there since I was a kid and let's it down really most parks have had a revamp	No
Alice park is a brilliant place for the young and old and additional play equipment would be fantastic	No
My family have used the park for 20 years. It has always supported our needs and given us the most amazing and varied experiences from tennis lessons to learning to ride bicycles and grabbing coffee or lunch at the amazing cafe. Such a special community feel. All ages join together and enjoy life here. A wonderful place Xx	No

<p>The pond in the memorial garden in Henrietta Park is an essential part of the ambience of this space. The garden provides a wonderful space that has been so enhanced in recent years by the physical work and funding of local volunteers. It is much appreciated by local residents as a place of natural beauty and a place of contemplation. It was often used by patients at the Rheumatism hospital before its relocation, I spoke to a number of them, and they greatly appreciated this space in the city.</p>	<p>Yes</p>
<p>Voices - incredible, life changing service for the most vulnerable.</p> <p>Henrietta Park - the most inclusive Bath Park that is loved by Bathwick residents and visitors alike.</p>	<p>No</p>
<p>Because it is a fantastic park in the heart of the community, the funding will help refurbish equipment already there and allow them to further develop the park. More seating or swings that parents can sit on and to play with / comfortably watch their children, and also shade is a huge bonus which is very much needed.</p>	<p>No</p>
<p>I used to play there nearly 70 years ago & it is as popular now as it was then!</p>	<p>No</p>
<p>Bath BMX track has recently seen some great improvements and the number of children using the track since has already increased. Just needs a little more funding to complete the works.</p> <p>Alice park is a wonderful vibrant community asset, well supported, but has a very poor standard of play equipment. Would be great to see new equipment installed and I don't doubt it will be well used.</p>	<p>Yes</p>
<p>This well loved and used park badly needs better play facilities. Hundreds if not thousands of families would benefit from better free outdoor play opportunities and the ability to socialise and enjoy being outside in a safe, well tended space. This is more essential to community health now than ever post Covid. Please back this excellent proposal.</p>	<p>No</p>
<p>Alice Park is a fantastic place for all ages. They are always putting on events for the community and the cafe staff are very friendly and welcoming.</p> <p>My parents love bringing the grand children here</p>	<p>No</p>
<p>Crossing Julian Road at Marlborough Buildings is time consuming and potentially dangerous as vehicles are frequently driving above the 30mph. A crossing would calm things down and allow pedestrians to cross the road in a timely manner. Thank you.</p>	<p>No</p>

The play equipment is outdated and really needs replacing. It is a lovely space and would be a shame not take advantage of the funding. Hundreds of local children would benefit from a new play park	No
Great location great cafe just needs an update on the play equipment. Such a lovely park and a firm family atmosphere and favourite.	No
Because many people need to cross the road in this area and it is currently dangerous.	No
I think it's vitally important to have safe places for young people to go to socialise and build relationships and there are becoming less and less places for this to happen. It should be an essential part of every community and can and will change young people's futures.	No
This is one of the loveliest parks in Bath, the playground is always extremely busy but it's very old and it'd be so nice if it received the funding.	No
Safety... this is a very tricky intersection to navigate as a pedestrian. Being close to a park, very important for families & dog walkers to be able to cross safely with the amount of busy traffic. It may also help to slow down some of the reckless drivers.	No
Dangerous and unsafe crossing at top of Marlborough Buildings even though there are apparent paved crossing areas which appear to give access to pedestrians, though the cars rarely stop, and make us feel really threatened and insecure. Despite the relatively new junction, no thought was given to pedestrians, and the cars have absolute priority with little or no consideration for other road users.	No
They really try and encourage not only local people to use the park but also those who visit from wider areas. Events and community activities always taking place and its a lovely welcoming, accessible, inclusive park. Some of the play area is empty so it would be great to have some more equipment or new play spaces.	No
Its a popular park and deserves a cash injection to help with plan's	No
These projects add to the safety, wellness and sense of place in Bath. They are valuable contributions to our City. In particular, the Julian Road crossing is well thought out and is much needed to prevent potential accidents given very limited compliance with the 20mph speed limit and many pedestrians and cyclists attempting to use that route.	No
The park needs updating and it needs something for every age. It's had a lot of visitors but since Sydney gardens has been redone it's lost a lot of visitors	No

It's a fantastic community site which provides so much for our children to enjoy. The recent works are great but the playground needs serious attention.	No
A lot of people go to this park and it could do with extra things for all ages	No
This is currently a very dangerous crossing with neither pedestrians nor drivers clear on whether or when you can cross.	No
It's a lovely place to bring children and they have great entertainment at the weekends	No
Need to keep children safe.	No
Because this park is the heart of the community and brings so much joy to so many people	No
It is the only large park in the eastern side of the city for all the resident of Fairfield Park, Larkhall, Swainswick, Lambridge	No
Alice park is always busy and my little boy LOVES it but there simply aren't enough swings, climbing things etc. Would be GREAT if it had money to upgrade	No
I think this will provide a safe crossing point at a junction that is currently used by many pedestrians despite the fast moving traffic along the main road.	No
As one of the families who used the park regularly, it is a brilliant and really well used resource. It's location is brilliant - you don't have to drive into the centre of Bath. However, while the park and the track round the edge are in good condition, for a park of its popularity, the play area is small, rather tired and doesn't have the sort of resources which more modern playgrounds have.	No
Equipment is old or outdated and there isn't much compared to other play parks There isn't much for younger children (babies) apart from 2 swings so something like a	No
green space park areas can be used and enjoyed by all age groups of the general public. These open parks can encourage young children to enjoy the space whilst seeing	No
Alice Park is a fabulous community resource and we need to encourage people of all ages to get out in the fresh air for both physical and mental health. An updated play area will make it easier for parents and carers to get children away from their computer screens and become more active. The play area will make Alice Park even more of a desirable place to go.	No
Very popular already and well situated for lots of families to access	No
Alice park is a Central Park of the Larkhall community and beyond. Improving the play park would make such a huge difference for children in the area - so many of them use it.	No

Play park is run down now and needs attention. Equipment the same as when I was a child in the 1990s. Now my little boy goes there every day with his childminder. The park is always putting on events and is a great place for community.	No
Areas are broken and run down. Very popular destination	No
Crossing the road is fraught with danger. Cars speed up instead of slowing down when they see a pedestrian. Children cross in order to get to school and some elderly inhabitants are just not able to run in order to cross in time to catch the bus. It's only a matter of time before there is an accident at that crossing.	No
Weston being such a big area for families could really do with more facilities to give the youth in the area more opportunities. Weston Rec is such a great park and central to the area, but under used compared to other parks and similar areas in Bath and additional facilities will provide more to keep the youth occupied and engaged.	No
Alice park is heavily used by families throughout the year and younger years carers during the week. It is due an upgrade. Local businesses work hard to provide facilities there and annual communal events benefitting all in the area.	No
Percy youth club is a long running Bath club and deserves some attention.	No
Using these funds in direct support for young people is a high value investment and worthy use.	No
Voices have been a vital support service for women like me, living in, escaping from and recovering from domestic abuse. Their tireless efforts change the lives of women for the better. They educate us and support us through the most difficult of times. Without them many women, and their children, would not be able to thrive away from abuse. I believe they deserve the funding so that they can continue to offer the incredible life changing service they provide.	Yes
Henrietta Park is a truly beautiful oasis very close to the centre of the city & much loved & appreciated by all who benefit from such a spectacular green space. The Friends Group do magnificent work & go largely unrecognised. Council help in funding the professional work needed on the pond would be hugely popular & well deserved. The pond itself provides a tranquil & reflective area for many people to benefit from & is a key link in the bio-diversity chain. Please support this application.	Yes
Alice Park is a thriving community resource. Henrietta Park is highly visible and provides a welcome green space.	No

