ITEMS FOR PLANNING PERMISSION

Item No.	Application No.	Address
1	22/01093/REG03	Windsor Bridge, Windsor Bridge Road, Twerton, Bath

An updated arboricultural impact assessment (AIA) has been submitted. The updated AIA is based upon a more developed detailed design and allows for the retention of trees T11 – T14 which were previously shown to be removed.

The total number of tree removals is therefore reduced from 18 to **13**.

Officers consider this to be a positive development which means that the harm arising to existing trees as a result of the proposals will be reduced.