From 3 Valleys Health Primary Care Network Manager The WERN Village Agents provide vital support to our most needy and vulnerable patients. They build strong and trusted relationships and it is important that this continues.	Yes
This project is to support the young people who live in the Weston and Newbridge area. The design includes a basket ball hoop with a built in goal set in a screen, together with a playing surface and benches. This is an ideal environment for young people to have fun together in a constructive way, away from other activities on the Rec, and they will really benefit from having this facility.	Yes
This crossing deserves funding to make it safer for the increasing number of pedestrians using it, particularly in terms of speed control. The heavier flow and speed of traffic along Julian Road and Marlborough Buildings is making getting across at this juncture a perilous business.	No
The park is crying out for a update	No
The play area desperately needs an upgrade	No
I am in support of: (1) Active Weston funding for basketball hoop at Weston Rec, as there is demand among young people and families for exactly this type of free leisure activity. There are no other local free options for basketball. (2) Julian Road crossing: I cycle, walk and drive this route regularly and am concerned about road safety. (3) Voices: this is a quality charity doing vital recovery support for people who've experienced domestic abuse.	No
Very busy crossing near a Primary School. Requires a suitable crossing to ensure safety of pedestrians and children who attend nearby school.	No
It's a very busy 4 way junction and is very hard for pedestrians to navigate to access the High Common. Families walking children to and from St Andrews need to cross here twice a day.	No
It's so well used and loved but is dilapidated and needs updating	No
The park is looking tired and could do with an update. I have been visiting this park all my life and haven't seen any	No
As a St Andrew's school parent I've been campaigning for safer crossing at this junction for a long time. It is on one of the main routes to school from the west of Bath but is very dangerous (we have reported issues and near misses). This is a transport infrastructure and not a community infrastructure, critical highway improvement for safety concerns, and should not be up for votes and against a very different type of very important community projects.	No

They seem like the most worthy and I have previously seen how youth connect in particular manage their funding so they can get the most out of it	No
people in our community. This includes coming to our wellbeing cafe every week to engage with people and help	No
It's a wonderful place with lots of open space and a real community feel.	No
I walk to work every morning and this is a nasty road to cross. It's always busy and I witness a number of near misses. I worry someone will get hurt at this junction as cars speed. It would be a safe place for everyone to cross with a zebra crossing.	No
I'm sure that facilities can be improved by money being available for careful use	No
A very good idea to place a zebra crossing at Julian Rd. it's a dangerous crossing today and needs the reassurance of a proper crossing.	No
Having previously lived in Old field Park for over 20 years The area should now be refreshed to give respect for the purpose intended	No
Supporting youth in the city of Bath where there are less options is a good use of money and will hopefully increase the likelihood of better outcomes.	Yes
The equipment is so dated and basic it's in need of a re vamp. There is nothing to really play on. The sand pit area is great but the sand is full of flies and the design of the house in the middle could be so much better. Very boring park unfortunately.	No
It's a great place for community to meet up and kids to feel safe.	No
We live close by and take our child here regularly. We love using the park but the play area is looking tired and dated. The children's equipment is uninspiring and could certainly use some investment to bring it up to date in line with the other parks in Bath.	No
Think it will be great improvement and will be well used	No
A much loved and well used area by parents and children that is at a point it requires funding & improvement now	No
Worthwhile projects providing much needed repairs/services to the community	No
The park has an amazing community and there are so many children that use the park, definitely in need of an upgrade	No
it provides a one of a kind facility within B&NES that is regularly used to help young people get active.	No
It's a dangerous road	No
I believe supporting young disadvantaged people will help them thrive and benefit society as a whole.	No

<p>This road crossing is on the main pedestrian route from the Julian Road area to Weston and widely used by families walking to St Andrew's school as well as by older people living in the immediate area. It is also the route from Weston to St Mary's Church, which serves Weston and many parishioners walk this way.</p> <p>The road is very difficult to cross with traffic coming from 4 directions, often at some speed, and with no pedestrian crossing.</p>	No
<p>It's incredibly dangerous for pedestrians at this junction. I've witnessed many trying to navigate it especially with children and pushchairs. As a motorist, I often hold up traffic behind me to allow pedestrians to cross but traffic approaches from four directions and is unpredictable in speed or awareness. This safety measure is way over due.</p>	No
<p>We have a house which has a rear exit onto Manor Ough</p> <p>Buildings, and have 2 children aged 4 and under. That junction is so dangerous to cross as a pedestrian, let alone with children on bikes, scooters etc. We have one child at</p>	No
<p>This is a really dangerous crossing used by a lot of people walking children to school. The benefit of this project</p>	No
<p>A lot of people use the Henrietta Park memorial garden and gain comfort from being able to be in the tranquil space. Bath BMX helps to keep kids, teenagers and young adults engaged in an hobby and gives them confidence in their own abilities. Voices trauma recovery centres are necessary safe spaces to help a wide range of service users to process what has or may still be happening to them.</p>	No
<p>These projects all seem to provide clear immediate community benefit and are not things that should be covered by existing council budgets</p>	No
<p>The pedestrian crossing will save lives as almost nobody complies with the 20 mph speed limit, and the majority drive at 40 to 50 mph. Not all families can afford cars, so especially school children are frequent users, who receive little consideration from busy motorists. Act now!</p>	No
<p>Current provision is old and outdated.</p>	No
<p>Because it would be really beneficial, to the youths around Larkhall</p>	No
	No
<p>The proposed improvements will be beneficial to the community who support a lovely welcoming church.</p>	No

<p>The Friends of Henrietta Park have, over the past years put in a huge effort to improve and maintain the gardens. From a small number of committed members the Friends has grown into a community group of over 110 members. Ranging in ages from 6 to over 80 from diverse backgrounds and circumstances. The sensory gardens are the jewel in the crown with the pond being the central feature. This area is well used by all ages and creates a calm and peaceful environment for relaxation and a meeting point</p>	No
<p>Bath needs to offer more for its young people, youth in particular. Alice Park and Henrietta Park are heavily used by residents, and often overlooked in favour of recreation facilities more frequently used by visitors. As council tax payers we deserve some leisure facilities for our own use, as well as just funding resources used by visitors.</p>	No
<p>Projects which support young people should take priority right now. They often don't have a voice or anywhere to go. With services so inundated with young people with mental health problems and with families struggling they need all the support we can give them.</p>	No
<p>This is a wonderful park, very well used both by locals and visitors. The pond in the memorial Garden is the centrepiece of this tranquil oasis in the Park providing folk a quiet space for reflection and peace. The pond and fountain are essential elements of this space.</p>	Yes
<p>This is a health & safety issue. It affects the daily life of resident pedestrians of all ages. An increased number of motorists now use this crossroads to move across Bath,</p>	No
<p>dangerous crossing with lots of children using the area for school</p>	No
<p>WERN provides a vital grassroots service to some of the most vulnerable and isolated members of the community in BANES. Their officers know the communities within which they work and are on hand to provide advice and support.</p>	No
<p>To make the whole area of the Cross Roads much safer for both pedestrians and drivers, including drivers exiting from SW corner of St James's Square.</p>	No
<p>Shaftesbury Road request is minimal. The others are wide-ranging and good use of public money for young people in particular</p>	No
<p>It's a dangerous junction.</p>	No
<p>A local group that punches above its size, and supports more of the community than it realizes.</p>	No

Youth Connect services are much needed to provide support and a place to talk for young people. It may dissuade them from engaging in mindless ASB. Weston Rec is an underused area and would benefit greatly from more facilities to encourage greater use of the space. Julian Rd/Weston Rd is very busy and dangerous to cross, especially at this junction.	No
Alice Park is a beautiful park but the play park is old and need a refreshing so our children can play even longer	No
When we moved to Bath 9 years ago, it was in dreadful condition - people sleeping in the overgrown laurel shrubs, lots of rubbish (including syringes) in the bushes, the	Yes
In my opinion I think they should be traffic lights on Julian road and I have a friend who is in her 80s and she needs to cross the road to get the 31, 6, 6A, 7 and the 620 to get into town and I don't think zebra crossing should even exist in the UK.	No
Bathwick. My partner, who is from a nearby village, and I have been coming to Bath for 38 years. The Park attracts residents from Bathwick, Bath and surrounding villages and	Yes
Henrietta Park is a lovely city green space and restoring the pond will help people and nature	No
Weston Village has a good Recreation Ground but it lacks sporting facilities and places to sit down. There are many children and elderly people living in the area. Please could we have more bench seats and basketball hoops . Sports pitches for teenagers and others would also be very welcome.	No
Continuing investments is needed into areas for children and young adults to active play. Both are in need of refurbishment	No
A beautiful area with a lovely cafe and the park could do with updating to support children of all different ages	No
Voices provides essential trauma informed services for local women who have experienced domestic abuse but	No
These are necessary for people in Weston, BA1	No
Voices needs stable funding	Yes
Active community with participation of a large numbers of Hospital staff and their families leaving in Weston area.	Yes
Alice Park is a destination for families and the park desperately needs updating for safety and inclusivity of the children. My 7 year old has lived in the area since he was six months old and he has grown up with frequent visits. The coffee shop is obviously a particular attraction for Mum and Dad. Now I have a four month old and hoping that the park can be updated to make it a better safer space for her. It's a super park. Make it amazing please.	No

It's my local park and I've been going there since I was a toddler. They host a range of events throughout the year that are always welcoming and well attended. It's a nice area to lie in the sun and go on walks. They do a good job maintaining the park and play area, but areas could do with renovating. Anything to keep the park running and make it better is good in my opinion.	No
Larkhall URC provides a brilliant opportunity for teenagers to socialise on 2 evenings per week. My son attends regularly. Alice Park play area is a fantastic enclosed space for young children to have fun. It would really benefit from some updating. Since the removal of the play equipment at Spa Lane, I feel the upkeep of Alice Park play area is even more important.	No
This is a park used by many families and children to learn and play. An improved play park would be fantastic for the local community	No
A zebra crossing here is very long overdue. As a local resident of 40 years (and now a disabled person), a zebra crossing would make it so much safer to cross the road instead of having to fight with speeding cars, particularly when one is slower crossing the road.	Yes
It would assist in helping a youth facility that is in short supply in the city/wider area.	No
A very well used play area, that really could do with some TLC. The kids'd love it. Been a long time since the area has had a 'lick of paint'. I think now would be appropriate.	No
Very valuable for locals and for visitors	No
Living in Mansel Court Buildings as a sick tenant 75 year old with mobility issues I regularly cross Julian Road to access Victoria Park, the bus stop and local shops. It is currently a hazardous experience with traffic approaching	No
Play equipment in disrepair. Alot of familes use this and require better equipment	No
We love Alice Park but the children's playground is sparse and doesn't reflect all the other great things about it.	No
It's a beautiful spot that is used by many communities within Bath. Funding would mean it's reputation further grows and families and children can enjoy enhanced equipment.	No
The play equipment is in dire need of updating	No
A vital area for our young people and their families.	No

Alice Park play park looks very tired and dilapidated compared with the wonderful new facilities in Sydney Gardens. It is used extensively as in effect the village open space for Larkhall and this improvement would transform what the park can offer. The Larkhall URC provides an excellent community service across all age groups and the funding would improve what it can offer by making the building more comfortable and eco-friendly.	No
Its great for families	No
This is a dangerous junction near a school and a crossing would make it much safer.	No
It is not safe for the primary school children in this area	Yes
My kids need to cross Julian Road regularly and its currently not safe at all. My eldest is nearly a teenager and Percy is one of the only active youth clubs around that Iâ€™ve seen and they do some amazing work so they deserve the funding	No
they are needed by people	Yes
Investing in young people and safe access to leisure activities	No
Julian road with Marlborough road is a very dangerous crossing for pedestrians. There are schools nearby and children cross on a daily basis. In my opinion the council should do something before a bad accident happens there. Its urgent!	No
It provides essential youth work to the community of Larkhall. This is due to its great location being next door to St Marks and St Saviours schools.	Yes
The service they provide is not only essential but life-changing. They are there for people in their darkest and most frightening of days. Without Voices, I have many friends who would not be where they are today - in places of safety; rebuilding their lives; and learning to love themselves and to recognise who they truly are after domestic abuse.	Yes
Trying to cross at the junction of Julian road and Marlborough Buildings is very dangerous as there are so many different roads that meet at this junction.	No
The play park is well used locally, following the removal of the swings from the park by the river, additional investment would make a real difference.	No

Village Agent Ruth invited me to assist in a photography workshop. I was quickly delighted to see the groups involvement and enthusiasm. Some were more confident than others. The inter-action between the group members was very encouraging for the quieter members and with a common goal, photography, all got involved as it was a safe place to have discussions and help one another. It was so obvious the event gave strong purpose for the group and these must continue for the benefit of all.	No
The three projects I support have all demonstrated a clear benefit to the community. I am shocked at the somewhat nebulous claims made by other applicants for the benefit they will bring and even more shocked by the somewhat ridiculous costings - can it really take £15k to for the plans for some kid's play equipment in a park, does it really cost £20k to reline a pool.	No
Tried and tested practice by professional staff who care about young people.	Yes
They give enormous pleasure to many many people	Yes
Percy is a place with love and providing real opportunities for the young people and more!	No
I cross at this junction probably at least once daily, to go to the shops or to the park or both. It often takes a long time before there is a gap in the traffic to be able to safely cross and the cars waiting to cross often get impatient and drive extremely fast and dangerously either from Cavendish road or from Marlborough Buildings.	No
Because the youth service and youth connect have taken numerous cuts over the years to the detriment of young people and future generations, they do fantastic work and manage to engage some of the hardest to reach young people. they need funds to continue the fantastic work they deliver.	No
live in flats and have no garden or outdoor space. We are able to meet neighbours, have little picnics with family and relax in the memorial gardens. The fountain is the focus of tranquility in this beautiful place. It is visited by locals and	No
Henritta Park is amazing! It almost feels like entering a beautiful, familiar room. The Secret garden area is extra special.Its a place for contemplation and remembering .It would not be the same without the beautiful pond.So many people , friends and family agree with me.	Yes
Henrietta Park is extremely popular with locals and visitors alike. The pond in the memorial garden is a particular highlight of the park and an important wildlife reserve. The current fix of replacing water lost by the leak with a hosepipe can't be sustained long term.	No

The preservation of the water feature is an extremely important aspect of Henrietta Park. The memorial garden is widely used as a place of quiet reflection and	No
The Memorial Gardens are used by many people and the pond is an integral part of the garden. It is a beautiful tranquil spot in the middle of a busy city and popular with all age groups.	No
The Memorial Garden in Henrietta Park represents a real oasis where both local and visiting people can relax, compose and refresh themselves on a daily basis. The pond and its small fountain is an integral part of the garden	No
Important part of the community	No
There is a large community of residents and friends who have tea together and who do the gardening as a way of looking after and protecting the pond and park. Unfortunately we now have to call in the experts as the beautiful pond has a leak and we are in danger of losing the wildlife. The community spirit in the park is wonderful and the pond is a much needed meditation and reflection area in the City.	No
Henrietta Park is used extensively by all age groups. I have mobility issues and find that a walk around the park is significantly beneficial to my wellbeing. The tranquility and beauty of the pond in the garden of remembrance cannot be lost to this area of benefit to the whole community.	No
Wonderful tranquil amenity for local residents	No
Against some great entries, Henrietta Park does stand out to me. The Park is a wonderful asset for the community around and memorial garden with the pond is a stunning centrepiece. without it, the garden would lose much of its attraction. And wouldnt have the Bird visitors it does today. Loved by locals and Loved by tourists too! Please do fund!	Yes
Henrietta Park is such a peaceful haven right in the centre of Bath, much used by residents and families. The memorial garden is loved as a place to relax	No
henrietta park is an important city centre park providing Bath residents and visitors with an important amenity. It provides relaxation for residents, a place to walk dogs and an amenity for local schoold nurseries and scout groups. All these groups , residents and visitors value this space and it should be supported . maintained and protected.	No
Both projects are a big and important part of the local community, whilst also attracting and providing for people from much further afield.	No

Henrietta park is beautifully maintained by volunteers and much enjoyed by the community. The sensory garden which includes the pond has been extensively refurbished and replanted again by volunteers and the pond is the centerpiece. Locals already pay towards upkeep and help from the council would be appreciated and well deserved	No
Youth provision is vital for the health and future of our young people and therefore our city	Yes
The friends of Henrietta Park work hard to keep the gardens beautiful and restful. So many people enjoy the	No
I think these projects should receive funding because they are all very good causes and they will make the community be a better place and help for the next generation	No
Henrietta park is a lovely peaceful place enjoyed by such a wide range of people	No
The Memorial Garden in Henrietta Park is a peaceful haven in our City with the pond an essential part. I therefore totally support the application for funding to enable the necessary restoration work to take place.	No
Youthconnect met the needs of young people in the area I live through creative projects that the young people engage with. Larkhall URC youth project is a fairly new initiative and the young people are thriving there and being trained as young leaders. Alice Park - because play is so important for emotional development.	No
Henrietta park is a beautiful place much loved by locals and visitors. The beautiful water plants and the sounds of trickling water in the pond garden provides a peaceful, contemplative arbor for the elderly and also attracts wildlife which provides a living nature table for children. It would be a sorry contradiction of our need for better living spaces if the pond were allowed to become derelict.	No
Henrietta Park is a " haven of peace " in the busy City of Bath. It has much flora and fauna of specific interest, plus trees magnificence. The memorial garden gives much tranquility to so many people. Such a contrast from the stark new building in Bath. The park in sympathy with our Grade 1 listed status and UNESCO World Heritage. Essential that it is funded for its upkeep and preservation!	Yes

Children and youth work remains a critical issue, particularly in the the areas this project serves. A lack of activities for children and young people combined with sometimes challenging home lives, mean interventions from organisations such as Youth Connect are essential. Funding for children and youth work is a challenge right now, so this is a really strong case for use of CIL funds for the short and longer term impacts.	No
The pond in the memorial garden is a central feature and unless repaired will lead to the decline in the character, amenity, and bio-diversity of this area of Henrietta Park. Funding is critical to finding a solution to the vital repairs needed.	No
The pond in Henrietta Park is beautiful and peaceful and every effort should be made to help with funding so that any maintenance work or improvements can be made to keep it that way for existing residents and our future generations also.	No
My children are growing up in this area and I want them to have safe opportunities	No
A wonderful oasis in the heart of Bath. A simple pond with lovely surroundings & ample bench space. Enjoyed by squirrels, ducks and everyone in the neighbourhood. It has soothed my fevered brow on many a fraught occasion.	No
This is a request for a relatively small amount to fix the problem. Volunteers have already expended hundreds of hours to keep the park the haven that it is. I feel they deserve some acknowledgement of their efforts.	No
The pond area is a much visited quiet space where people of all ages come to sit. Locals work hard to maintain this beautiful corner of the larger park, for everyones benefit, but the repairs are required urgently now as so much water is leaking out day after day.	No
This is a unique tranquil space in the middle of Bath.It is used by young mothers with toddlers, romantic couples, old friends, workers with coffee and sandwiches and the elderly.The central focus of the garden has always been sensory : it is a visual feast when flowers bloom: many plants are chosen for their sweet odours such as lavender,sage and rosemary, and the fountain in the pond provides a soothing sound blocking out the noise of the city : squirrels, birds, tadpoles and fish abound.	No
Alice park is a lovely park that are enjoyed by adults and kids. Some areas need some renovation (like a wooden part at the playground)	No

Very good for your your adults who are having problems with life skills..very good work with 1 on 1safe place for your adults to go and have support	Yes
The park is a peaceful haven for the people of the area. It is used all year round and was particularly important during the covid pandemic as a place where people could go. Green places such as Henrietta Park are essential to maintain and keep. It has a thriving local volunteer group who work tirelessly to upkeep and the pond is the centre of the tranquil garden	No
Its very popular with lots of families from a broad range of places - from Larkhall to Bathford. It has the cafe which means it will remain well used, as well as the nursery. It is desperate need of new equipment in the park.	No
Its a wonderful park used by so many local residents. The Garden of remembrance is a particularly calm and beautiful area, with the pond at its heart. The Friends do such a lot to maintain the park, but this requires specialist work. Therefore I thinking the grant should be given	No
Henrietta Park is a green jewel in the crown of Bath. It is beloved by residents and visitors alike. The pond in the beautiful garden of remembrance has been restored and maintained by volunteers during the past few years. However, financial help is now needed in order to carry out these urgent repairs to the pond and fountain, which are beyond the volunteers capabilities and remit.	No
Henrietta Park is a brilliant and much loved natural space in the heart of our city - a key feature of the Green Setting aspect of Bath's UNESCO heritage listing. It has an enthusiastic team of volunteers and a high footfall. The beautiful Memorial Garden is a place of tranquillity within the park and the leaking pond its centrepiece. Funding is desperately needed for this this restoration.	Yes
The playpark is in desperate need for renewal	Yes
Nice and safe place to play for children.	No
The park is well used by everyone in the locality and the play equipment needs updating	No
I am interested in projects benefitting children and young people as withdrawal of funding has meant declining opportunities for play and recreation. Young people 16-25 yrs have really missed out through the pandemic and austerity cuts and these projects if funded could make a real difference to longterm mental wellbeing, community cohesion and pride in the city	No

Weâ€™ve only heard positive stories for those that have passed through this programme. Despite the challenges that these youths incur this programme seems to keep them on the rails.	No
Because the playground is very important for all the children in the neighbourhood	No
This parks equipment is very dated. It's the hub for a large part of the community and updating the park will only bring more people to the park. In turn hoping the local cafe based at the park	No
Children need safe and imaginative play space and Alice Park is an ideal location.	No
village agents are an essential service for the most vulnerable in our rural communities and will be part of the the integrated neighbourhood teams going forward losing these agents may increase workload for local General practices	No
location to get families together from local areas. When I went with my 14month old I was disappointed by the lack of things she could play on - just a swing. Our main activity	No
I am 45 years old and so much of the play equipment other than the new skate park bit is the same as what I used as a child and Alice Park itself is a beautiful green space used by many but sadly the play park lets it down horribly	No
Alice Park serves a lot of families and the park is great in so many other ways. The childrens area lets it down. It has been the same for many years and needs an upgrade.	No
Alice Park is now rather run down and somewhat dangerous. The playequipment needs updating so that it has stuff suitable for different ages and abilities. There's nothing available for disabled children. Something similar to warminster lake pleasure ground would be amazing. The cafe is lovely and the rest of the space.	No
Because Alice park has been left run down for far too long, whilst other parks in Bath are much better off. The slide/wooden climbing frame has been left to rot & isnt exactly ideal for smaller children. The area where there used to be the climbing spider has just been left. The whole park looks very run down and unloved! There should be a decent park to go to on that side of Bath!	No
The park needs updating need more tables and seating .	No
The park is very popular and used by alot of children the play equipment needs updating theres so much unused space	No

value. Also the whole park is so very well used it needs	No
Play park equipment is very old and in the most part broken or missing. This park is in need of some much needed T.L.C. Bath as a whole has no splash pads/ water play and I think Alice park would be an idea place to add some. The sandpit could be the place to set it as I think somewhere back in the day it was a pool of some sort! Living in a top flat with a young child this would make our summers! Like in John Coles Park splash pad!	No
Childrens play area in desperate need of improvement. Such an important area for the children living in surrounding areas	No
Childrens play area in desperate need of improvement. such an important place for the children living in surround	No
I desperate need of better facilities for our youth and community	No
Dated park with relatively little equipment yet this is a very popular park for all ages for those from all over Bath and into Wiltshire as well	No
This is very special and unique setting for children and make it more interesting for our children. It does need cash injection to make it more interesting,such as Sydney park it has lovely little stream and lovely flower borders, wildflowers ,trees to provide shade etc, more naturalistic swings ,climbing frames ,slides ,hides would be perfect for this area and creative.we don't want to go through traffiv to use victoria park .We spend with our 18 months old daughter most of our days there	No
A well loved spot for locals and more! The park bring great community events but really could do with a well deserved up do to suit a more variety of ages and more use of some very empty space, ie the bark/ log area. Perhaps a dedicated area for a splash park?	No
Alice park is a really vital space in the outskirts of Bath that is a connection for all families and children, and could benefit from now funding to make it really fit for purpose for all the kids who desperately need that green space and fun activities	No
Because its important for the local kids to have somewhere to play thats safe and clean, at the moment its old and run down.	No
The play park is extremely outdated with old and broken equipment. It is such a popular park but not kept up with the rest of the ones across the city. They put on a lot of	No

Because the charity performs a vital role in supporting women but also men and child victims of domestic abuse to recover and thrive, which also supports statutory services and key local agencies to work effectively and prevents repeat victimisation and generational disadvantage. Without this finding their place-based support could be at risk	Yes
It's a sacred area for our kids to grow and learn	No
Because VOICES is an independent charity that does vital work to support local victims of domestic abuse and without this money it might struggle to continue doing so	No
little to encourage imaginative play and keep children occupied for an extended period of time. It does an injustice to the space available and wonderful local	No
Important area for children in the area and grandparents and parents.Cafe is amazing .skate park and cycle track too.	No
Voices carries out extremely valuable work for those who have experienced domestic abuse, an issue which unfortunately many people are reluctant to engage with. Whilst public donations to animal charities for example, can be plentiful, funding for unglamorous causes such as domestic abuse is far harder to come by. I think therefore that Voices should receive as much support as possible.	No
Very popular park by many people in and out of Bath in need of up date as Chippenham &melksham both have splash pads and are very much up to date as needed in this park and then local people will not have to travel	No
Alice Park is incredibly important to the community.	No
Alice park is a fantastic amenity for the city and we regularly take our children there. The play equipment is	No
It is a well used park which is in much need of improved and safer play equipment. It is used not just by local residents but due to the location, cafe, parking and events, it is frequented by people from all over Bath and deserves much better facilities. I have young children and see that facilities to benefit the youth of our resident children is so often overlooked in preference to accommodating tourist ventures. It would be nice to see our childrens needs prioritised!!!	No
Alice Park playback is used by hundreds of people a week from all over Bath and is desperate for an upgrade!	No

<p>Alice park is such a valuable resource for so many families across bath and beyond. It provides a beautiful and essential outdoor space for children and adults and offers both active and play options as well as community events. The playground is brilliant but could be so much better for children allowing them to stay longer and enjoy this beautiful outside space more.</p>	<p>No</p>
<p>It desperately needs updating and is used by a very large area of bath</p>	<p>No</p>
<p>So many kids play here and the park really needs an update. Its good to get our kids playing outdoors and its a free activity for parents to occupy their kids. The climbing frames need to be redone. One is too easy for a 4 year old and one too difficult so it's hard to even spend enough time here. Please please redo it so our kids can enjoy it!</p>	<p>No</p>
<p>The sandpit is in dire need of some TLC, the structure isnt particularly safe. The swings are in falling apart and there is much unused space that could be dedicated to more equipment/play areas.</p>	<p>No</p>
<p>Not enough city centre safe spaces for children. Victoria park is overrun</p>	<p>No</p>
<p>Its a lovely park but needs a big up grade, location is great has a nice cafe but the equipment is old and not enough for the older kids. A splash park would do great here</p>	<p>No</p>
<p>Alice Park is the heart and soul of the local community. I moved to Larkhall 6 years ago with no friends or family close by, I have made some life time connections just for being in this park. My daughter who plays here everyday loves this park but it really needs some love. I have noticed over the years the play area has deteriorated and fun items have been removed (the stealing wheel and benches although these have not been replaced). I love this area and the park pleas make it better</p>	<p>No</p>
<p>It is a much needed play area in this community. To make it more safe.</p>	<p>No</p>
<p>The park is used by a huge catchment area and I know people even travel from further afield like Bristol just for different facilities that this park has almost exclusively with the tennis courts, the skate park, cafe, green space, garden and play area. Making the play area better would not only please a lot of children but would bring more visitors to the area increasing revenue. (And its our local park, so is very important to our family!)</p>	<p>No</p>

<p>This project provides a much-needed escape for local youths with its recently started youth club, and it would be awful if this support were not to continue due to lack of funding. The Larkhall area does not have any provision for this target age group other than this, and anti-social problems in the area are being alleviated with projects like this continuing to run.</p>	<p>No</p>
<p>Ive lived in Bath for 15 years and Larkhall for 6 years and Alice Park play area has remained the same all that time. Its a beautiful park but the play area is tired and lacks any character. Considering the amount of families living in the area and the primary schools, there should be better facilities for kids.</p>	<p>No</p>
<p>After the Conservative governments cutbacks on youth-based centres over the past 14 years, it is vitally important that places like the Percy Centre has continued funding.</p>	<p>No</p>
<p>Alice park is central to the community in the local Larkhall/Swainswick areas and of course all those that visit from all over Bath and out of area. In an era of technology being a significant part of young peoples lives promoting the</p>	<p>No</p>
<p>Alice park play ground it's such a gem in the heart of Bath, safe to let your child play and enjoy the outdoors, the playground swings and slide are very outdated and could really use an upgrade for many generations to come</p>	<p>No</p>
<p>Playground needs updating - really lively park but playground is not to same standard as other Bath playgrounds. Vital community resource for our younger children - many of whom have suffered immeasurable damage from Covid.</p>	<p>No</p>
<p>Is a lovely park with a lovely history and we would love to still continue to make safe memories</p>	<p>Yes</p>
<p>This park has had little funding for new equipment for over a decade. My two eldest children have seen equipment removed over the years with no replacement and it is well overdue. It would be nice to see such a popular park funded as it deserves with the right people now in place to drive it forward and make it better for everyone. It would mean our youngest would at least get the benefit of improvements. Thank you to the hard work of the people trying to make this a better play area.</p>	<p>No</p>
<p>Its a fantastic place that has served generations of families and is now seriously run down and in need of updatingâ€¦!</p>	<p>No</p>

<p>Alice Park is a wonderful space on the Eastern side of the city and historically the play area has been a wonderful pull, attracting many families, but the equipment has become noticeably tired and a large proportion of it in very noticeably in significant disrepair.</p>	<p>No</p>
<p>The play equipment has barely been upgraded, items taken away and not replaced since I took my children to Alice Park (yes there is a childrens climbing piece of equipment) over 35 years ago! It needs a bit of imagination, maybe a lot, for the children to explore and play. The surface needs making safer. Its become Tonys park, not the childrens park. Time for am upgrade please.</p>	<p>No</p>
<p>Because they are all very important to young people and their communities</p>	<p>No</p>
<p>Alice Park is the main green hub for Larkhall and Swainswick, and even people in Fairfield. And with the new developments on the London Road the park will soon cater to even more people. It hosts several large events throughout the year from charity events to festivals. Several amenities in the park have been renovated in the past few years which has made the play park area look outdated and decrepit by comparison.</p>	<p>No</p>
<p>It is a well-loved play park and is the main park serving Larkhall and Swainswick. As developments grow along the London road, it will serve more and more people. There have been improvements to other areas of the park eg the tennis courts and the play park deserves the same attention</p>	<p>No</p>
<p>Alice Park play Park is in desperate need of updating, the original consultation was done several years ago, equipment has been removed and not replaced. This was relevant to my kids when it was originally suggested, now they're too old. It needs sorting!</p>	<p>No</p>
<p>Its a well used playpark</p>	<p>No</p>
<p>Alice Park is such a wonderful space and a real community hub. We love taking our two daughters there. Unfortunately the current play equipment is outdated, rusty and squeaky. It would be amazing to have modern play equipment so that children can play safely and adults can relax more!!</p>	<p>No</p>
<p>kids. It is such a wonderful place but the park itself is quite run down and could do with some real TLC. There are so</p>	<p>No</p>
<p>families, with a great cafe and a park that host many events. The play area has been looking tired for a few</p>	<p>No</p>
<p>The most cost effective impact on children's physical and mental wellbeing.</p>	<p>No</p>

I would like to see more funding for Alice park as so many people from the local community use it and all age groups. Since Covid in particular the park has become more and more popular and with the advent of the Lidl eventually in London Road the park will Become more of an attraction for people shopping and then deciding to go for a drink and kids playing within the park.	No
There is very little for young children on this side of Bath. The small park in Larkhall was removed a couple of years ago for no apparent reason, increasing the reliance on the play equipment in Alice Park for young families.	No
It is such a fantastic community space and would be hugely improved if the play equipment was updated and the amount of play equipment was increased. Also, having play equipment that is more accessible would be brilliant. It would be good if the equipment was for a wider age range too.	No
This is a hugely popular park but the play equipment is very dated and hasnt been updated for many years.	No
Alice Park is very well used and a gem in the local area for both local people and visitors. At a time when we are being told to encourage children to reduce their screen time and improve their social interactions I think the Alice Park improvement scheme is not a nice to have but an essential part of this. It is more than a park it encourages social cohesion in the community. I pray that this will be supported.	No
Its a lovely playground and lots of people use it and its always busy and its there for people	No
Play equipment needs updating and improved	No
Because the play equipment is ready for an update and its a lovely park but the play equipment needs modernising	No
Alice Park is well used and equipment could be upgraded.	No
We love Alice park but some of the play structures are dated and starting to become dangerous	No
This is a much used Park by the local community but the equipment has come to the end of its useful life and much has been removed. The AP Trust needs support to help it fulfil its basic aim to support children.	Yes
everyone. Children are at the centre and their safety and enjoyment is important. Keeping equipment updated is	No
really important busy park for children, play equipment is outdated and needs replacing	No
has suffered from lack of updating for years. The large climbing spider frame was never replaced. For such a large play area there is barely any play equipment there. It has	No

<p>This facility is mainly used by older children. I dont think there are enough facilities that cater for the teenagers. Many parks for the young children, but few facilities where older children are welcome to socialise and use.</p>	No
<p>Alice park is the centre of a very large community and the park offers a fantastic space in Larkhall. But the play park in comparison to Victoria or Sydney Gardens is vastly sub-par so a new play park would be so well received by the local children and parents. And also modern play equipment is much more safe to use than the current park.</p>	No
<p>Has become a very popular place for children of all ages</p>	No
<p>Excellent local free facility for families with young children. The play equipment is now very old and outdated.</p>	No
<p>Very popular park, with a lovely cafe but the park is very run down and equipment is limiting. Lots of events, and even more planned for the park, should want to show off all aspects and not be embarrassed of some parts, the play park</p>	No
<p>Alice Park is very well used by both locals and the wider community. The existing play equipment is in very poor condition and doesnâ€™t offer a stimulating and attractive play area for the huge numbers of children that use it and detracts from the general amenity of this much loved and used park. It is badly in need of replacement.</p>	No
<p>Alice park playpark is a very well used and popular place with families , it needs a revamp</p>	No
<p>The park has become very popular over the years and holds lots of events now it is definitely in need of an update im local to the park and my son attends the nursery in the grounds</p>	No
<p>Its tired and dated. I have wonderful memories of playing here as a child and now I bring my grandson but there is very little to play in. The cafe is great and surrounding area is beautiful but the park needs work.</p>	No
<p>Alice park is such a hub for families. A beautiful space to spend time in, however the play equipment is very dated and needs updating.</p>	No
<p>I have selected the projects that, having read their submissions, I feel should receive the funding.</p>	No
<p>This is a thriving park which now has a fabulous coffee shop but is let down horribly by the play area, this is such a large space with such dated equipment for the children! This could be the go to place for families if treated correctly</p>	No

As a child I played in Alice Park and now I have my own children I want them to play in Alice Park. However the equipment is lacking and the empty spaces need filling so they can create the same memories I did. The space needs more benches, possibly a roundabout, and more climbing apparatus as its just such a sad an uninspiring space right now.	No
The current equipment has been there since before my children were born in the early 2010s and is tired and in deem of repair or replacement.	No
the park is an amazing spot for the community, the grounds are beautiful, it has such great facilities such as the tennis courts, the pond, the bike play road, the community garden, the cafe and events; but the play park	No
It's much in need for a revamp	No
Such a lovely play area space at Alice Park but the equipment is dated & minimal! Plenty of room for additional stuff for all ages! The park itself & cafe are wonderful, its the play park that lets it down!	No
The park is hanging	Yes
The equipment is really tired	No
Alice Park is loved by so many different ages. At the moment the climbing frame isnt adequate for all ages it would be great to have a few at different levels for the different ages. The central island is a pile of decaying logs which arent offering much opportunity for play anymore. The surrounding area could be beautiful like the rest of the park and more like Sydney gardens. For the amount the park is used there is so much potential for improvement that will benefit the community.	No
Beautiful well loved park with more potential in the play area	No
Desperate need of updating & best park in Bath	No
An excellent local area for young children that deserves a refresh to provide a high quality playing space on the East side of the city. A better Alice park would spread out the demand on Victoria, reducing likely car transit into the centre with associated emissions benefits for the city centre, as Alice can be reached on foot for local residents with very young children	No
Lots of children use this park and I think in need of some new equipment It would be so nice to see children playing on new things	No
They offer so much for parents and children in a safe space	No

They are all very good	No
Alice Park play area is desperately in need of an overhaul, offering limited facilities for the huge group of kids who should benefit from it. In comparison to Henrietta Gardens and Victoria park play areas, the existing facilities are poor and dont make good use of the space.	No
Such a lovely space in dire need of investment	No
Its long overdue and a little tired. It would reduce travel across the city to better playgrounds.	No
The park, its cafe, and its playground are a pillar of the local community. Its children deserve safe and modern facilities to play at.	No
Alice Park is a community space for all ages in Larkhall and Fairfield Park area. It is one of the few safe spaces for children to play in these areas especially after the removal of the small park near Ortago terrace.	No
Very old unusual trees They need to be protected for future generations	No
Although no longer living in Bath I still visit and appreciate this little gem of a park. With or without children it's magic green space and so sad to see it being run down.	No
It's looking a bit tired. It's used by many children in the east of Bath	No
The youth clubs needs funding because they're are supporting the young people who need access to their provisions. Alice Park also need funding as it needs updating, old and dangerous apparatus and flooring, poo in the sand, old and boring for children.	No
community hub.I have been a Larkhaller for many years. It was a fave withmy children, and now it is a fave with my grandchildren. I used to take my dear mum there for	No
Great place for families	No
The park serves the entire Larkhall community and plays a crucial roll in bringing us all together. But sadly the park has never catered well to the older child so there is a gap in the unity of people/friends/familys coming together. You see this working so well in Royal Vic park play area where teenagers swinging here and toddlers bouncing there. Alice Park needs a modernisation whist also looking to cater for a wider range of young people. Observe the button swing at RVpark exit to PureGym	No
Alice Park is a very well used community asset but the play area could certainly do with an upgrade. There are only a couple of crumbling benches where you can sit and watch your children play.	No

So there is enough play equipment for the hundreds of children from larkhall, Fairfield park and batheaston who use this park. When my children were young we used the park four times a week. We still play tennis here 2 decades later. It is a critical community resource	No
To help the community	No
equipment is desperately needed so as to accommodate	No
It has been so long since Alice Park play area has had an update and it is used so much by a range of ages. It would be so appreciated by many if Alice Park does receive the funding, Places like this to play are so important to the children and the parents.	No
this is one of the busiest parks in Bath, attracting a hugely diverse demographic of park users. I have and do personally use this park regularly and the park is dated and needs upgrading. the joy this park brings my family is huge and look forward to many more years of creating special memories there	No
Alice Park is not only the heart of Larkhall, it brings people together from across park - not just in the festival. It has a vibrant cafe and is a safe place for children. However the play equipment is very tired and basic for such a beautiful park. It would be fantastic to have great facilities for the children and even exercise equipment for the adults supervising.	No
Alice Park is a well used and merry community space for both adults and children. The equipment needs updating	No
Alice Park Play Park needs new equipment to replace the rotten logs in the central part of the play area. There is also space to add something else so maybe something designed for the younger preschoolers and something for school age kids. Also I have chosen youth connect as a mother of an 11 year old I would like to see more for teenagers in the loca area to do, and be conneted to the community.	No
Amazing space for families and fantastic location for so many, however it is badlt let down by the mediocre playground facilities. This side of Bath doesn't have a park to compare with Sydney Gardens or Victoria Park.	No
It would be great to have improved play facilities.	No
the park is a great place to go just that the play area is outdated	No
Youth connect- there is a huge need to support this age group a there is always a lack of provision for them. Alice park- this space is used by a wider sector of the Bstg community and is especially important for low income families.	No
Its used by a wide range of the community and particularly children. Offer hosting other events it is a a community hub whoâ€™s benefits will last on the majority of users a lifetime of memories.	No

It's a very popular and well used park and it really needs updating	No
Its a perfect little area just let down on play area for kids.	No
Alice park is a much loved and well used area. It is particularly good for young children and is in desperate need of a re-vamp with new items, like climbing frames and slides.	No
Its a great thing for the older teens to have somewhere to hang out and spend time together!! Its a much needed resource	No
Alice Park is one of the most popular parks in the Bath area and even friends from west of bath make the drive to Alice Park regularly..its a great size for family play and my daughters use the track to ride their bikes around the park before they play in the playground. They also play in the sandpit regularly. The playground is looking a bit worse for wear and I think it would be a great investment to smarten it up.	No
Has always been a great area for children to play and recently it has become run down and dangerous.	No
I believe that the park is very dated and in need of some renovation My little boy is disabled and there isnt anything that he can go on. Hoping to see some funding to help this grow	No
We played at Alice Park as did our children and now our grandchildren. Over the years the facilities have gradually declined to such an extent that it is not now resembling a childrens play area. It would be brilliant to get it back to have a enjoyable experience for the local children.	No
Alice park is a much loved area for young children of Bath and their parents	No
alice park is always full of families and children, but the play area is worn and tired, and nowhere near as exciting a play area as other parts of Bath. Larkhall and surrounding area are full of families and its the perfect spot to allow children to have physical activity in a safe space. There are no other comparable green spaces for children to get their recommended amount of physical activity in the near vicinity.	No
Alice park is a real social hub with something for everyone. It encourages all generations to come together. The play park is well used and desperately needs updating so that future generations can enjoy it	No
Play equipment in Park is fine for children under 8. but nothing else for older kids other than skateboard bit.	No
The parks play area is outdated and almost dangerous for children to play in.	No

Alice park is a lovely hub for the community, serving the east of Bath and the villages to the east, it has a lovely selection of facilities (grass area, path around the circumference, wild area, tennis courts, cafe, new skate park (brilliant) and playpark) and many community events as well as day to day visits. The playpark is looking older and in need of bringing up to the standard of the rest of the park to really supercharge this location	No
Great family friendly park that so many families rely on as a green safe space for children and dogs.	No
The pond in Henrietta Park is an important centrepiece for the garden, making it attractive and providing a fountain which gives motion and sound. Without it the memorial garden would appear neglected and its amenity would be severely reduced.	Yes
Crucial to provide greater opportunities for citizens and young people in particular	No
The parks been the same for 20+ years	No
Alice Park is a focal park for all people living in Larkhall, Fairfield Park, Kensington, London Rd etc. It has a super sense of community and really needs investment to protect this.	No
The play park is very outdated and there isnt enough equipment for children	No
It's a valuable resource for the community. The play area really needs updating	No
because its such a lovely place and nice location and should be able to turn that little bit better!	No
Because the play park is popular with large numbers of the Bath community.	No
I played in Alice Park as far back as I remember, I am 73 now, Im sure there are older people than me who spent many hours there I think it would be wonderful for Alice Park to receive this funding	No
paint. This is an area with lots of young families and this	No
people that run it make a real effort and a lot of people use it whether it be for walking their dogs, playing tennis, play	No
Alice park provides an amazing space for families to spend time outside. The current equipment is becoming very tired but is still extremely well used. New equipment will greatly improve fun and safety for children in the park.	No
Beautiful park Let all ages use it !	No

Alice Park Playpark is extremely well-used by all local families, accessed by children of all ages. However, there are several gaps in the provision in the park, a more challenging 'spider' climbing frame was removed several years ago, and is still missed by many older children, there could be something more up-to-date which provides the climbing challenge that older children want and need.	No
I have supported three projects which offer space and activities for young people. One is largely for younger children, and the other two for teenagers. I especially like the BMX track which provides a chance for real achievement in the events and the competition teams which they run.	No
They involve the safety and wellbeing of young people who MUST be our priority.	No
There is an urgent need for play provision this side of Bath. Alice Park is a great community space but the play equipment is old and scruffy and needs upgrading. There is also a need for seating in the play area; somewhere for parents and grandparents to sit while the children play.	No
	No
A tennis wall in Alice Park would provide a great facility at minimal cost.	No
All worthy causes	No
The playbacks have not been regenerated in this area, 1park has been removed next to my dads home. The two Ash trees with swings have been chopped down. This is the nearest park I can walk to. Other parks are a taxi journey away. This is a beloved park used by the nursery and schools in the area, its the only park with a cafe and community events. Please consider us in this area, we are a forgotten part of Bath with a lovely community.	No
A popular play area in Larkhall. Needs updating with new safe equipment and maybe another table tennis table and a water feature. The sandpit used to be a paddling pool where children could sail their boats	No
Alice Park Playpark is extremely well used by local families. It needs updating, in some parts play equipment has been removed and not replaced with anything else. There is no provision for older children with more challenging climbing and swinging for instance. The project should definitely receive funding, play park improvements would be very welcome and very much appreciated.	No
The park gets a huge amount of visitors; the current equipment is very tired and the provision for 4-7 yr olds is poor.its great to have the skatepark and the tennis for the older folk; let's bring the provision for primary age kids into line!	No

Its a very well used park & is important children have interesting & stimulating places to play.	No
Alice park as such a community feel to it, the cafe a lovely bonus to park. Think its time to revamp the park to bring it	No
Active play is vital for children, for health, mental wellbeing, developing social skills and building community cohesion. These community resources are amazing but haven't always been as well resourced as they could be.	No
Alice Park is such a lovely local park for me to take my grandchildren. The play park is near the cafe, and it would be so brilliant if it got funding to upgrade the play park equipment. It is a very popular park and attracts many children to the play equipment and sand pit, so any upgrading would be of benefit to many children and their families.	No
They are running much needed activities for youths.	No
The parks are important for the community wellbeing. Julian crossing is needed for safety.	No
Its a great community park with loads to offer but the play park is lacking its full potential its such a big area but not actually many things to play on in comparison to the size of the park. Play parts have been removed and not replaced also.	No
Alice Park is on the way up and needs this funding to develop its activities. It is a very well used park by families and individuals and we need to keep developing. The money will help extend activities for young and older children.	No
The garden with the pond is an integral part of Henrietta Park. Whilst the park itself provides space for dog walkers, runners, and parents running after their children learning on their bikes , scooters etc, the garden and the presence of water that brings extra wildlife, provides a wonderful contemplative space. It would be such a shame to lose this valuable amenity. Thank you for your attention.	No
Needs it	No
These are both important venues for different sections of the local community. The play area is a vital resource for children and families, especially since the council closed the Spring Lane children's park nearby. In addition to serving the needs of the non-conformist faith community, the United Reform church provides an alternative meeting venue to the New Oriel Hall, which is often over-subscribed on weekday evenings.	No
It needs renewing and more for the kids	No
The play park is desperately in need of updating. It is essential for the mental and physical health and wellbeing of the children and parents in our local community especially after the closure of the park at the bottom of Fuller Road.	No

Alice park is a vibrant community park, with lots of opportunity for social interaction.	No
Amazing park with a great cafe and tennis courts with good facilities for children too and staff very helpful.	No
All these projects should receive funding but I have voted for these four because I believe they will all help to create safe healthy environments for young people, through play, community engagement and safe road crossings.	No
Great space but playground needs work	No
TO help Alice Park continue to be one of the few places in East Bath for Children to play	No
Alice Park is a well-used and well-loved community resource for the East of Bath. The play park is always busy, but is now in urgent need of updating to make it safer more fun and more accessible.	No
Will be a much used local resource	No
The village agents provide a valuable service to local residents. The Alice Park play equipment is in urgent need of updating.	No
community and beyond. In this side of Bath it is the best space for children and families to enjoy the outdoors safely and connect with others. Sadly due to the play area being	No
Great for kids of all ages and an underused facility in Bath	No
It is a much loved and much used place for the whole community!	No
It is every popular and has not been touched I. Years. No maintenance at all it seems and I even oil the swings in the summer. Its staring to fall apart quite quickly now and needs to be brought up to date as this park brings people in from all areas not just locals. thanks	No
Playgrounds are very important to young families, and they create footfall which helps local businesses. Alice Park Playground is in dire need of refurbishment. Letting it decline hurts the park, and indirectly, the whole area.	No
The park is well kept and well used but the play equipment is old and needs replacing. It was founded as a park where children could play.	No
Youth centres and playgrounds are important resources for young people - we need to give them places to go where they interact, develop and meet positive role models. Voices is an essential organisation for people who have experienced domestic abuse.	No
Its now the only play park in larkhall	No

Providing safety for younger children (Julian Road) and better facilities in safe places (Henrietta and Alice Park) for children to play and help their adults to make connections within walking distance of other amenities.	No
Julian Road crossing - Safer to get my child to school Alice park and Henrietta Park - More options for play for my children	No
I feel the Village Agents are extremely valuable in the community and play a massive part in people's lives enabling them to be able to stay in their own home, being at the end of the phone when you need help is so reassuring, they are always so upbeat, positive & helpful in everyway & vital to have. We are so lucky to have to have them.	Yes
end of Bath. Its vital that children have a safe, well-designed outdoors play space at a time of historically low	No
My Village Agent helped me get Attendance Allowance which I did not know about, I was so happy to receive the extra money as it has been a great help to me. I also have a blue badge thanks to the VA. I would always recommend mine and know if I need anything I only have to call.	Yes
This is a great park that will appreciate the support of funding from locals and children	No
Health and safety for younger children. The play area is well used during the day by very young children, school children in the afternoon and the weekends are extremely busy with families. The play area is in dire need of refreshing and updating.	No
Alice park play park serves a large local community. My family have used it for 15 years from when our first child was born. My 10 year old now skates multiple times a week there because of the new skate ramps. The play equipment needs upgrading to engage more local children. And extension to the skate park would be very welcome too as stunt scooting and skating has seen an enormous growth in recent years and provides local kids, teenagers and adults with a brilliant outlet!	No
Its a widely used play park, situated in a popular family area. The park is starting to get worn, and run down. It needs some attention before it starts to lose its appeal. Its also great for local delis, cafes etc with the number of visitors it attracts.	No

<p>Alice park has a children's play area which had a giant metal spider removed for safety reasons about 5 or so years ago. the equipment has never been replaced. Alice Park is used constantly by families, local nurseries and older children.</p> <p>When the spider was removed it was said that the equipment would be replaced but this has never happened. There is a very sad space with some rotting logs which was great for balance at one point but as I say the wood has rotted away.</p>	No
<p>A local survey has shown wide support for adding more facilities to Weston Recreation Ground. It has had additional nature enhancement.</p> <p>The most popular new sporting facility requested was basketball hoops.</p> <p>The most popular leisure facility requested was benches.</p> <p>The whole project aligns with one of the Councils priorities - of developing local sports and leisure facilities.</p> <p>These facilities will be free to use, with ongoing maintenance costs included as part of this application.</p>	No
<p>Park needs updating for play equipment for toddlers and older children as its the perfect place to go with kids pond fields and cafe just needs some updated play equipment</p>	No
<p>Alice park is the hub of the community for so many families. It provides a free welcoming, inclusive space. It is used regularly by the local community and the local nursery as well as people from further afield who travel here for the park and cafe.Updating this would ensure a longer lived place for the children to play, the current equipment is rather outdated and in need of renewal.</p>	No
<p>Alice Park as it serves so many . The playpark is long overdue an upgrade.</p> <p>It would be great to incorporate some type of wet play such as splash pad , fountain etc</p>	No
<p>Its a beautiful park, with so much potential. Its a huge part of the community. From its amazing nursery, its a great place to take your family, have kids birthday parties, visit the cafe, play tennis, walk the dog, meet a friend. Its used by all ages and is important to so many people.</p>	No
<p>The swings and play area is dated and rusted. We fear for it breaking down, while our children are on the swings</p>	No
<p>Children from neighbourhood play at the AlicePark. The idea of funding play park is very appealing for parents, like me, which helps to spend us healthy time with children at the park.</p>	No

Lots of children use this but at present it is very run down	No
This is a lovely park but lacks the more modern facilities needed by locals.	No
of the time and loved it. In recent times, due to lack of funding, parts of it have fallen into disrepair which is a	No
To continue the development of much needed green space on the outskirts of the city, and support local families including ourselves.	No
Something for the kids to keep them active and healthy and a chance to socialise with other children.	No
To give people opportunities that they may not otherwise get	No
Its a well run and supervised area that children enjoy. There are a number of projects to be completed	No
Because there arent enough parks for safe play in this part of Bath for the local community	No
Getting young people into a good situation is the key to improving many of the issues we have in society. Poor background and education lead to lifelong challenges, challenges which have an impact on many others as well (crime for example). So to improve the situation is essential.	No
The catchment area for Alice park is very large, Snowhill, Walcot, Larkhall, Batheaston, Swainswick,	No
Current play provision is very basic and falling into disrepair	No
Voices- mental health is hugely underfunded and services are in desperate need. Alice park- amazing space loved and well used by the community but play equipment is ageing and looks beyond safe/enjoyable use in places.	No
Great area for kids to play, particularly with the nursery so close by and would support the cafe. Has not been updated in many years.	No
It's a very popular park but is limited with play opportunities	No
The park is very outdated but also attracted a lot of families. There is not much for younger children and the sand should have been refreshed years ago.	No
It is a very popular playground for children in Larkhal and surrounding areas, however the play equipment hasn't been updated in a long time. This would be very welcome by the residents.	No
Lovely family park one of the few on the outskirts of bath. Great for all ages but could really do with a revamp to make it more accessible for all	No
Hugely popular park Some play equipment is becoming unsafe and very dirty	No
Its an amazing space for everyone this side of bath	No

<p>This well used playpark is rapidly deteriorating and has little capital investment over recent decades. Items are breaking and having to be removed for safety leaving less and less for children to use. There are no benches for parents to sit as these got moved into the skatepark. Other nearby parks have had some minimal investments but they lack the wider appeal and nice public realm that Alice Park provides such as the</p>	<p>No</p>
<p>It is such a great community place for any age</p>	<p>No</p>
<p>Henrietta Park memorial garden is an oasis of peace. It is a sensory garden where the sound of water takes one away from the hustle and bustle of the busy city centre. It is an important part of the community. Locals come and sit and enjoy the peace. Local volunteers maintain the upkeep of the garden. It brings the community and visitors together in an appreciation of a wonderful space. The pond and its fountain are a key part of this experience. Without the pond the experience is be diminished</p>	<p>Yes</p>
<p>Play park is or was used by 100s of children across all demographics, but the facilities are now sadly dilapidated and in need of an upgrade. The cafe is fab and, with a destination play park, this would be a great place for outdoor leisure.</p>	<p>No</p>
<p>Such a valuable youth resource that will struggle to find funding although the users put a lot of work into it</p>	<p>No</p>
<p>The park is well used and appreciated by a large number of people from Bath and the surrounding area. Due to the amount of use it is now looking tired and is in need of funding to get back to the level it could and should be for continued future use.</p>	<p>No</p>
<p>So many families use this park. Its a great outdoors community asset.</p>	<p>No</p>
<p>It provides entertainment for many children, and they deserve for it to be well maintained and well kept.</p>	<p>No</p>
<p>Alice park is a wonderful space for all ages but the park desperately needs some updates. The park is currently set up for younger children it would be nice to see play for all ages.</p>	<p>No</p>
<p>Henrietta Park provides a source of inspiration and consistently gives me joy. It has a great community feel and the local residents including myself often find a real sense of peace and calm siting in the wonderful gardens. This outdoor oasis of calm is excellent for my well being.</p>	<p>No</p>
<p>Dear Folk, we support the application for financial backing to repair the leak in this pond which is the centrepiece of a beautiful restful and very special garden greatly valued by many. We hope you can help us.</p>	<p>No</p>
